**10. Need to Assess the African Continental Free Trade Agreement Signed by President Muhammadu Buhari**

*Motion made and Question proposed:*

The House:

*Notes* that President Muhammadu Buhari, at the Extra-Ordinary Session of the Assembly of African Union Heads of States and Governments in Niamey, Niger Republic on Sunday, 7 July, 2019 signed a Pact to establish the African Continental Free Trade Agreement (AFCFTA) on behalf of the government and people of Nigeria;

*Also notes* that the President, while signing the Agreement, stated that the Nigerian Government will seek to include terms that will engender the development of policies that will promote African production, among other policies, while reiterating that what Africa needs goes beyond trade policy but includes a manufacturing agenda as well as attracting investments and combating smuggling;

*Believes* that President Buhari deserves commendation for signing the Trade Agreement with significant caution on the need to prevent excessive prosperity for importing nations along the coasts while landlocked nations will continue to suffer;

*Further notes* that Nigeria, as the largest economy in Africa should, in line with the Agreement, define various ways to optimize benefits accruable from the Pact by ensuring that its exports to other African Markets surpass its imports in order for it to have positive effects on the Gross Domestic Product (GDP), Balance of Trade Payments and Employment generation objectives;

*Also believes* that if that is not done, the nation could be turned into a dumping ground for products from other African Countries, a development that will be adverse to the nation's macroeconomic objectives.

*Resolves to:*

- (i) Commend President Muhammadu Buhari for taking the step of placing Nigeria in the right place among her colleagues in the Continent of Africa through the signing of the African Continental Free Trade Agreement (ACFTA);
- (ii) urge the Federal Government to set machineries in motion to ensure that Nigeria optimizes the expected benefits from the Agreement;
- (iii) mandate the Committees on Special Duties, and Commerce (when constituted) to ensure implementation (*Hon. Odebunmi Olusegun Dokun — Ogo-Oluwa/Surulere Federal Constituency*).

*Debate.*

**11. Need for Mop-up of Grains through Mass Purchase to Sustain Agricultural Production during the Rainy Season**

*Order read; deferred by leave of the House.*

**12. Need to Revamp the Nigerian Institute for Oil Palm Research (NIFOR) Abak Sub Station, OrukAnam in Ukanafun/OrukAnam Federal Constituency, Akwa Ibom State**

*Order read; deferred by leave of the House.*

**13. Need to Restore the Delta (Warri), Port Harcourt, Onne, Calabar and Onitsha Inland Ports in Order to Decongest the Apapa and Tin Can Island Ports in Lagos State**

*Motion made and Question proposed:*

The House:

*Notes* that there are six (6) major Sea Ports in Nigeria namely, the Lagos Port Complex (Apapa) and Tin Can Island Port Complex, both in Lagos State, the Calabar Port Complex in Cross River State, the Delta Port in Warri, Delta State, the Rivers Ports Complexes (Port Harcourt and Onne), both in Rivers State and the Onitsha Inland Port in Anambra State, most of which have capacity to accommodate Ocean liners, but at the moment, only the Lagos Ports Complexes are operating at near full capacity for exportation and importation of goods, while the other Ports are almost lying fallow;

*Aware* that the Federal Government is committed to the diversification of the nation's economy and development of infrastructure in order to expand the revenue base of the nation;

*Cognizant* that it is not economically and socially expedient, and even in terms of the security of the nation, prudent or advisable to concentrate all Ports' activities of a nation as big and diverse as Nigeria, in only one area as any unforeseen event would practically shutdown importation and exportation of goods;

*Also notes* that the continued concentration of all Ports activities at the Apapa and Tin Can Island Port Complexes has resulted in congestion of the two Ports such that it now takes a truck with an Authority To load (ATL) between seven to nine days to go in and out of the Ports with the loads, a process that used to take a maximum of three hours; and the situation is worsened by the dilapidation of the 20km Apapa Wharf road due to the numerous container-laden articulated vehicles that ply the road daily to evacuate containers of goods;

