**17. Need for the Reconstruction/Rehabilitation of Ipele Junction-Idoani-Isua-Akunu-Kabba Road**  
*Motion made and Question proposed;*

The House:

*Notes* that the Ipele junction-Idoani-Isua-Akunu-Kabba road is a federal highway that connects the South West States to Kogi and Edo States and then unto the Northern part of the Country has been in a very deplorable condition for many years now;

*Also notes* that the economic importance of the road cannot be overemphasized as it serves as a short cut and more convenient to ply by trucks and other heavy duty vehicles transporting goods to and from the South Western States of Nigeria;

*Aware* that the deplorable condition of the road now forces trucks and other heavy duty vehicle drivers to pass through the highly mountainous towns of Oka and Ikare where accidents are recorded incessantly with the accompanied loss of lives and destruction of properties;

*Concerned* that if nothing is done to remedy the situation, the risks of going through the mountainous Oka and Ikare-Akoko road will continue with the devastating effects on lives and properties and a telling cost on the economy of the Country;

*Resolves to:*

- (i) urge the Federal Roads Maintenance Agency (FERMA) to rehabilitate the Road to make it motorable; and
- (ii) mandate the Committees on Appropriations, and Works to include the reconstruction of the road in any Supplementary Budget for 2017 or the Appropriation Bill of 2018 (*Hon. Stephen Friday Olemija — Akoko Northeast/Akoko West Federal Constituency*).

**18. Devastating Gully Erosion at Runfa-Gebe/Tudu Area/Sokoto River Rima and Gidan-Yero/Connecting Kwalkwalawa/Gidan Buba in Kware/Wamakko Federal Constituency of Sokoto State**

*Motion made and Question proposed;*

The House:

*Notes* that gully erosion has been recognized as a major environmental problem at Runfa/Gebe, Tudu Gidan Yero/Gidan Bubu ward of Wamakko local government area of Sokoto State as the people live in palpable fear once the rainy season sets in given their past and bitter experiences over the years of loss of lives and destruction of properties worth millions of Naira by erosion, thereby rendering the people homeless;

*Also notes* that in 2010, the Gidan Yero community, in conjunction with Wamakko local government area constructed a 200 metres long drain out of the required 900 metres drain and the effect of the shortage of the drain is the devastating gully erosion in the areas where the drain has not been completed;

*Aware* that owing to the absence of well-defined and proper discharge channels, flood coming down from mountains around the area pave its own path, in the process, eroding the land and further widening it with every drop of rain ;

*Cognizant* that the enormity of the gully erosion is beyond the capacity of both the local government council and the Government of Sokoto State to handle, hence the appeal for intervention of the Federal Government to halt the gully erosion;

*Resolves to:*

- (i) urge the Federal Ministry of Environment and the Ecological Fund Office to complete the drain at Runfa-Gebe and Gidan Yero Communities in Wamakko Local Government Area of Sokoto State and construct discharge channels for flood to halt the gully erosion in the area; and
- (ii) mandate the Committees on Environment and Habitat, and Appropriations to include addressing the problem of gully erosion in the area in the 2018 budget estimates (*Hon. Abdullahi Mohammed Wamakko — Kware/Wamakko Federal Constituency*).

*Agreed to.*

**(HR. 13/2017).**

*Motion referred to the Committees on Environment and Habitat, and Appropriations, pursuant to Order Eight, Rule 9 (5).*

**19. Need to Stem the Menace of Gully Erosion in Ugiri-Ike and Uzoagba Communities in Mbaitoli/Ikeduru Federal Constituency of Imo State**

*Motion made and Question proposed;*

The House:

*Notes* that Ugiri-Ike and Uzoagba are major and strategic agro-economic communities substantially responsible for agricultural supply to Owerri the capital of Imo State and other major markets in Mbaise, Mbano and Okigwe metropolis;

*Also notes* that the major road linking Okigwe to Ehime and Isiala Mbano as well as Mbaise communities to Aba running through Ugiri-Ike and Uzoagba is under serious threat of being washed off by gully erosion with over 70% already devastated by the menace;

