13. Devastating Gully Erosion in Tudun Magayaki Area of Tudun Wada Ward in Sokoto-North and South Federal Constituency of Sokoto State
Motion made and Question proposed:

The House:

Notes that gully erosion has been the foremost problem confronting the Tudun Magayaki Ward in Sokoto State as the people live in constant fear once the rainy season begins given their experiences of loss of lives and destruction of properties worth millions of Naira;

Also notes that the increase in the gully erosion had resulted in many residents being rendered homeless as a result of the washing away of their houses, thus forcing them to relocate to the urban areas;

Recalls that in 2009, about 300m drains out of the 1,350m stretch were constructed as part of the constituency project but these have now constituted a serious threat to the uncompleted portion;

Aware that field assessments carried out by the Tudun Magayaki Community Development Association aimed at seeking the intervention of the Ecological Fund Office showed that the problem is now beyond both the local council and the State Government, hence the need for the intervention of the federal government;

Also aware that the gully developed as a result of steeply topography collecting the entire township water without a well-defined channel and when there is heavy rain, it creates rills which later form "V" and "U" shaped trenches at the site of the gully erosion;

Further aware that the eroded parts of the site become widened when there is heavy rain storm due to the absence of proper discharge channel for the township storm water which adds to the increase in flooding during the rainy season that has been having devastating effects on the people over the years;

Resolves to:

- (i) urge the Federal Ministry of Environment to intervene and ensure the inclusion of contract for the control of gully erosion in Tudun Magayaki Community of Sokoto South Local Government Area in the 2017 budget proposal;
- (ii) also urge the Ecological Fund Office to attend to the application of Tudun Magayaki Community Development Association with the urgency of the problem at hand; and
- (iii) mandate the Committees on Environment and Habitat and Appropriations to ensure implementation (*Hon. Hassan Bala Abubakar — Sokoto North/Sokoto South Federal Constituency*).

Agreed to.

(HR. 255/2016).

Motion referred to the Committees on Environment and Habitat, and Appropriations; pursuant to Order Eight, Rule 9 (5).

14. Urgent Need for Rehabilitation of Kontagora-Rijau-Zuru-Gummi-Kajiji Federal Road
Motion made and Question proposed:

The House:

Notes the deplorable state of the Kontagora-Rijau-Zuru-Gummi-Kajiji Road which connects Sokoto, Kebbi, Zamfara and Niger States down to the South West zone and is the major commercial route through which goods are being transported from Sokoto to Lagos and its environs;

Concerned that the failed sections of the road have paralyzed economic activities along these areas, thus causing delay in the transportation of perishable goods;

Aware that accidents are daily occurrence as a result of truck drivers maneuvering through the bad portions on the highway leading to their falling down or there being a head on collision which results in loss of lives and damage to properties;

Also concerned that armed robbers have taken advantage of the deplorable state of the road to wreak havoc on innocent Nigerians, raping and killing commuters at will;

Further concerned that all efforts to get the Federal Government to repair the road have not yielded any results and the States affected could only do little within their meager resources to save the once viable route from becoming completely impassable;

Resolves to:

- (i) call on the Inspector General of Police to ensure constant patrolling of the road to reduce the activities of the men of the underworld; and
- (ii) mandate the Committees on Works and Appropriations to include the reconstruction of the Kontagora - Rijau - Zuru - Gummi - Kajiji Road in the 2017 budget proposals and report back within eight (8) weeks for further legislative action (*Hon. Mu'azu Lawal — Gummi/Bukkuyum Federal Constituency*).

Agreed to.

(HR. 256/2016).

Motion referred to the Committees on Works, and Appropriations, pursuant to Order Eight, Rule 9 (5).

15. Urgent Need for Reconstruction of Gwaram-Basirka-Darazo Road
Motion made and Question proposed:

The House:

Notes that the 90 kms Gwaram-Basirka-Darazo Road links Kano, Jigawa, Bauchi, Gombe and Adamawa States and is important for the movement of people, goods and services in the area;

Aware that the Gwaram-Basirka-Darazo stretch of the road was constructed about thirty years ago by the Jigawa State Government which has also been maintaining it;

Also notes that the road has suffered neglect over time and is almost becoming impassable due to its bad state as it takes over 4 hours to drive through the 90 km road;