*Concerned* that the congestion at the Ports and the ensuing gridlock on the access roads cause untold hardships to importers and exporters, and indeed to Nigerians living and working in the adjoining areas, a development that is leading to loss of huge revenues by Nigeria to neighbouring countries like Benin Republic and Cameroon as a result of importers and exporters using the Ports of those countries to avoid the constraints of using the Lagos Ports;

*Also concerned* about the demurrages being incurred by importers while waiting for rather long periods of time to have their goods cleared, the increase in transportation charges and the attendant rise in the prices of the goods when they are eventually cleared, all of which increase the economic pains and add to the pressure on the common man;

*Informed* that many African countries that are by far smaller than Nigeria and have less coastal lines and population, utilize more Port facilities for importation and exportation of goods;

*Convinced* that reviving the existing Ports at Warri, Port Harcourt, Onne, Calabar and Onitsha Inland Port which are mainly along the coastal lines of the country and had fallen into disuse requires only political will and strong policy initiatives, and doing this will significantly increase government revenue profile, enhance export/import businesses and reduce the undue pressure on the Apapa and Tin Can Island Ports Complexes;

*Resolves to:*

Set up an *Ad-hoc* Committee to determine why the Warri, Port Harcourt, Onne, Calabar and Onitsha Inland Ports Complexes are not being put to maximal use and make recommendations on measures that would ensure their revival as a way of reducing the congestion at the Lagos Ports, and report back within six (6) weeks (*Hon. Ifeanyi Chukwu Ibez* — *Idemili North/Idemili South Federal Constituency*).

*Agreed to.*

(**HR. 30/07/2019**).

*Motion referred to the Ad-hoc Committee, pursuant to Order Eight, Rule 9 (5).*

**14. Call on the Federal Government to intervene in the Ecological Disaster afflicting the people and land in Ilaje/Ese-Odo Local Government Area, Ondo State**

*Motion made and Question proposed:*

The House:

*Notes* the recent devastating ocean surge which destroyed properties worth millions of naira and rendered hundreds of residents homeless in Awoye, Molutehin, Mese, Ayetoro, Abereke, Gbagira, Abereke and Oriokewamimo Communities, all in Ilaje/Ese-Odo Federal Constituency in Ondo State;

*Also notes* that the constant and unmitigated surge has led to the displacement of inhabitants of those communities thereby affecting their traditional livelihood which ultimately has caused them untold hardship with adverse implications on the education of their children and by extension the aged population whose lives are in peril;

*Disturbed* that many times the waves of the ocean surge come with devastating silting of the waterways with mud thereby changing the navigation of pattern of the people on the waterways by constantly studying the tides to be able to move from place to place;

*Also disturbed* that the constant siltation of this geographical belt due to sea ingress and exgression has cumulatively made many of the fresh water route impassable for the people, thereby making life and economic activities acutely difficult for the riverine communities;

*Aware* that the affected geographical area is host to many oil companies whose oil exploration has attendant, unimaginable environmental, social and infrastructural consequences ranging from water and air pollution and contamination of water tables, leading to lack of potable water and electricity;

*Appreciates* the intervention of the Ministry of Niger Delta Affairs, the Niger Delta Development Commission (NDDC) and the Ondo State Government, which, in the overall, is meager, compared to the volume of immediate and remote unattended challenges still confronting the people occupying the coastline of Ondo State, which is the largest in Nigeria;

*Concerned* that if urgent and adequate steps are not taken to reverse this disturbing environmental problems by providing basic infrastructure such as shoreline protection to the already threatened communities and dredging of canals and fresh waterways in the area, the incessant ocean surge may apart from its existential proclivities, further lead to more loss of lives and properties of devastating social consequences;

*Conscious* of the fact that if the determined efforts of the Federal Government are devoted to tackling those challenges a permanent solution can be achieved.

*Resolves to:*

- (i) call on the Federal Government as a matter of urgency to intervene through its Ecological Fund Office (EFO) and other associated agencies, to evaluate, develop and fund a remediation plan and to curtail the environmental dangers already posed or where possible, resettle the people in a new location;
- (ii) urge the Federal Ministries of Niger Delta Affairs, Environment and the Niger Delta Development Commission (NDDC), to restructure that Projects Priority Plans for Ondo State in their subsequent budget proposals to accommodate and tackle the challenges facing the Communities;
- (iii) mandate the Committees on Environment and Habitat, NDDC, and Niger Delta Affairs (when constituted) to take a tour of the affected areas to ascertain the level of damages done, liaise with relevant MDAs with a view to proffering informed and lasting solutions to the situation;
- (iv) also urge National Emergency Management Agency (NEMA) to provide relief materials to the affected victims and communities (*Hon. Kolade Victor Akinjo — Ilaje/Ese-Odo Federal Constituency*).

