- (i) ***Impending Nationwide Strike by the Senior Staff Association of Nigerian Universities (SSANU) and Non Academic Staff Union (NASU):***
Hon. Aishatu Jibril Dukku (*Dukku/Nafada Federal Constituency*) introduced the matter and prayed the House to:
 - (a) consider and approve the matter as one of urgent public importance; and
 - (b) suspend Order Eight, Rule 4 (3) to allow debate on the matter forthwith.

Question that the matter be considered as one of urgent public importance — Agreed to.

Question that the House do suspend Order Eight, Rule 4 (3) to enable it debate the matter forthwith — Agreed to.

Impending Nationwide Strike by the Senior Staff Association of Nigerian Universities (SSANU) and Non Academic Staff Union (NASU):

The House:

Notes that the Joint Action Committee of the non teaching staff in the universities has directed its branches to mobilise its members for a nationwide protest starting on Monday, 15 July, 2019 as a warning for a proposed strike action;

Also notes that the action by the Senior Staff Association of Nigerian Universities (SSANU) and the Non Academic Staff Union of Educational and Associated Institutions is as a result of the Federal Government's refusal to recall the sacked staff of the institutions and the alleged discriminatory attitude of government against non teaching staff;

Concerned that SSANU and NASU also decried the exclusion of their members as officers of the National University Pension Company (NUPENCO);

Also concerned with the alleged preferential treatment extended to the Academic Staff Union of Universities (ASUU) by the Federal Government in the recent allocation of money by the Federal Ministry of Education as approved by the Director of Tertiary Education, seeking to allocate 80% of the money to ASUU and only 20% to the non teaching staff unions;

Observes that the way and manner the money is being allocated is contrary to any known accounting formula and international best practice;

Worried that the action of the non teaching staff, if not addressed on time, will result into crippling academic activities as well as shutting down public universities in Nigeria;

Resolves to:

- (i) call on the Federal Government to release the allowance of non teaching staff for the period of 2009 to 2016 in accordance with the MOUs;
- (ii) also call on the Federal Government to audit the allowances to determine the beneficiaries so far and the outstanding sum;
- (iii) also call on the Federal Government to immediately set up a Technical Committee to address the alleged discrimination of the non teaching staff over ASUU; and
- (iv) set up an *Ad-hoc* Committee to interface between the Federal Government and the non teaching staff to ensure compliance of Resolutions (i), (ii) and (iii) above (*Hon. Aishatu Jibril Dukku — Dukku/Nafada Federal Constituency*).

Debate.

Amendment Proposed:

Insert a new Prayer (v) as follows:

“Appeal to both Senior Staff Association of Nigerian Universities (SSANU) and the Non Academic Staff Union to suspend all forms of demonstration and pending strike to enable the House wade-in immediately” (*Hon. Ibrahim Isiaka — Ifo/Ewekoro Federal Constituency*)

Question that the amendment be made — Agreed to.

Question on the Motion as amended — Agreed to.

The House:

Noted that the Joint Action Committee of the non teaching staff in the universities has directed its branches to mobilise its members for a nationwide protest starting on Monday, 15 July, 2019 as a warning for a proposed strike action;

Also noted that the action by the Senior Staff Association of Nigerian Universities (SSANU) and the Non Academic Staff Union of Educational and Associated Institutions is as a result of the Federal Government's refusal to recall the sacked staff of the institutions and the alleged discriminatory attitude of government against non teaching staff;

Observed that the way and manner the money is being allocated is contrary to any known accounting formula and international best practice;

Worried that the action of the non teaching staff, if not addressed on time, will result into crippling academic activities as well as shutting down public universities in Nigeria;

Resolved to:

- (i) call on the Federal Government to:
 - (a) release the allowance of non teaching staff for the period of 2009 to 2016 in accordance with the MOUs;
 - (b) audit the allowances to determine the beneficiaries so far and the outstanding sum;
 - (c) immediately set up a Technical Committee to address the alleged discrimination of the non teaching staff over ASUU;

- (iii) set up an *Ad-hoc* Committee to interface between the Federal Government and the non teaching staff to ensure compliance of Resolution (i) above (**HR. 36/07/2019**).
- (ii) ***The Incessant Attacks and Killings of Nigerians in South Africa and Apparent Lack of Required Response from Both Governments to stop Same:***
 Hon. Asadu Patrick Oziokoja (*Nsukka/Igboeze South Federal Constituency*) introduced the matter and prayed the House to:
 - (a) consider and approve the matter as one of urgent public importance; and
 - (b) suspend Order Eight, Rule 4 (3) to allow debate on the matter forthwith.