Concerned that the bad state of the road is causing a lot of fatal accidents leading to loss of lives and destruction of properties worth millions of Naira and it has also become a den of robbers both at day and at night;

Observes that a complete reconstruction of the road will boost the socio-economic activities and significantly enhance the well-being of the people of the affected States and those plying the road;

Resolves to:

- (i) urge the Federal Ministry of Power, Works and Housing to include the reconstruction of the road in the 2017 Budget proposal;
- (ii) also urge the Federal Roads Maintenance Agency (FERMA) to, as a matter of urgency, repair the bad portions of the road to ease the hardships of the people; and
- (iii) mandate the Committees on Works and Appropriations to ensure implementation (*Hon. Yuguda Hassan Kila — Gwaram Federal Constituency and 1 other*).

Agreed to.

(H.R. 257/2016).

Motion referred to the Committees on Works, and Appropriations, pursuant to Order Eight, Rule 9 (5).

16. **Call for Rehabilitation of Ilorin-Mokwa-Birnin Gwari-Kaduna Highway**

Motion made and Question proposed:

The House:

Notes that the Ilorin-Jebba-Mokwa-Birnin-Gwari-Kaduna highway is in a serious state of disrepair as most parts of the road are ridden with potholes, thus making it a source of agony and a death trap for motorists;

Concerned that the failure to complete the Minna-Suleja dual carriage way which has been under construction for many years has not helped the situation;

Also concerned that due to the deteriorating state of the road and abandonment of the rehabilitation works, travelers have had to divert to the Mokwa-Bida, Minna-Suleja and Bida-Minna roads with attendant loss of time and risks to their lives from marauders who waylay travelers on those roads;

Further concerned that as a result of the diversion, the Mokwa - Bida, Minna - Suleja and Bida - Minna Roads which are being rehabilitated by the Government of Niger State are being over stretched and could also collapse if urgent actions are not taken to remedy the situation;

Worried that the Ilorin-Jebba-Mokwa-Birnin-Gwari-Kaduna highway which has remained the major access road between the North and South of Nigeria has not been given the priority attention it deserves;

Resolves to:

- (i) urge the Federal Ministry of Power, Works and Housing to ensure the completion of rehabilitation works on the highways; and

- (ii) mandate the Committee on Works to ensure implementation and report back within eight (8) weeks for further legislative action (*Hon. Ahmed Abu — Edati/Lavun/Mokwa Federal Constituency*).

Agreed to.

(**HR. 258/2016**).

Motion referred to the Committee on Works, pursuant to Order Eight, Rule 9 (5).

17. Collapse of a Church Building in Uyo, Akwa Ibom State

Motion made and Question proposed:

The House:

Notes with sadness the unfortunate incident at Uyo, Akwa Ibom State on 10 December, 2016 when the Reigners Bible Church Complex collapsed, killing no fewer than 50 people, thereby throwing the people of Akwa Ibom State and indeed the whole country into mourning;

Concerned about the incessant collapse of buildings which end in fatalities, recalling the case of the Synagogue Church of all Nations two years ago when a six story guest house collapsed, killing 115 persons, 84 of whom were from South Africa;

Worried that such incidents are still occurring because no engineer, architect or contractor has been convicted for complicity in the collapse of a building in the past;

Believes that approvals and nature of engineering works on high-rise buildings meant to accommodate many people at any given time must be thoroughly screened by the relevant regulatory authorities with a view to ensuring that requisite standards are not compromised;

Resolves to:

- (i) observe a minute silence for those who lost their lives in the collapsed building;
- (ii) send a delegation to condole with the Government and people of Akwa Ibom State;
- (iii) commend Governor Udom Emmanuel of Akwa Ibom State, Personnel of the Nigeria Police Force, the Federal Road Safety Commission and other public spirited individuals for their efforts in the rescue of persons trapped in the collapsed building; and
- (iv) mandate the Committees on Works and Housing to investigate the incident and make appropriate recommendations within six weeks for further legislative action (*Hon. Francis Charles Uduyok — Ikot-Abasi/Mkpat Ehin/Eastern Obolo Federal Constituency*).

Debate.

Amendment Proposed:

Leave out Prayer (iv) (Hon. Raphael Nnanna Igbokwe — Abiazu-Mbaise/Ezinihitte Federal Constituency).

Question that the amendment be made — Agreed to.

Question on the Motion as amended — Agreed to.

