ORDERS OF THE DAY

MOTION

1. **Major Landslide Disaster in Oron Local Government Area and its Impact on the People: Hon. Robinson Uwak:**

   The House:

PRINTED BY NATIONAL ASSEMBLY PRESS, ABUJA

Notes that the heavy rainfall of 23 June 2013 caused a major landslide which destroyed and cut off the very important Oron road by Isangedighi road in Oron Local Government Area of Akwa Ibom State;

Further notes that as a result of the landslide over 200 persons have been displaced and rendered homeless, several houses collapsed, business locations damaged, and goods worth millions of naira destroyed. The situation has constituted a grave danger to the health, security and economic conditions of the Local Government;

Concerned that more houses are at the brink of collapse, seeing that the area is erosion prone coupled with the heavy amounts of rainfall during this period. If no immediate steps are taken to remedy the situation, the adjoining areas would be adversely affected;

Aware that Oron road, which is a Federal Road, has been totally neglected by the Federal Government for over 40 years, and has remained in a bad condition for the last 15 years, making it scarcely motorable despite its huge economic importance to the region. At present, several large haulage vehicles are unable to move to their destinations due to the road being totally cut off by the massive ravine-caused landslide;

Worried that despite consistent and persistent cries from the residents in the past 10 years, nothing has been done by the government to repair the road and dangerous ravines that threaten the area;

Further worried that the residents of the area are suffering untold hardship as there is a breakdown in gainful commercial activities and rise in insecurity.

Further aware that economic activities in the region is currently nonexistent due to the fact that the affected road is the central nerve through which five other Local Government Areas are accessed, as well as Cities such as Uyo, Eket, Calabar, Port Harcourt, Northern Nigeria and even Cameroon, Equatorial Guinea, and Gabon.

Resolves to:

(*i*) Urge the National Emergency Management Agency (NEMA) to immediately send emergency rescue and relief materials to the over 200 persons, and assess the level of damage and destruction for the purposes of compensation;

(*ii*) further urge the Honourable Minister of Works to ensure that a temporary measure is taken to repair the cut-off portion of the road to enable vehicular movement and resumption of commercial activities.

(*xiii*) National Council on Privatization (NCP) to recommend to Federal Government to include Nigeria Telecommunications Limited (NITEL) and Mobile Telecommunications Limited (MTEL) in Central Bank of Nigeria (CBN) bailout intervention fund with a total sum equivalent to $1 billion USD to be refunded with interest over a period of five (5) years.

8. **Committees on Petroleum Resources (Upstream) and Navy:**
Hon. Muraina S. Ajibola:
"That this House do consider the Report of the Committees on Petroleum Resources (Upstream) and Navy on the Unprecedented Upsurge of Illegal oil Bunkering activities in Nigeria's Coastal Region and approve the Recommendations therein" (*Laid*: 28/2/2013):

(*i*) That the installation of marine radar systems at various locations between Badagry and Bakassi which would provide uninterrupted surveillance of the entire coastline up to a distance of at least 40 nautical miles from the Shoreline. These radar stations should be connected to a central security office where all security agents like Navy NIMASA, Marine-Police, etc can have access for quick intervention when unauthorized movement of watercraft is detected;

(*ii*) that International Collaborative efforts through our various Embassies should be made to stop the activities of illegal bunkerers and oil thieves in Nigeria since one of the factors driving illegal bunkering is the international demand for stolen crude. Researches should be conducted towards establishing special scientific features of Nigeria's Crude to identify it specifically in the midst of others;

(*iii*) that the Nigerian Security outfits Navy, Air Force, Army, Police, Civil Defence, Immigration, Customs, etc. should be the ones making security arrangements with the various communities directly, rather, than the use of Private Security Outfit which end up using our officers and men. Sufficient funds should be made available by the Federal Government to enable the security outfits perform maximally. Indeed, community policing of the pipelines should be monitored directly by the said Federal Government Security Outfits;

(*iv*) creation of hot telephone lines for citizens to reach security agents and the telephone lines should be well publicized;

(*v*) enforcement of the appropriate laws enacted to stamp out insecurity;

(*vi*) provision of employment: Due to fact that most of the youths are not economically engaged, they find the act of vandalism/illegal bunkering economically viable;

(*vii*) that Inter Agency collaboration: The need to continue to strengthen robust strategy and synergy among security Agencies would go a long way to curbing the menace;

(*viii*) that adequate/Modern Equipment: The act of vandalisation/illegal bunkering is an organized crime that requires sophisticated equipment. Therefore, Security Agencies require adequate modern equipment including (monitoring devices) to nip the crime in the bud;

(*ix*) that the Federal Government should sustain its policy and programme to tackle militancy in the Niger Delta region;

(*x*) that all stakeholders in the maritime sector require collaboration to checkmate piracy and adequately monitor foreign nationals who come to trade on the Nigerian territorial waters;

(*xi*) recommendation of Citizenship training in the school curriculum as a foundation for national stability to inculcate the culture of patriotism and social discipline;

(*xii*) embark on more robust enlightenment campaign in the print and electronic media through the Agency of Government so empowered, to bring to the knowledge of the citizens the inherent dangers of illegal bunkering;

(*xiii*) effective supervision and monitoring of oil companies operating in Nigeria with the view to ensuring compliance with approved standards of practice;

(*xiv*) that based on its record of performance, Petroleum Products Monitoring Company Limited be re-engaged by the House of Representatives to work on the Prevention of Crude Oil theft from NNPC installations in the country's Coastal Region.