*Agreed to.*

(HR. 31/07/2019).

*Motion referred to the Committees on Environment and Habitat, Niger Delta Development Commission (NDDC), and Niger Delta Affairs (when constituted), pursuant to Order Eight, Rule 9 (5).*

15. **Need to Investigate the Recruitment Exercise into the Federal Fire Service Being Conducted by the Federal Ministry of Interior and the Civil Defence, Fire Service, Immigration and Prisons Services Board**

*Motion withdrawn by leave of the House.*

16. **Killing of Nigerians in Libya and the Bombing of Tajoura Detention Centre**

*Motion made and Question proposed:*

The House:

*Notes* that many Nigerians have been killed in various detention centres across Libya, especially during the bombing of Tajoura detention centre;

*Also notes* that the United Nations (UN) report indicated that Libya guards shot at migrants trying to flee the Tajoura detention Centre after it had been hit by the bomb;

*Concerned* that the battle for control of Tripoli between the Libyan warlord, Gen. Khalifa and the United Nations backed Government of National Accord will further endanger the lives of Nigerian migrants in Libya;

*Resolves to:*

- (i) urge the Nigerian Mission in Tripoli, Libya to assist by issuing emergency travel documents to stranded Nigerians to enable them return home;
- (ii) set up an *Ad-hoc* Committee to visit Libya for an on the spot investigation of the state of Nigerians in various detention centers across Libya and what the Nigeria Mission is doing to assist them, and report back within four weeks for further legislative action (*Hon. Chukwuma Umeoji — Aguata Federal Constituency*).

*Debate.*

**Amendments Proposed:**

- (i) In Prayer (ii), line 1, *leave out* the words “Set up an *Ad-hoc* Committee” and *insert* the words “mandate the Committee on Foreign Affairs (when constituted)” (*Hon. Isiaka Ibrahim — Ifo/Ewekoro Federal Constituency*).

*Question that the amendment be made — Agreed to.*

- (ii) Insert a new Prayer (iii) as follows:  
“Urge the Ministry of Foreign Affairs and Nigerian Diaspora Commission to strategically intervene to ensure that lives of Nigerians are protected” (*Hon. Kolade Victor Akinjo — Ilaje/Ese Odo Federal Constituency*).

*Question that the amendment be made — Agreed to.*

*Question on the Motion as amended — Agreed to.*

The House:

*Notes* that many Nigerians have been killed in various detention centres across Libya, especially during the bombing of Tajoura detention centre;

*Also notes* that the United Nations (UN) report indicated that Libya guards shot at migrants trying to flee the Tajoura detention Centre after it had been hit by the bomb;

*Concerned* that the battle for control of Tripoli between the Libyan warlord, Gen. Khalifa and the United Nations backed Government of National Accord will further endanger the lives of Nigerian migrants in Libya;

**17. Need to Address the Dearth of Manpower in the Nigeria Police Force**

*Motion made and Question proposed:*

The House:

*Notes* that effective policing is the nation's most pressing challenge, hence the need to boost the capacity of Nigeria Police Force to enable it perform its core constitutional function of maintaining law and order and safeguarding the lives and property of ordinary citizens, thereby addressing the spate of insecurity in the country;

*Aware* that Nigeria has approximately 370,000 Police personnel to police an estimated 200 million people, which is glaringly inadequate and self-defeating, hence the need for recruitment of more personnel for the Force;

*Conscious* that the Nigeria Police Force is clearly overwhelmed by the numerous security challenges plaguing the country given that most activities of bandits, kidnappers, armed robbers and herdsmen are carried out in enclaves, jungles and forests located all over Nigeria, which were hitherto guarded by Forest Guards;