Question that the matter be considered as one of urgent public importance — Agreed to.

Question that the House do suspend Order Eight, Rule 4 (3) to enable it debate the matter forthwith — Agreed to.

The Incessant Attacks and Killings of Nigerians in South Africa and Apparent Lack of Required Response from Both Governments to stop Same:

The House:

Notes with deep concern the incessant killings of innocent Nigerians on a daily basis in South Africa;

Also notes with sorrow the death by strangulation of one Dr Elizabeth Obianuju Ndubisi, a Deputy Director-General of Chartered Insurance Institute of Nigeria (CIIN) who was found dead in a hotel room in Johannesburg, South Africa on 13 June, 2019;

Aware that Section 14 (2) (b) of the Constitution of the Federal Republic of Nigeria, 1999 (as amended) provides that security and welfare of the people shall be the primary purpose of Government;

Distressed by the lack of commensurate response from both the Government of South Africa and the Federal Government of Nigeria to stop this ugly situation;

Worried that this xenophobic attacks on Nigerians in South Africa assumed alarming proportion notwithstanding the diligent efforts and intervention of the 8th Assembly which delegation was ably led by the incumbent Speaker;

Further notes that while accusations of crime have been ascribed to some Nigerians living in South Africa, the legal system of South Africa should handle all suspicions of crime instead of encouraging jungle justice;

Concerned by the trend of killings of innocent Nigerians in South Africa and destruction of their properties based on flimsy excuses such as financial transactions between Nigerians and their South African counterparts or amorous relationship and even the outcome of football matches;

Alarmed that if urgent security measures are not put in place to protect Nigerians in that country, the citizens may be forced to resort to self defence with obvious consequences of breakdown of law and order;

Resolves to:

- (i) constitute an *Ad-hoc* Committee on the security and welfare of Nigerians living in hostile countries, including South Africa, Libya, etc.;
- (ii) observe a minute silence in honour of late Dr Elizabeth Obianuju Ndubisi;
- (iii) urge the Federal Government of Nigeria to liaise with the Government of South Africa to set up a bilateral commission of enquiry to unravel the cause of this reported attacks and killings of Nigerians in South Africa;
- (iv) also urge the Ministry of Foreign Affairs to review all bilateral agreements between Nigeria and South Africa;
- (v) further urge the Federal Government to carry out an overhaul of the diplomatic relations with a view to protecting Nigerians outside the country, especially in South Africa; and
- (vi) commend Nigerians in South Africa for their forbearance in the face of the provocations against them by South Africa, inspite of the supports Nigerians gave to that country during the apartheid regime (*Hon. Patrick Asadu — Nsukka/Igboeze South Federal Constituency*).

Debate.

Agreed to.

9. **Need to Address the Worsening Plight of Internally Displaced Persons (IDP) and Returnees in Bama/Ngala/Kala Balge Areas of Borno State**
Motion made and Question proposed:

The House:

Notes the increasing humanitarian crisis affecting the people of Bama/Ngala/Kala Balge Federal Constituency of Borno State;

Also notes that the Boko Haram insurgency precipitated a massive humanitarian tragedy on a scale only comparable to the Nigerian civil war and arguably the worst of any man-made or natural disaster in Nigeria's history;

Further notes that the new returnees are largely from the bordering countries of Chad and Cameroon Republics;

Aware that most of the new returnees and the Internally Displaced Persons have suffered untold hardship getting the basic needs of livelihood like food, shelter and clothing;

Also Aware that most of the residents of Bama/Ngala/Kala Balge Federal Constituency have gone through traumatic experiences which have affected their physical, psychological, emotional, mental, economic and social well-being;