*Cognizant* of the adverse effects of the menace on food security and the likely displacement of families and loss of hectares of rich agrarian farm lands;

*Concerned* about the possible loss of lives of travelers on the road which has become a death trap and the loss of man-hours associated with the continued use of the road owing to lack of alternative routes to neighbouring communities of Atta, Amaimo, Mbaise and Mbano;

*Resolves to:*

- (i) urge the National Emergency Management Agency (NEMA) to provide relief materials for the affected communities to ameliorate the sufferings of the victims;
- (ii) call on the Presidency to direct the Ecological Fund Office to intervene with a view to curbing the gully erosion; and
- (iii) mandate the Committee on Environment and Habitat to ensure implementation (*Hon. Henry Nwawuba — Mbaitoli/Ikeduru Federal Constituency*).

*Agreed to.*

(HR. 14/2017).

*Motion referred to the Committee on Environment and Habitat, pursuant to Order Eight, Rule 9 (5).*

**20. Need to Investigate the Violation of the Associated Gas Re-Injection Act and Loss of Revenue Due to Gas Flaring**

*Motion made and Question proposed;*

The House:

*Notes* the unending flaring of gas in Nigeria by multinational oil companies in violation of section 3 (1) of the Associated Gas Re- Injection Act, Cap. A25, Laws of the Federation of Nigeria, 2004 which states that no company engaged in the production of oil and gas shall, after 1 January, 1984, flare gas produced in association with or without the permission in writing of the Minister;

*Recalls* the report in 2011 by Friends of Earth, Nigeria (FOEN) that there are about one hundred (100) continuously burning gas flares in the Niger - Delta and just offshore, some of which have been burning since the early 1960s;

*Also notes* the data from the Nigeria National Petroleum Corporation (NNPC) that about two hundred and ninety six (296) billion standard cubic feet of natural gas was flared between January - September 2014 in violation of section 9 (1) (6) (iii) of the Petroleum Act which seeks to prevent the pollution of water courses and the atmosphere;

*Aware* of section 20 of the Constitution of the Federal Republic of Nigeria, 1999 which enjoins the state to protect and improve the environment and safeguard the water, air and land, forest and wild life of Nigeria;

*Also aware* that section 4 (1) of the Associated Gas Re-Injection Act provides that where any person flares gas or commits an offence under section 3, the person concerned shall forfeit the concessions granted to him in the particular field or fields in relation to which the offence was committed;

*Concerned* about the huge revenues the nation is losing to unending gas flaring as observed by the Department of Petroleum Resources (DPR) that the nation lost over 850 million dollars to gas flaring in 2015 which in turn led to loss of about 3,500 megawatts of electricity generation and about 400 million dollars in carbon credit value omission;

*Also concerned* about the serious health implications for people living around flare sites and the massive environmental damage being caused in the Niger- Delta area;

*Also recalls* the recent launching in April 2015 by the United Nations of "Zero Routine Flaring by 2030" initiative which seeks to bring together governments, oil companies and development institutions to eliminate routine flaring not later than 2030;

*Further concerned* that while Angola, Cameroun, the Republic of Congo and Gabon participated, along with other leading oil producing nations, in agreeing to end gas flaring at oil fields by 2030, Nigeria was missing at the signing ceremony;

*Resolves to:*

- (i) urge the Federal Government to key into the United Nations "Zero Routine Flaring by 2030" Initiative and engage oil exploration companies, the people of Niger Delta area and other stakeholders on the plan of action to end gas flaring in order to stop the huge revenue losses and the despoliation of the Niger Delta environment; and
- (ii) mandate the Committees on Environment and Habitat, Petroleum Resources (Upstream), Niger Delta Development Commission, and Climate Change to investigate the violations of section 4 of the Associated Gas Re-Injection Act, determine the revenues generated as penalties from gas flaring and how same had been utilized and report back within eight (8) weeks for further legislative action (*Hon. Chinda Kingsley — Obio/Akpor Federal Constituency*).

