ORDERS OF THE DAY

MOTIONS

1. **Urgent Need to Deploy Video Surveillance and Close Circuit Television (CCTV) Cameras to Check Insecurity in Nigeria:**
Hon. Saviour Friday Udoh:

The House:

Notes that the current security situation in Nigeria is very precarious despite the efforts of the Federal Government to forestall the incidences of insecurity;

Also notes that a contract to install Video Surveillance and Close Circuit Television (CCTV) Cameras to check insecurity in Nigeria had been awarded to ZTE Corporation which is known globally as a leading provider of telecommunications equipment and network solutions and is operating in more than 160 countries of the world;

Further notes that ZTE Corporation, which was founded in 1985, is listed on both the Hong Kong and Shenzhen Stock Exchanges and is currently China's biggest telecom equipment company and presently serves over 500 operators while employing almost 65,000 staff globally with 1184 patents granted in Europe, thus making it the first Chinese company in the top 10 ranking of companies that have patents in Europe;

Recalls that ZTE Nigeria Limited was established in 2002 with offices majorly in Lagos and Abuja and six warehouses in Lagos, Abuja, Port Harcourt, Ibadan, Kaduna and Enugu, and has 600 employees, mostly Nigerians and well over 200 contractors executing projects for Nigeria Police Force (NPF), Nigerian Communications Commissions (NCC), Globacom and MTN, among others;

Further recalls that the Federal Government, sometime in the early part of the administration of the late President Umaru Musa Yar'Adua, awarded a contract for the installation of Close Circuit Television Cameras known as Public Security Communications System (PSCS) at the initial project cost of $470milllion to be funded through a Finance agreement between the Nigerian Government and China Export Bank;

Again recalls that the Federal Government had also awarded a contract for the installation of 2000 digital Solar Powered Cameras - 1000 for Lagos and 1000 for Abuja, 37 Switch rooms, MW backbone, 37 Coalition Emergency Response System, 38 Video Conference Subsystem, 37 E-Police System, 6 Emergency Communication Vehicles and 1.5 million subscriber lines;

Equally notes that video images captured by the Cameras could be stored for more than one month and could also be transferred to the system's database for archiving;

Concerned that the Video Surveillance Subsystem is the most noticeable component of the project with the installation of 1,000 Cameras each in Abuja and Lagos, and it is desirable to also install same in all other major cities in Nigeria;

Desirous of the need for the Government to ensure that the PSCS Project and Security Cameras should always remain active and running with Solar Powered Energy in order for them to capture images on a 24hours basis for analysis by the appropriate Agencies;

Deeply worried that despite the project haven been fully completed and handed over to the Government since 2012, no criminal activity had ever been detected through the security cameras;

Resolves to:

Mandate the Committees on ICT, and Public Safety and National Security to investigate the failure of the Video Surveillance and Close Circuit Television Cameras to detect criminal activities in Nigeria's cities and report back to the House within two (2) weeks.

2. Need to Investigate the Attempt by Houses for Africa Nigeria Limited (the Developer of River Park Estate) to Grab Plots of Land at CRD, Lugbe 1 Layout, FCT, Abuja, Allocated to Ordinary Nigerians:
Hon. Kamil Akinlabi:

The House:

Notes that the CRD, Lugbe 1 layout, FCT, Abuja is one of the several residential layouts established by the Abuja Municipal Area Council which was approved and integrated into the Abuja City Master Plan by the Ministry of the Federal Capital Territory, Abuja and the Federal Capital Development Authority (FCDA);

Aware that the layout which comprises about 1,500 plots (with provisions for social facilities like schools, police post, recreational grounds, etc.) was equitably distributed among indigenes of the various States in the country;

Conscious that those plots were duly allotted by the relevant authorities and the allottees have been in undisturbed possession of the plots since 1996;

Amazed that in spite of repeated claims by some personnel of the Ministry of the Federal Capital Territory and the Federal Capital Development Authority (FCDA) that there were no approvals for the development of residential estates in Lugbe, a new estate known as River Park Estate is currently being developed at Lugbe;

Worried that since construction work started at the site of the estate in year 2012, several allottees of plots in CRD, Lugbe 1 Layout have made claims of attempts by the developer of the estate, (Houses for Africa Nigeria Limited), to unlawfully grab their plots of land;

Disturbed that in spite of complaints made to the Ministry of the Federal Capital Territory, Abuja and the Federal Capital Development Authority on the matter, they have neglected, refused or failed to intervene, thereby leaving the aggrieved allottes of plots in CRD Lugbe 1 layout, at the mercy of the developer of the estate who is trespassing into their lands;

Convinced that if these allegations are not addressed, they could threaten peace and order in the FCT;

Aware that under the Land Use Act, 1978, a land that had been allocated to a person can only be revoked on the grounds of overriding public interest and the revocation shall be carried out in accordance with due process;

Doubts whether the developer of the estate who is a private business person could, by any stretch of the imagination, be said to enjoy any overriding interest over those of other Nigerians;

Conscious of the constitutional responsibility of the House not to condone any act of impunity by any person or authority;

Resolves to:

Mandate the Committees on Federal Capital Territory, Federal Capital Territory Area Councils and Ancillary Matters, and Justice to investigate the alleged attempt by the developer of the River Park Estate, Lugbe, to grab plots of land at CRD, Lugbe 1 Layout belonging to ordinary Nigerians, and report back to the House within one (1) month.