The House:

Noted with sadness the unfortunate incident at Uyo, Akwa Ibom State on 10 December, 2016 when the Reigners Bible Church Complex collapsed, killing no fewer than 50 people, thereby throwing the people of Akwa Ibom State and indeed the whole country into mourning;

Concerned about the incessant collapse of buildings which end in fatalities, recalling the case of the Synagogue Church of all Nations two years ago when a six story guest house collapsed, killing 115 persons, 84 of whom were from South Africa;

Believed that approvals and nature of engineering works on high-rise buildings meant to accommodate many people at any given time must be thoroughly screened by the relevant regulatory authorities with a view to ensuring that requisite standards are not compromised;

Resolved to:

- (i) observe a minute silence in honour of those who lost their lives in the collapsed building;
- (ii) send a delegation to condole with the Government and people of Akwa Ibom State; and
- (iii) commend Governor Udom Emmanuel of Akwa Ibom State, personnel of the Nigeria Police Force, the Federal Road Safety Commission and other public spirited individuals for their efforts in the rescue of persons trapped in the collapsed building (H.R. 259/2016).

The House observed a minute silence in honour of the deceased.

18. **Call for Reconstruction of Jere-Kwoi-Kafanchan-Madakiya-Zonkwa-Kachia Ring Road**
Motion made and Question proposed:

The House:

Notes that the Jere-Kwoi-Kafanchan-Madakiya - Zonkwa - Kachia Ring Road and the Kafanchan - Manchok - Jos Road were constructed several years ago to facilitate the socio-economic activities of the people of Kaduna, Plateau and the North Eastern States as well as other Nigerians who ply the ever busy highways;

Also notes that the above roads are strategic links between Kaduna and North Central/North East zones of the country such as Abuja, Plateau, Nasarawa, Bauchi, Gombe, Taraba, etc.;

Worried that the highways which were constructed primarily to enhance the socio-economic wellbeing of the people are now badly damaged at different points, thereby providing opportunities for kidnappers, robbers and miscreants to cause havoc on unsuspecting commuters;

Concerned that if urgent steps are not taken to rehabilitate the roads that are serving as dependable alternative to the Kaduna-Jos-Abuja highway, travelers will continue to suffer untold hardships, loss of lives and wastage of man-hours;

Resolves to:

- (i) call on the Federal Ministry of Power, Works and Housing to include the reconstruction of the Highways in the 2017 budget estimates; and

- (ii) mandate the Committees on Works and Appropriations to ensure implementation (*Hon Sunday Marshall Katung — Jaba/Zangon Kafa Federal Constituency and 15 others*).

Agreed to.

(HR. 260/2016).

Motion referred to the Committees on Works, and Appropriations, pursuant to Order Eight, Rule 9 (5).

19. **Need to Investigate the Non-Compliance with Due Process in the Issuance of Offshore Safety Permits by the Department of Petroleum Resources (DPR) in Connivance with a Limited Liability Company**

Motion made and Question proposed:

The House:

Notes that the Department of Petroleum Resources (DPR) is a department under the Federal Ministry of Petroleum Resources (FMPR) with the primary responsibility of ensuring compliance with petroleum laws, regulations and guidelines in the Oil and Gas Industry;

Aware that the DPR has delegated part of its duties to a Limited Liability Company by saddling it with the responsibility of issuing out Offshore Safety Permits (OSP) and other licenses to all Exploration and Production Companies, Service Companies and Downstream Companies;

Also aware that revenues that accrue from these activities are trusted into a foreign account in the United State of America, with the said Company as one of the signatories;

Further aware that there was outright subversion of due process in contracting out this function, as there was no compliance with the Public Procurement Act, 2007;

Concerned that this act is being perpetrated by a Government Agency that so much premium is placed on, taking into consideration the serious financial straits the country is facing;

Resolves to:

Set up an *Ad-hoc* Committee to investigate the revenue leakages and activities of the Department of Petroleum Resources (DPR) and report back within 8 weeks (*Hon. Onyenwufe Gabriel — Ayamelum/Oyi Federal Constituency*).

Debate.

Agreed to.