*Debate.*

#### **Amendments Proposed:**

- (i) *Insert* a new Prayer (iii) as follows:  
"Condemn the continued gas flaring by International Oil Companies (IOCs) in Nigeria and call for detailed plan by them and level of implementation of their gas re-injection programme in line with Section 2 of the Associated Gas Re-injection Act, Cap. A25, LFN, 2004" (*Hon. Sunday Steve Karimi — Yagba East/Yagba West/Mopamuro Federal Constituency*).

*Question that the amendment be made — Agreed to.*

- (ii) *Leave out* all the words in Prayer (ii) and *insert* as follows:  
"Mandate the Committees on Gas Resources, and Environment and Habitat, to investigate the violations of section 4 of the Associated Gas Re-Injection Act, determine the revenues generated as penalties from gas flaring and how same had been utilized and report back within eight (8) weeks for further legislative action" (*Hon. Diri Douye — Yenagoa/Kolokuma/Opokuma Federal Constituency*).

*Question that the amendment be made — Negatived.*

- (iii) *Leave out* all the words in Prayer (ii) and *insert* as follows:  
"Set up an *Ad-hoc* Committee to carry out an investigation to ascertain the circumstances surrounding the fortune of the Multi National Oil Companies to pay the fine imposed for non compliance and violation of Section 4 of the Gas Re-injection Act of 1979, according to Nigeria Extractive Industries Transparency Initiative (NEITI) in 2014 Gas audit" (*Hon. Nnam-Obi Uchechukwu — Ogba/Ebghema/Ndoni/Ahoada West Federal Constituency*).

*Question that the amendment be made — Negatived.*

*Question on the Motion as amended — Agreed to.*

**21. Need to Investigate the High Cost of Malaria Tests and Drugs in Government Hospitals**

*Motion made and Question proposed;*

The House:

*Notes* the report by the World Health Organization (WHO) that malaria is endemic in 91 countries, especially in Sub-Saharan Africa;

*Also notes* that malaria kills more than four hundred (400) thousand people annually as a child dies from malaria every two minutes, especially in Nigeria and Democratic Republic of Congo;

*Informed* that over 150 million Nigerians are at risk of a malaria infection, and globally, new malaria cases fell by 21% between 2010 - 2015, with malaria death rate falling by 29% in the same 5 year period;

*Also informed* that globally amongst children under 5 years, there has been reduced malaria mortality rate resulting in 12% rise in life expectancy;

*Concerned* that in spite of the global celebration of the 2017 "World Malaria Day" on 25 April aptly tagged "A Push for Prevention", malaria tests and drugs are still not affordable to poor Nigerians who have to pay a relatively high cost for malaria tests and drugs despite the support of Non-Governmental Organizations (NGOs) and other international bodies supporting the Ministry of Health;

*Resolves to:*

Mandate the Committee on HIV/AIDS Tuberculosis and Malaria Control to:

- (a) investigate the funding and implementation of the Roll Back Malaria Programme in Nigeria; and
- (b) liaise with the Federal Ministry of Health to proffer strategies that will make malaria drugs and tests accessible to majority of Nigerians and report back within 6 weeks for further legislative action (*Hon. Sergius Ose Ogun — Esan Northeast/Esan Southeast Federal Constituency*).

*Debate.*

**22. Non-implementation of the Emergency Communications Centres Across the Country**

*Motion made and Question proposed;*

The House:

*Recalls* that the defunct Nigerian Telecommunications Limited (NITEL) provided a national emergency number "199" which was operator assisted and calls to the number were answered by operators who, after determining the nature of the emergency, transferred the call to the appropriate service, either the Police, Fire, Medical or Traffic;

*Notes* that with the decline of NITEL from 2007 and its eventual scrapping, the "199" emergency number went into disuse and the country no longer has a national emergency number, thereby creating a problem of how to handle emergency calls in a country where crime is rife and accidents and other emergency situations are very high;

*Aware* that in 2007, the Lagos State Government launched three (3) digits emergency numbers "112 and 767" in its quest to ensure a safer Lagos and the Emergency Call Centre is said to be handling over five (5) million calls per month;

*Informed* that the Nigerian Communications Commission (NCC) had set up Emergency Communications Centres which were intended to bridge the gap between the distressed and response agencies;