Further aware that humanitarian development partners are reluctant in continuing to offer assistance to the displaced persons and returnees because of the deplorable state of road infrastructure in Maiduguri-Gamboru, Maiduguri-Bama-Banki and Gamboru-Rann and believes that if nothing is done to ameliorate the situation, the humanitarian crisis will further worsen with the onset of the rains which would create a major food shortage for the people;

Acknowledges the efforts made so far by the Borno State Government through support for the security agencies and provision of temporary shelter, foodstuff medications, clothing and other basic needs for the affected people;

Commends the Federal Government for setting up the North East Development Commission (NEDC);

Concerned that if nothing is done, the humanitarian crisis will be further worsened with the coming rains and create a major food shortage for the people;

Also Concerned that there is currently a total of 773,626 Internally Displaced Persons who have been forced out of their homes and living in shanties all over the constituency.

Resolves to:

- (i) urge the Federal Government to immediately commence infrastructural works in Bama/Ngala/Kala Balge Federal Constituency of Borno State to enable partners resume humanitarian services;
- (ii) also urge the North East Development Commission to seek avenues of strategic collaboration with the Development Partners in the North-East so that they will continue to provide humanitarian services to the people affected;
- (iii) further urge the National Emergency Management Agency, NEMA to expeditiously provide relief materials for these new returnees and the Internally Displaced Persons;
- (iv) mandate the Committees on the Internally Displaced Persons (IDP), Refugees and Initiatives on the North East Zone, and North East Development Commission (when constituted) to ensure compliance (*Hon. Zainab Gimba — Bama/Ngala/Kala Balge Federal Constituency*).

Agreed to.

(HR. 38/07/2019).

10. **Need to Revamp the Nigerian Institute for Oil Palm Research (NIFOR) Abak Sub-Station, Oruk Anam in Ukanafun/Oruk Anam Federal Constituency, Akwa Ibom State**

Motion made and Question proposed:

The House:

Notes that the agriculture sector presents Nigeria with the opportunity to diversify her economy and break the over dependence on oil as the major source of revenue and agriculture also has the potential to create jobs for both the youths and other Nigerians, increase wealth and overall revenue base of the nation;

Also notes the economic history of Nigeria which reveals that in the 1960s, (prior to the discovery of crude oil) agriculture sustained the economy as shown by the groundnut pyramids in the North, the cocoa plantations in the West and the oil palm plantations in the East;

Aware that in 1932, Nigeria established the West African Institute for Oil Palm Research (WIFOR) now known as the Nigerian Institute for Oil Palm Research (NIFOR) with the main station in Edo State and substations in Akwa Ibom State, Badagry, Dutse, Delta State and a Raffia Institute in Bayelsa State;

Also aware that Nigeria became a major producer and exporter of palm oil because of the exploits of NIFOR, one of which substations is at Abak from where, in 1960, Malaysian agricultural experts collected and cross pollinated oil palm seedlings which now makes Malaysia the second biggest producer and exporter of palm oil;

Informed that the Oruk Anam substation is now in a deplorable state and can no longer create jobs or wealth for the people, consequently stifling economic growth in that sector;

Also informed that although Nigeria controlled 43% of the global output and generated 82% of its national export revenue from palm oil in the 1960s, the country is now a major importer of the product with a yearly demand of 2.7 million metric tons and the Nigeria Ports Authority Report of 2017 shows that Nigeria imported 450,000 tons of palm oil worth billions of Naira, which contributes in depleting the nation's foreign reserve;

Cognizant of the fact that in some counties like Indonesia, 50 million citizens build their lives around palm oil and its derivatives as shown in a 2018 report by Globe Asia, a business magazine;

Concerned that NIFOR's substation at Abak is now completely dilapidated as it does not have a laboratory even as a Research Institute despite consistent budgetary allocations, and workers there, earn a paltry sum of N4,000.00 monthly;

Resolves to:

- (i) urge the Federal Ministry of Agriculture and the Nigerian Institute for Oil Palm Research (NIFOR) to come up with a blue print to revamp the substation at Abak;
- (ii) also urge the Nigeria Customs Service and other relevant Agencies of Government to strictly enforce the laws on importation of palm oil to boost local production and protect local industries;
- (iii) again urge the Federal Ministry of Power, Works and Housing, and the Federal Roads Maintenance Agency (FERMA) to carry out remedial works on the access road to the Oruk Anam substation;

- (iv) further urge the Federal Government to adhere to the Federal Character Principles by appointing an indigene of Akwa Ibom State on the Board and the Management cadre of the Institute; and
- (v) equally urge the management of NIFOR to immediately implement without delay the Memorandum of Understanding (MOU) it entered into with the host communities to prevent breakdown of law and order;
- (vi) mandate the Committees on Agricultural Colleges and Institutions, Works and Special Duties (when constituted) to ensure compliance (*Hon. Unyime Idem Josiah — Ukanafun/Oruk Anam Federal Constituency*).

