   THE SENATE,
   NOTES that, whenever you travel out of Nigeria and come back you will be greeted by inefficient services right from the airport which is not good for this country's image. Therefore there is need to create good impression of our country right from the Airports, at least to the same standard with those of similar developing Countries;

   CONCERNED that, all or airports are without required facilities and other necessary equipments for their operations. The toilets are not functioning because there is no water. The baggage claim areas are so tiny and compacted without room for easy movement;

   AWARE also that huge investments are made in these airports yearly but with nothing to show to justify

PRINTED BY NATIONAL ASSEMBLY PRESS, ABUJA

such investments, there is need to look at these issues seriously with a view to coming up with policies that will ensure provision of modern facilities, quality of services and modernization of these four airports.

Accordingly resolves to:

i. ***URGE*** the Federal Ministry of Aviation to engage competent corporate organizations to provide/maintain the facilities in the four International Airports in the country;

ii. ***URGE*** the Federal Government as a matter of national urgency to build modern airports with all modern facilities and conveniences for Lagos and Abuja to be in line with their status.