*Also aware* that telecommunications operators will require to be mandated to route emergency calls through the dedicated three digits toll free number "112" from each State to the Emergency Centre within that State, and the operators, who are resident in the Emergency Communication Centres, will then process the distress call and contact the relevant Emergency Response Agency that has the responsibility to handle the case;

*Further aware* of the claim by the NCC that the Centres have effective up-to-date database management systems which would help in the fight against terrorism, kidnapping, armed robbery and other sundry crimes by improving response time, thereby saving lives;

*Concerned* that since the NCC has not yet started implementing the project since it was created in 2003 despite the huge sum expended on the project, members of the public are not aware of the existence of the platform for use in emergency situations;

*Resolves to:*

Mandate the Committee on Telecommunications to investigate the non-implementation of the Nigerian Communications Commission Emergency Communications Centres since it was set up in 2003 and report back within four (4) weeks for further legislative action (*Hon. Golu Timothy Simon — Paskshin/Kanke/Kanam Federal Constituency*).

**23. Call to Regulate the Operations of Abattoirs within the Federal Capital Territory**

*Motion made and Question proposed;*

The House:

*Notes* with concern the distasteful state of abattoirs within the Federal Capital Territory which raises a lot of health concerns for the people who daily patronize and consume meat produced at those abattoirs;

*Also notes* that the filthy surroundings and general environment of the abattoirs do not meet international standards for abattoirs, and what is more, the skins of the animals are roasted using tyres which makes the consumption of the meat hazardous to human health, and to make matters worse, it does not appear that the entire process is inspected by qualified veterinarians;

*Further notes* that the abattoirs do not also meet the minimum internationally accepted standards for the production and processing of meat with most of the slaughter slabs being operated in open places with the tables infested with flies and maggots and scales for measuring meat meant for consumption faulty;

*Aware* there are four major abattoirs within the Federal Capital Territory (FCT), namely Deidei, Karu, Kubwa and Gwagwalada, with a slaughter house at Mpape under the Agricultural Services Department of the Federal Capital Territory Administration (FCTA), all in unhygienic and sorry state;

*Observes* that abattoirs ought not only to be places where animals are slaughtered, but also areas where the totality of animal products like hides and skins are processed with the hoofs and bones handled and preserved, thus necessitating the call for adequate monitoring mechanism to be put in place;

*Also observes* that Nigerians are susceptible to such diseases as tuberculosis and other life-threatening diseases due to the health hazards occasioned, in part, by the consumption of meat from the abattoirs;

*Also aware* that in other climes, animals are kept and examined for at least two days before they are slaughtered, but in Nigeria, animals are slaughtered indiscriminately without supervision or close monitoring of any kind;

*Believes* that it has become expedient to build state-of-the-art abattoirs across the FCT and employ qualified veterinarians to carry out thorough inspection of the abattoirs;

*Resolves to:*

- (i) urge the Federal Capital Territory Administration (FCTA) to take steps to address the unhygienic conditions of the abattoirs and put in place a robust mechanism to regulate their operations within the Federal Capital Territory; and
- (ii) mandate the Committees on FCT, and Healthcare Services to monitor the implementation and report back within six (6) weeks for further legislative action (*Hon. Segun Alexander Adekola — Ekiti Southwest/Ikere/Ise/Orun Federal Constituency*).

**24. Call for Prompt Issuance of Driver's License by the Federal Road Safety Commission**  
*Motion made and Question proposed;*

The House:

*Aware* that the new Drivers Licensing regime took off on 1 March, 2015 with the aim of restoring the integrity of the licensing system with high security features capable of rooting out operators of fake licences and the agencies involved in processing the licence are the States Board of Internal Revenues, the Federal Capital Territory (FCT)/States Vehicle Inspection Offices (VIOs) and the Federal Road Safety Commission (FRSC);

*Also aware* that applicants are supposed to be issued the licence two (2) months after satisfying all the prescribed conditions but up to six (6) months after doing so, applicants are still unable to collect the licences owing to sundry reasons that include bureaucratic bottlenecks, scarcity of funds and corrupt practices on the part of officials of those agencies;