Debate.

Amendments Proposed:

- (i) *Leave out* all the words in Prayer (iv) and *insert* as follows:
“further urge the Federal Government to adhere to the Federal Character Principles by appointing an indigene of all the host communities where NIFOR have stations and sub-stations on the Board and the Management cadre of the Institute” (*Hon. Babatunde Hunpe — Badagry Federal Constituency*)

Question that the amendment be made — Agreed to.

- (ii) *Insert* a new Prayer (vii) as follows:
“still urge the Federal Government to revamp all other institutions of Oil Palm Research” (*Hon. Tyough Robert Aondona — Kwande/Ushongo Federal Constituency*)

Question that the amendment be made — Agreed to.

Question on the Motion as amended — Agreed to.

11. Need to Construct a Pedestrian Bridge at the Madalla Market, Suleja, Niger State to Reduce the Rate of Accidents around the Market

Order read; deferred by leave of the House.

12. Commendation of the Federal Government on the Warri-Itakpe Rail Project while Urging for its Expansion to Abuja and an Expansion and Overhaul of the Rail Infrastructure in the Country for Economic Development

Motion made and Question proposed:

The House:

Recalls the various efforts by governments in the past to construct and develop rail transportation in the country since 1898 when the first railroad was constructed, the enactment of the Nigerian Railway Corporation Act in 1955 and the continuous but slow development of the railway in Nigeria;

Also recalls the construction of a 32km line of 1067mm gauge from Iddo (Lagos) to Ota (Ogun) and in 1901, it was extended to Ibadan by a distance of 193km and then from Ibadan to Jebba (295km);

Further recalls that the Kano-Baro line which was 562km was constructed in 1907-1911; the Jebba-Minna (252km) from 1909-1915; Port Harcourt-Enugu (243km) 1914-1916 and Kafanchan-Jos (17km) 1922-1927; Kafanchan-Bauchi (238km) 1958-1961; and Bauchi-Maiduguri (302km) 1961-1964;

Notes the development, industrialization and economic growth the introduction, construction and development of rail lines brought to the citizenry in those days who were able to move their goods from one location of the country to another with ease;

Regrets that the development and rise in trade engineered by the construction of the railway lines were however cut short by war, corruption, lack of funds, policy inconsistency, management inefficiency and none continuity of projects by successive governments such that in spite of the huge sums of money plunged into the sector, thereafter, passenger traffic and patronage started to decline from 11,288,000 passengers in 1964 to 4,342,000 ten years later;

Commends the President Muhammadu Buhari led administration for resuscitation and expansion of the railway project with 12 new Stations and expansion of the Warri-Itakpe rail line from strictly that of Industrial goods only to goods, passenger and other commercial services, a railway project which was conceived in 1983 originally for the purpose of transportation of products from Ajaokuta to Delta Steel Company in Aladja in Delta State and which was abandoned by previous governments for about 35 years after the construction of about 245kms;

Also commends the Administration's commitment towards resuscitating, developing and expanding the Railway infrastructure all over the country, the construction of 156.5km double track Standard Gauge line between Lagos and Ibadan to enhance intra and inter City trade, especially in the transportation of agricultural produce and livestock for an exponential growth of the economy and regional development;

Resolves to:

- (i) call on the Federal Government to extend the rail line from Itakpe to Abuja and beyond to ensure easy transportation of passengers and goods;
- (ii) urge the Government to follow up with its promises to construct the 2163 km Port Harcourt-Maiduguri Single Track Standard Gauge Line and the Coastal Railway Project;
- (iii) mandate the Committee on Land Transport (when constituted) to liaise with the Federal Ministry of Transport and Nigeria Railway Corporation to ensure compliance (*Hon. Francis Ejiroghene Waive — Ughelli North/Ughelli South/Udu Federal Constituency and 1 other*).