*Cognizant* that the Inspector-General of Police, Mr Mohammed Adamu, is making efforts to improve the performance of Police personnel and has recently ordered police formations across the country to revert to the eight- hours, three-shift work schedule from the present 12- hours, two-shift regime which will improve the performance of police personnel by reducing work-related stress and emotional conditions that negatively impact on their performance;

*Also conscious* that the Police Service Commission (PSC) is proposing having part-time constables, and has outlined the requisite qualifications of prospective constables and some operational details, and they will be drawn from the pool of already employed Nigerians in various professions who are physically fit and within the ages of 21 and 50 years and who, unlike their regular counterparts, will not be armed even when in uniform as their duties will be restricted to administrative matters, crowd control, alternative dispute resolutions, emergency management and other less risky or sensitive services;

*Also aware* that there are so many Nigerians with excellent professional qualifications roaming the streets daily seeking for employment who are suitable for recruitment and should therefore be the target of the Nigeria Police Force with regard to the proposed part time constables;

*Concerned* that the proposal to enlist between 15,000 to 25,000 part-time constables annually over a period of five years will not address the shortfall in the conventional Force, since it is glaring;

*Further aware* that the Police personnel are not well kitted as their counterparts in other countries as officers on duty ought to have a duty belt consisting of a handgun, a taser, an expandable baton, pepper spray, a set of handcuffs, ammunition magazines, gloves, torch and a two-way radio;

*Resolves to:*

- (i) call on the President of the Federal Republic of Nigeria to direct the Police Service Commission (PSC) to put on hold the proposal for recruitment of part-time constables as the measure will not address the shortfall in police personnel in the country or ensure the needed security;

- (ii) also call on the Federal Government to commence the recruitment of Nigerians with requisite professional qualifications into the Nigeria Police Force to address the shortfall in the Force;
- (iii) urge the Federal Government to ensure that the Forest Guards responsible for law enforcement in National Parks and forests have their operations streamlined to include enforcing poaching duties, safeguarding and protecting animals' species and patrolling the forests to keep off bandits and criminal elements and they should be incorporated into the security architecture of the country, being a para-military agency;
- (iv) also urge the National Security Adviser to put in place effective collaboration between the security agencies with a view to harmonizing their intelligence gathering and operations;
- (iv) mandate the Committees on Police Affairs, and National Security and Intelligence (when constituted) to ensure compliance and report back for further legislative action (*Hon. Saubana Ajibola Muraina — Ibarapa Central/Ibarapa North Federal Constituency*).

• *Debate.*

*Agreed to.*

The House:

*Noted* that effective policing is the nation's most pressing challenge, hence the need to boost the capacity of Nigeria Police Force to enable it perform its core constitutional function of maintaining law and order and safeguarding the lives and property of ordinary citizens, thereby addressing the state of insecurity in the country;

*Aware* that Nigeria has approximately 370,000 Police personnel to police an estimated 200 million people, which is glaringly inadequate and self-defeating, hence the need for recruitment of more personnel for the Force;

*Conscious* that the Nigeria Police Force is clearly overwhelmed by the numerous security challenges plaguing the country given that most activities of bandits, kidnappers, armed robbers and herdsmen are carried out in enclaves, jungles and forests located all over Nigeria, which were hitherto guarded by Forest Guards;

*Cognizant* that the Inspector-General of Police, Mr. Mohammed Adamu, is making efforts to improve the performance of Police personnel and has recently ordered police formations across the country to revert to the eight-hours, three-shift work schedule from the present 12-hours, two-shift regime which will improve the performance of police personnel by reducing work-related stress and emotional conditions that negatively impact on their performance;

*Also conscious* that the Police Service Commission (PSC) is proposing having part-time constables, and has outlined the requisite qualifications of prospective constables and some operational details, and they will be drawn from the pool of already employed Nigerians in various professions who are physically fit and within the ages of 21 and 50 years and who, unlike their regular counterparts, will not be armed even when in uniform as their duties will be restricted to administrative matters, crowd control, alternative dispute resolutions, emergency management and other less risky or sensitive services;

*Also aware* that there are so many Nigerians with excellent professional qualifications roaming the streets daily seeking for employment who are suitable for recruitment and should therefore be the target of the Nigeria Police Force with regard to the proposed part time constables;