*Observes* that applicants who drive with temporary licenses issued by the Federal Road Safety Commission which are billed to last for two (2) months are being harassed and apprehended by the Police and the VIOs and Road Safety personnel after the expiration of the two months duration due to no fault of theirs;

*Resolves to:*

- (i) urge the Federal Road Safety Commission to ensure that applicants are issued the new driver's license within two months of completing the data capture; and
- (ii) mandate the Committee on Federal Road Safety Commission to ensure implementation and report back within six (6) weeks for further legislative action (*Hon. Adedapo Lam Adesina — Ibadan Northeast/Ibadan Southeast Federal Constituency and 1 other*).

25. **Need to Deploy Security Personnel to Stem the Recurring Communal Crisis between Aguleri and Umuleri Communities of Anambra State**  
*Motion made and Question proposed;*

The House:

*Notes* that Aguleri and Umuleri Communities in Anambra East LGA have been involved in crisis over land which led to full blown war in 1999 during which several lives were lost and properties worth millions of naira were destroyed;

*Informed* that the communal crisis reoccurred recently, between Umungalagu and Isiokwe Ivite Aguleri and Ugume and Amaukwa villages of Umuleri during which several people were injured with matchets, guns and other dangerous weapons and houses vandalized, properties destroyed and economic activities in those communities were disrupted;

*Cognizant* that Section 14 (2) (b) of the Constitution of the Federal Republic of Nigeria, 1999 provides that the security and welfare of the people shall be the primary purpose of Government;

*Resolves to:*

- (i) call on the National Security Adviser, the Chief of Defence Staff, the Chief of Army Staff and the Inspector-General of Police to deploy security personnel to Aguleri and Umuleri Communities to restore peace and avoid further escalation of the crisis; and
- (ii) mandate the Committees on Defence, Army, and Police Affairs to ensure implementation (*Hon. Tony Nwoye — Anambra East/Anambra West Federal Constituency*).

**26. Need for the Continuous Voter Registration Exercise to be conducted in Wards and Registration Units Nationwide**

*Motion made and Question proposed;*

The House:

*Recalls* that on 27 April, 2017, the Independent National Electoral Commission (INEC) commenced a nationwide Continuous Voter Registration (CVR) exercise;

*Aware* that the exercise was meant for Nigerians who have attained the age of 18 years since the last exercise and people of voting age not previously registered, those previously registered but whose names could not be found in the register of voters and people whose voters' cards were lost or damaged, to be registered;

*Also aware* that the exercise is ongoing in the offices of the Commission in the 774 local government areas in the Federation instead of the wards and Unit Registration Centers;

*Observes* that the exercise is facing numerous challenges across the country including unavailability of data capture machines in some local government areas, malfunctioning of some of the available machines, inaccessibility of some registration centers to prospective registrants, especially those living in rural and riverine areas, etc.;

*Desirous* of ensuring that the challenges which are hampering the Continuous Voter Registration exercise are addressed by the Independent National Electoral Commission (INEC) to avoid disenfranchisement of prospective voters;

*Resolves to:*

- (i) urge the Independent National Electoral Commission (INEC) to decentralize, the registration exercise on Ward basis and to further decentralize where the ward is large;
- (ii) undertake the Continuous Voter Registration (CRV) exercise on a continuing and permanent basis in the respective Polling Units (PU) until all prospective citizens are registered; and
- (iii) mandate the Committee on Electoral and Political Party Matters to monitor the exercise and report progress and challenges within six (6) weeks for further legislative action (*Hon. Nkole Uko Ndukwe — Arochukwu/Ohafia Federal Constituency*).