Debate.

Amendments Proposed:

- (i) In Prayer (i), line 1, immediately after the words "Itakpe to Abuja", insert the following words "and Aba - Ikot Ekpene - Oron" (*Hon. Onofioke Luke Akpan — Etinan/Nsit Ibom/Nsit Ubuim Federal Constituency*).

Question that the amendment be made — Agreed to.

(ii) *Insert a new Prayer (iv) as follows:*

"Further urge the Federal Government to extend the railway and reactivate the moribund rail-line from Port Harcourt - Owerri - Enugu - Aba - Onitsha in order to ease transportation problems of the people of South-East" (*Hon. Uju Kingsley — Ohaji/Egbema/Oguta/Oru-West Federal Constituency*).

Question that the amendment be made — Agreed to.

Question on the Motion as amended — Agreed to.

The House:

Recalled the various efforts by governments in the past to construct and develop rail transportation in the country since 1898 when the first railroad was constructed, the enactment of the Nigerian Railway Corporation Act in 1955 and the continuous but slow development of the railway in Nigeria;

Also recalled the construction of a 32km line of 1067mm gauge from Iddo (Lagos) to Ota (Ogun) and in 1901, it was extended to Ibadan by a distance of 193km and then from Ibadan to Jebba (295km);

Further recalled that the Kano-Baro line which was 562km was constructed in 1907-1911; the Jebba-Minna (252km) from 1909-1915; Port Harcourt-Enugu (243km) 1914-1916 and Kafanchan-Jos (17km) 1922-1927; Kafanchan-Bauchi (238km) 1958-1961; and Bauchi-Maiduguri (302km) 1961-1964;

Noted the development, industrialization and economic growth the introduction, construction and development of rail lines brought to the citizenry in those days who were able to move their goods from one location of the country to another with ease;

Regretted that the development and rise in trade engineered by the construction of the railway lines were however cut short by war, corruption, lack of funds, policy inconsistency, management inefficiency and none continuity of projects by successive governments such that in spite of the huge sums of money plunged into the sector, thereafter, passenger traffic and patronage started to decline from 11,288,000 passengers in 1964 to 4,342,000 ten years later;

Commended the President Muhammadu Buhari led administration for resuscitation and expansion of the railway project with 12 new Stations and expansion of the Warri-Itakpe rail line from strictly that of Industrial goods only to goods, passenger and other commercial services, a railway project which was conceived in 1983 originally for the purpose of transportation of products from Ajaokuta to Delta Steel Company in Aladja in Delta State and which was abandoned by previous governments for about 35 years after the construction of about 245kms;

Also commended the Administration's commitment towards resuscitating, developing and expanding the Railway infrastructure all over the country, the construction of 156.5km double track Standard Gauge line between Lagos and Ibadan to enhance intra and inter City trade, especially in the transportation of agricultural produce and livestock for an exponential growth of the economy and regional development;

Resolved to:

- (i) call on the Federal Government to extend the rail line from Itakpe to Abuja, Aba - Ikot-Ekpene - Oron and beyond to ensure easy transportation of passengers and goods;
- (ii) urge the Government to follow up with its promises to construct the 2163 km Port Harcourt-Maiduguri Single Track Standard Gauge Line and the Coastal Railway Project;

- (iii) Also urge the Federal Government to extend the railway and reactivate the moribund rail-line from Port Harcourt - Owerri - Enugu - Aba - Onitsha in order to ease transportation problems of the people of South-East; and
- (iv) mandate the Committee on Land Transport (when constituted) to liaise with the Federal Ministry of Transport and Nigeria Railway Corporation to ensure compliance (HR. 40/07/2019).