*Concerned* that the proposal to enlist between 15,000 to 25,000 part-time constables annually over a period of five years will not address the shortfall in the conventional Force, since it is glaring;

*Further aware* that the Police personnel are not well kitted as their counterparts in other countries as officers on duty ought to have a duty belt consisting of a handgun, a taser, an expandable baton, pepper spray, a set of handcuffs, ammunition magazines, gloves, touch and a two-way radio;

*Resolved to:*

- (i) call on the President of the Federal Republic of Nigeria to direct the Police Service Commission (PSC) to put on hold the proposal for recruitment of part-time constables as the measure will not address the shortfall in police personnel in the country or ensure the needed security;
- (ii) also call on the Federal Government to commence the recruitment of Nigerians with requisite professional qualifications into the Nigeria Police Force to address the shortfall in the Force;
- (iii) urge the Federal Government to ensure that the Forest Guards responsible for law enforcement in National Parks and forests have their operations streamlined to include enforcing poaching duties, safeguarding and protecting animals' species and patrolling the forests to keep off bandits and criminal elements and they should be incorporated into the security architecture of the country, being a para-military agency;
- (iv) also urge the National Security Adviser to put in place effective collaboration between the security agencies with a view to harmonizing their intelligence gathering and operations;
- (iv) mandate the Committees on Police Affairs, and National Security and Intelligence (when constituted) to ensure compliance and report back (HR. 33/07/2019).

#### 18. **Need to Tackle the Scourge of Rape and Other Sexual Offences against Children in Nigeria**

*Motion made and Question proposed:*

The House:

*Notes* that gender-based violence, such as rape and other forms of sexual abuses, has assumed serious dimensions globally and in Nigeria, the prevalence of rape cases is estimated at 80%, with the children and even babies not being spared the scourge, while the prevalence of incidents of rape among adolescent females is between 11 and 55%;

*Also notes* that the United Nations Children Education Fund (UNICEF) has observed that one in four Nigerian girls must have experienced sexual violence before the age of eighteen;

*Recalls* that the Violence Against Persons Prohibition Act, 2015 is considered a milestone as it strives to protect women and girls from all forms of violence, including sexual violence such as rape, sexual assault, physical, psychological and domestic violence and even to harmful traditional practices;

*Aware* that one Idris Ebiloma was alleged to have raped a 4-year old child and is currently under trial for the said offence;

*Further notes* that Section 38 (1) of the Act entitles victims to comprehensive legal, medical, psychological and social assistance to be provided either by the Government or non-governmental organizations and further entitles victims to be informed of the assistance available and immediate access to such services, as well as to rehabilitation and the re-integration programmes available to them, at the expense of the State;

*Concerned* that the provisions of the Violence Against Persons Prohibition Act are not being implemented as the required legal, medical, psychological and social assistance are still not being provided for the vast majority of victims of sexual offences in Nigeria;

*Also concerned* that the absence of State sponsored support, rehabilitation and re-integration programmes for victims of sexual abuses hampers efforts towards the prevention of sexually transmitted infections, prevention and management of unwanted pregnancies, prevention of HIV infection through the provision of post-exposure prophylaxis and prevention of other diseases, such as Tetanus and Hepatitis B;

*Resolves to:*

- (i) urge the Federal Government to Establish Rehabilitation and Re-integration Programmes for victims of rape and other sexual offences in every State of the Federation;
- (ii) call on the Attorney-General of the Federation and Minister of Justice to prepare a National Policy Framework to guide the implementation of the Sexual Offences Act that will provide further certainty to the law regarding the age at which a person can consent to sexual activity;
- (iii) also urge Government of the States of the Federation to maintain sexual offenders registers in the States;
- (iv) further call on the Attorney-General of the Federation to ensure that Idris Ebiloma who was alleged to have raped a 4 years old child is diligently prosecuted for the offence he is accused of committing;
- (v) mandate the Committees on Justice, and Police Affairs (when constituted) to ensure compliance (*Hon. Abiola Peller Shina — Iseyin/Itesiwaju/Kajola/Iwajowa Federal Constituency*).