**27. Adverse Consequences of the Refusal of the Federal Government to Obey Court Judgements/Orders**

*Motion made and Question proposed;*

The House:

*Notes* the plethora of judgments/orders that have been flagrantly disobeyed by the Federal Government, including its initial refusal to release Nnamdi Kanu and the continued detention of Col. Samba Dasuki (*rttd*) and Sheikh El-Zakzaky after they had been granted bail;

*Concerned* about the revelation that over one hundred (100) court judgments/orders are currently being disregarded by various State Governments and also the increasing incidence of disobedience of court judgments/orders by private entities and individuals, apparently emboldened by similar actions of governments;

*Recalls* the Presidential Media chat of 30 December, 2015 where President Muhammadu Buhari admitted that the refusal to obey the orders granting bail to the aforementioned bordered on "national security," the gravity of the offences and the likelihood of their jumping bail, and the same position was, on 2 June, 2017, re-echoed by Alhaji Lai Mohammed, the Minister of Information and Culture who added that the Judiciary does not have the full picture of the gravity of the offences;

*Observes* that the above positions are contrary to the avowal of Abubakar Malami (SAN), the Attorney-General of the Federation and Minister of Justice who had claimed in November 2015 that:

"there shall be no flouting of court orders by this new administration";

*Cognizant* that the refusal of the Federal Government to obey court orders is an affront on the rule of law, a threat to the doctrine of separation of powers, a recipe for anarchy and a calculated attempt to foist an authoritarian government on Nigeria in a supposedly democratic dispensation;

*Resolves to:*

- (i) condemn the intentional refusal of the Federal Government to obey court judgments/orders and the public admission of same by its officials; and

- (ii) set up an *Ad-hoc* Committee to interface with the Minister of Information and Culture, the Attorney-General of the Federation and Minister of Justice, the Director-General of the Department of State Services, the President of the Nigerian Bar Association and other stakeholders on the effects of disobedience of court judgments/orders by the Federal Government and its damage to the image of the nation and report back within six (6) weeks for further legislative action (*Hon. Mark Terseer Gbilla — Gwer East/Gwer West Federal Constituency*).

*Debate.*

**Amendments Proposed:**

- (i) In Prayer (ii), *leave out* the words "set up an *Ad-hoc* Committee "and *insert* the words "Mandate the Committee on Judiciary" (*Hon. Karimi Steve Sunday — Yagba East/Yagba West/Mopamuro Federal Constituency*).

*Question that the amendment be made — Agreed to.*

*Question on the Motion as amended — Agreed to.*

The House:

*Noted* the plethora of judgments/orders that have been flagrantly disobeyed by the Federal Government, including its initial refusal to release Nnamdi Kanu and the continued detention of Col. Samba Dasuki (*rtd*) and Sheikh El-Zakzaky after they had been granted bail;

*Concerned* about the revelation that over one hundred (100) court judgments/orders are currently being disregarded by various State Governments and also the increasing incidence of disobedience of court judgments/orders by private entities and individuals, apparently emboldened by similar actions of governments;

*Recalled* the Presidential Media chat of 30 December, 2015 where President Muhammadu Buhari admitted that the refusal to obey the orders granting bail to the aforementioned bordered on "national security," the gravity of the offences and the likelihood of their jumping bail, and the same position was, on 2 June; 2017, re-echoed by Alhaji Lai Mohammed, the Minister of Information and Culture who added that the Judiciary does not have the full picture of the gravity of the offences;

*Observed* that the above positions are contrary to the avowal of Abubakar Malami (SAN), the Attorney-General of the Federation and Minister of Justice who had claimed in November 2015 that:

"there shall be no flouting of court orders by this new administration";

*Cognizant* that the refusal of the Executive Arm to obey court orders is an affront on the rule of law, a threat to the doctrine of separation of powers, a recipe for anarchy and a calculated attempt to foist an authoritarian government on Nigeria in a supposedly democratic dispensation;

*Resolved to:*

- (i) condemn the intentional refusal of the Executive Arm to obey court judgments/orders and the public admission of same by its officials; and
- (ii) mandate the Committee on Judiciary to interface with the Minister of Information and Culture, the Attorney-General of the Federation and Minister of Justice, the Director-General of the Department of State Services, Inspector-General of Police, the President of the Nigerian Bar Association and other stakeholders on the effects of disobedience of court judgments/orders by the Federal Government and its damage to the image of the nation and report back within six (6) weeks for further legislative action (**HR. 23/2017**).