13. Call for Investigation of the Non-Remittance of Contributions into the Nigerian Social Insurance Trust Fund (NSITF) by the Federal, State, Local Governments, Parastatals, Public Corporations and Companies from 2010 to Date

Motion made and Question proposed:

The House:

Recalls that the Employees Compensation Act, 2010 provides a guaranteed and adequate compensation for all employees or their dependents for any death, injury, disease or disability arising out of or in the course of employment, rehabilitation for employees with work related disabilities, establishment and maintenance of a Solvent Compensation Fund managed for the interest of the employees or employers, among others;

Notes that Section 33 of the Act states that every employer shall within the first two years of the commencement of the Act, make a minimum monthly contribution of 1.0 per cent of the total monthly payroll into the Fund and subsequently, payment will be passed on estimates of the employer's payroll for the year, actual assessment or based on minimum assessment;

Also notes that the private sector players have, to a limited extent, been complying with the provisions of the Act, particularly, in view of Section 16(6) (d) of the Public Procurement Act, 2007 which makes it mandatory for bidders to have fulfilled all obligations to pay taxes, pensions and social security contributions, however, the Federal, States, and Local Governments and Parastatals, Public Corporations and Companies have all failed to make payments of their contributions to the Nigeria Social Insurance trust Fund (NSITF), despite the mandatory provisions of the Act;

Further notes that the definition of an employer under Section 73 of the Act is broad and covers all levels of government, given that it defines an 'employer' to include any Individual, Body Corporate, Federal, State or Local Government, or any of the Government Agencies, which has entered into a contract of employment to employ any other person as an employee or apprentice;

Cognizant that by failing, refusing or neglecting to pay the statutory contributions to the Nigeria Social Insurance Trust Fund (NSITF), Governments at all levels are not only violating the law but are equally exposing the vast majority of the Nigerian workforce to uninsured and uncovered risks and occupational hazards, and by extension, the large pool of workers cannot be compensated for injuries, mental stress, occupational hazards, hearing impairments, total/partial disability or disfigurement, among others;

Aware that only members of the Armed Forces, excluding civilian employees of the Armed Forces, are exempted from mandatory employer's contributions under the Act;

Observes that if this anomaly is not addressed, civil and public servants will continue to be short-changed and remain at the receiving end of a system that exposes them to occupational hazards, without any form of insurance or compensation.

Resolves to:

Set up an *Ad-hoc* Committee to investigate the non-remittance of contributions to the Nigerian Social Insurance Trust Fund by the Federal, State, Local Governments, Parastatals, Public Corporations and Companies and report back within six (6) weeks (*Hon. Zakaria Dauda Nyampa — Madagali/Michika Federal Constituency and 8 others*).

14. Need to Eradicate Child Destitution and Remove Beggars from Nigerian Streets through Provision of Standardized Education System and Improved Livelihood

Motion made and Question proposed:

The House:

Notes that the menace of Child destitution in most parts of Nigeria has become a matter of grave concern for the continued wellbeing of the country and is also a source of increasing national embarrassment;

Also notes that the large number of children captured in the destitution net most of whom roam the streets begging for alms or hawking at traffic spots come at a huge cost to the nation in terms of loss of critical human capital and erosion of family values;

Aware that the various religious and cultural value systems frown at begging and abandoning children without proper care, yet parents release their children to pass through such horrific conditions out of poverty and sheer abdication of responsibility;

Also aware that Article 19 of the United Nations Convention on the rights of Children requires every member state to take all appropriate legislative, social and educational measures to protect the child from all forms of physical or mental violence, abuse or neglect;

Concerned about the probable consequences of child destitution and street begging, which ranges from kidnapping, sexual abuse to overall public insecurity;

Further concerned that the negligence by and indifference at all levels of government about the presence and plight of the child destitute are condemnable;

Cognizant that an immediate ban on child destitution and begging will only worsen the situation, and make the children more desperate, vulnerable and threatening to the society, while their continued existence poses grave danger to Nigeria's collective wellbeing and security of the present and succeeding generations;

Resolves to:

- (i) declare child destitution and begging a national emergency and call on Governments at all levels to ensure that children are provided with opportunities to access basic education as guaranteed by the United Nations Convention;
- (ii) urge the Federal Ministry of Education to integrate the Almajiri Education System into the Universal Basic Education Programme;
- (iii) also urge the affected States to comply with extant laws on basic education, especially the UBEC Act by ensuring that all children between the ages of 6-16 are given free and compulsory education;
- (iv) further urge the Federal Government to create a department under the UBEC to handle the Almajiri matters with adequate funding to construct a minimum of one Almajiri school in each of the electoral wards of the affected states by the year 2021 and also ensure that the Almajiri School curriculum is planned to include technical and vocational courses with long-term objectives of self-reliance and sustenance;
- (v) equally urge the Federal Government to conduct an extensive enumeration and mapping exercise to, among other things, determine the location of the Almajiri schools, sizes and staff strength to ensure comprehensiveness of the policy;

- (vi) again urge the Federal Government to immediately embark on comprehensive enumeration of handicapped and people with disabilities in the country to integrate them into the cash transfer component of the Social Investment Programme to improve their livelihood and commit them to stop begging;
- (vii) call on the Office of the Vice-President to, in collaboration with States' relevant institutions, conduct a census of Almajiri schools and headcount of the destitute children with the view to enrolling them in the on-going National Home-grown School Feeding Programme (NHGSFP);
- (viii) also call on the Federal Government to forward an Executive Bill to the National Assembly to enact a law for the criminalization of child destitution and street begging, one year after the implementation of these resolutions;
- (ix) further call on the relevant ministries, departments and agencies of Government to collaborate with the organised private sector, international donor partners and philanthropic high-net worth individuals to support the new education structure of the Almajiris;
- (x) mandate the Committee on Legislative Compliance (when constituted) to ensure compliance (*Hon. Mansur Manu Soro — Darazo/Ganjuwa Federal Constituency and 3 others*).

15. **Need for Mop-up of Grains through Mass Purchase to Sustain Agricultural Production during the Rainy Season**

Motion made and Question proposed:

The House:

Notes that Nigerian farmers have responded to the Federal Government's call to embark on massive agricultural production which resulted in impressive output in the last few years;

Also notes that prices of agricultural products, especially grains, have fallen down to a point that a large number of farmers may not have the financial capacity to return to the farms to maintain the same degree of output during this farming season;

Concerned that the current crash in the prices of agricultural produce may engender hunger and poverty which could constitute a threat to the Government's desire to ensure national food security;

Aware that a well-coordinated mop up of grains by the Federal Government will enable farmers invest in the current season to be able to produce more and the grains moped -up can be utilized to address emergency situations, re-cycled for sale to the general public at subsidized prices and also boost Nigeria's export earnings.

Resolves to:

- (i) urge the Federal Government to mop up grains from farmers at attractive prices to boost their morale and guarantee the sustenance of agricultural output recorded in recent years;
- (ii) also urge the Federal Government to direct the Central Bank of Nigeria, the Bank of Industry, the Bank of Agriculture and Commercial Banks to execute the mop up grains project;
- (iii) further urge the Federal Government to revive the National Grains Reserve where the Grains that would be moped-up will be kept for re-sale to the general public at subsidized prices; and
- (iv) mandate the Committee on Agricultural Production and Services (when constituted) to ensure compliance (*Hon. Ahmad Satomi — Jere Federal Constituency and 21 others*).

Debate.

16. Need for Community Engagement and Participation in the Final Push to End Insurgency in the North East Zone

Motion made and Question proposed:

The House:

Notes the tremendous successes achieved by the men and women of the Nigerian Armed Forces in the fight against insurgency in the North East;

Also notes the significant part played by men and women of the Civilian Joint Task Forces (C-JTF) in assisting the Armed Forces in their operations;

Aware that the Civilian Joint Task Forces (C-JTF) are local young men and women trained and kitted by the State Government to provide, mainly intelligence and other sundry services to the security forces;

Also aware that most of the insurgents come from communities in the North East, which goes without saying that local community engagement and participation in the final push to bring the insurgency to an end cannot be over emphasized;

Informed that most if not all the communities in the North East have local vigilante groups and hunters that know all the nooks and crannies of their various communities;

Believes that if those local vigilante groups and hunters are given formal training by the Armed Forces on an *ad-hoc* basis, as was given to the Civilian Joint Task Forces, they will be of great assistance to the Armed Forces in flushing out the remnants of the insurgents in their various localities;

Appreciates that the Theatre Command, the 7th Brigade, Nigerian Army, Maiduguri has initiated a laudable plan to train about 1000 vigilantes and hunters, however the venture needs to be scaled up to cover the entire zone and with appropriate logistics and resources to go with it;