**28. Need to Reinstate the Abolished Civil Service Tenure Policy**

*Motion made and Question proposed;*

The House:

*Notes* with concern the abolition of the civil service tenure policy on June 20, 2016 by the Federal Government;

*Observes* that in spite of the far-reaching positive impacts the tenure policy has had on the public service, the Federal Government suddenly cancelled the scheme that stipulated two terms of four years for Permanent Secretaries and a single 8-year term for Directors which commenced in 2009;

*Aware* that the tenure policy regime guided against stagnation, redundancy, facilitated career progression by ensuring vacancies, especially at directorate cadre, thereby motivating the staff for enhanced productivity;

*Also aware* that the policy also extensively checked the bureaucratic corruption in the civil service underpinned by people who occupied the same positions for inordinately long period of time, in some cases, 15 to 20 years;

*Concerned* that the cancellation of the policy is a major setback to civil service reform and transformation necessary for a cost effective, efficient and result-oriented civil service system, a realization that informed the protests embarked upon by the Association of Senior Civil Servants of Nigeria shortly after the policy was reversed;

*Also notes* that the reversal of the policy is yet another policy inconsistency which for decades had swept through the civil service making the system uncreative, vulnerable and politicized;

*Also concerned* that cancelling the tenure policy will make the tenure of the elite corps of the civil service to be determined by records that are susceptible to manipulations, a situation that would intrinsically result in politicizing the system and scaling up systemic corruption contrary to the dictates of a government that has anti-corruption precept as one of its cardinal objectives;

*Resolves to:*

- (i) deplore the abolition of the civil service tenure policy and urge the Federal Government to reinstate it; and
- (ii) mandate the Committee on Public Service Matters to ensure compliance and report back within four (4) weeks for further legislative action (*Hon. Emmanuel Kehinde Agboola — Ikole/Oye Federal Constituency*).

*Debate.*

**Amendment Proposed:**

*Leave out Prayers (i) and (ii), and insert a new Prayer as follows:*

*“Mandate the Committee on Public Service Matters to look into the matter and report back within four (4) weeks” (Hon. Karimi Steve Sunday — Yagba East/Yagba West/Mopamuro Federal Constituency).*

*Question that the amendment be made — Agreed to.*

29. **Need to Appraise the Report of the United States Commission on International Religious Freedom on Increasing Threat to Freedom of Religion in Nigeria**  
*Motion made and Question proposed;*

The House:

*Notes that the United States Commission on International Religious Freedom (USCIRF) is an independent, bipartisan Commission created by the 1998 International Religious Freedom Act to monitor religious freedom around the world and advise Congress on actions to take against countries where religious freedom are threatened;*

*Also notes* that in its 2017 Report, the Commission moved Nigeria to tier one group, from tier two which meant that threats to rights to religious freedom are increasing in Nigeria which is now officially regarded by the United States Government as being in the same league with Myanmar (Burma), North Korea, Sudan, Russia, Eritrea, China, Syria and Tajikistan;

*Aware* that among others, the clash between the Army and the Islamic Movement of Nigeria, the activities of the Boko Haram Sect, the Herdsmen attacks in the Middle-Belt and other areas, the killing of a female preacher in Abuja, demolition of churches in some States and the increasing abduction of women and girls are among the factors that influenced the Commission's report;

*Also aware* that the law establishing the Commission requires the President of the United States to take actions designed to improve religious freedom in countries where there have been violations of religious freedom;

*Further aware* that possible actions to be taken by the USA Government in accordance with this law include making officials responsible for infractions of religious rights inadmissible into the United States, restriction on assistance to such countries, including military, scientific, etc.;

*Concerned* that if such actions are taken, efforts to get international support for the fight against insurgency may be hampered;

*Resolves to:*

Mandate the Committee on Human Rights to appraise the findings of the United States Commission on International Religious Freedom as it affects Nigeria and interface with the Government and other stakeholders, including holding a public hearing to determine the extent, if any, of these infractions of religious rights and report back within six (6) weeks for further legislative action (*Hon. Rimamnde Shawulu Kwewum Dunga/Ussa/Takum Federal Constituency and 11 others*).

*Debate.*