Concerned that despite all the commendable efforts of the Armed Forces, some pockets of insurgency activities still continue in the North East with guerrilla-type warfare leading to looting, kidnappings and killings in the affected areas;

Cognizant that since insurgency is mostly local in nature, the role of community engagement and participation through the use of local vigilante and hunters can best be exploited;

Resolves to:

- (i) urge the Federal Government to provide logistics, materials, and financial resources to the Armed Forces to enable it engage and train local vigilantes and hunters who will then assist in the final push to end the insurgency;
- (ii) mandate the Committee on Internally Displaced Persons (IDPs), Refugees and Initiatives on North East Zone (when constituted) to ensure that funds are included in the 2020 budget for the attainment of the above objective (*Hon. Haruna Mshelia — Askira-Uba/Hawal Federal Constituency*).

17. Call on the Federal Government to Redress the Mass Exodus of Medical and Healthcare Professionals

Motion made and Question proposed:

The House:

Notes the adage that "health is wealth", given that without a healthy and productive workforce, the economy of any nation would suffer jeopardy and progress would become stunted;

Also notes the abysmal health indices of the country which is rated as one of the worst in the world as Nigeria is counted among the countries with the highest maternal, new-born and under-5 mortality rates;

Further notes that the country is currently facing triple challenges of communicable diseases such as cholera, meningitis and tuberculosis and non-communicable diseases such as hypertension, heart diseases, and diabetes and re-emerging infections like monkey pox and lassa fever;

Aware that the human resources for health (medical/health workers) to population ratio for the country is far below the ratio recommended by the World Health Organisation (WHO) given that the doctor to patient ratio for Nigeria stands at 1:6000, as against the WHO's recommended 1:600;

Also aware that the gross deficiency of human resources in the health care sector causes great delay in attending to the sick, especially in emergency situations often leading to preventable deaths and also burn-out syndrome which further reduces the efficiency and effectiveness of the healthcare provider;

Cognizant that Nigeria had one of the best healthcare delivery services in the 1970s and early 1980s among the Commonwealth countries as many foreign nationals came to be attended at the University

College Hospital, Ibadan, however the situation started deteriorating in the late 1980s, thus leading to the exodus of practitioners to other countries with the attendant consequence of many of the medical colleges in the nation's universities losing accreditation to train medical and healthcare practitioners;

Further aware that the major reasons for the emigration of healthcare professionals which trend has been on the rise recently include embargo on employment, longer period in securing waivers for replacement of dead, retired or disengaged staff, poor job satisfaction, lack of capacity building, professional enhancement and fulfilment, among others and the effects of this negative trend include loss of specialists; especially the ones with rare skills in various fields of medicine and allied professions;

Still aware that the loss of lecturers by medical colleges lead to reduction in the standard of medical education and training at both undergraduate and postgraduate/specialist levels, resulting into loss of accreditation by the medical colleges of universities and further reduces the number of new entrants into the medical and healthcare practice;

Informed that the worsening trend of medical tourism to other parts of the world with better resourced health sector is both a cause and effect as they have serious economic consequences, especially that of capital flight, noting that Nigeria lost more than \$1billion to medical tourism in 2017 and the cumulative effect of all the above is that Nigeria would never achieve Universal Health Coverage, thus leaving her behind in the path of wholesome development among the comity of nations.

Resolves to:

- (i) urge the Federal Government to lift the embargo on employment of medical/health professionals as a matter of utmost priority;
- (ii) also urge relevant agencies of government such as Budget Office of the Federation, Office of the Accountant General of the Federation, the national Salaries, Income and Wages Commission, to fill vacancies currently existing in the hospitals and medical and health training institutions resulting from disengagement of staff;
- (iii) further urge the Governments of the States of the Federation and federal capital Territory Authority (FCTA) to consider, with dispatch, the employment of medical and health professionals into the States and Local Government Health Services to fill existing vacancies and further bridge the gap in human resources for the health sector.
- (iv) mandate the Committee on Healthcare Services (when constituted) to ensure compliance (Hon. Yusuf Tanko Sununu — Ngaski/Shanga/Yauri Federal Constituency).