20. **Need to Investigate the Disconnection of Electricity to Communities in Akoko North-East/North West Federal Constituency of Ondo State**

Motion made and Question proposed:

The House:

Notes with great concern the permanent disconnection of electricity to Ikare, Ugbe, Auga, Iboropa, Ise, Akunu, Ikakumo, Ogbagi, Irun, Arigidi, Ikaram, Ese, Okeagbe, Oyin and Afinin Akoko North-East/North West Federal Constituency of Ondo State by the Benin Electricity Distribution Company (BEDC);

Aware that these communities, which consist of urban and rural dwellers with a population of almost One million people, have been in permanent darkness for a period ranging from six (6) months to two (2) years, thus paralyzing economic activities in those areas;

Cognizant that some unscrupulous staff of the Benin Electricity Distribution Company (BEDC) exploit the situation to demand for gratification from the people for reconnection and equally demand for payment for electricity not consumed by the people;

Concerned that if the situation is not urgently addressed, vandals and economic saboteurs may compound the problem by vandalizing transformers, cables and other equipment;

Resolves to:

Mandate the Committee on Power to investigate the matter with a view to ensuring that the affected communities are reconnected to the national grid, and report back within four (4) weeks for further legislative action (*Hon. Olemija Stephen Friday — Akoko North-East/North West Federal Constituency*)

Debate.

Agreed to.

21. **Need to Investigate the Recurring Electrical Accidents in the Power Sector**

Motion made and Question proposed:

The House:

Notes that since the concession of various projects in the Power Sector to private interests, the rate of electricity related accidents resulting in deaths has increased;

Also notes that the Nigerian Electricity Regulatory Commission (NERC) put the figure of deaths due to electrical accidents in the last two years at 655, apart from those who sustained injuries;

Informed that since the privatization of the Power Sector to the Distribution Companies (DISCOs), absolute neglect of extant safety considerations, rules and maintenance procedures has been the order of the day, hence the increasing rate of death in electrical accidents in contrast with the previous years;

Concerned that the refusal of the DISCOs to invest in working tools, personal safety and protective equipment could lead to more fatal consequences;

Also concerned about the impunity with which these DISCOs disregard labour laws and their safety provisions by subjecting their employees to dehumanizing working conditions without any protection against work related hazards;

Resolves to:

Mandate the Committees on Power, Labour, Employment and Productivity to investigate the causes of these incessant electrical accidents and allegations of unsafe practices by the various Distribution Companies (DISCOs), Generation Companies (GENCOs) and Transmission Companies with a view to bringing an end to the unhealthy trend and report back within six (6) weeks for further legislative action (*Hon. Joseph Eghogho Edionwele — Esan Central/Esan West/Igueben Federal Constituency*).

Debate.

22. Need to Check Unwholesome Operations of Multinational Industries in Ewekoro Local Government Area of Ogun State

Motion made and Question proposed:

The House:

Notes that Ewekoro Local Government Area of Ogun State is rich in mineral resources such as limestone and clay and as a result, is host to several cement manufacturing plants and metal mining and production industries, including Lafarge Cement, Wapco Plc, Purechem Cement Industries Nigeria Limited and Dolphin Steels Nigeria Limited;

Also notes that in recent years, rapid expansion programmes by these industries have led to intensification of their mining and production operations, for example in 2011, Lafarge opened its 2.2 million metric tons capacity facility known as the Ewekoro 11 Plant, which is twice the capacity of the existing Ewekoro Plant with six 15 Mega Watt Units which is equal to 9 Mega Watt installed capacity with dual firing system that can use both gas and liquid fuel;

Further notes that Purechem Industries have expanded from a trading firm to a manufacturer of cement, chemicals, metal packaging, etc. while Dolphin Steels, a mining/metal industry is engaged in blasting and other production and mining operations;

Aware that in 2012, the Department of Geography and Planning Services, Adekunle Ajasin University, Ondo State, conducted an assessment of health and environmental challenges of cement factories on Ewekoro Community residents and found extensive incidents of land, air and noise pollution over and above the recommended minimum limits of the "noxious impact for an area";

Concerned that the environmental degradation, deforestation and conversion of agricultural lands and communities into quarry sites for drilling, blasting and excavation of limestone have taken a heavy socio economic toll on the lives of the residents in terms of inhalation of cement dust emissions, exposure to polluted water bodies and noise pollution with their inherent health hazards and implications as is evidenced in the prevalence of respiratory diseases such as asthma, tuberculosis, bronchitis, heart diseases and skin cancer which have been empirically proven to be linked to exposure to silica;

Also concerned about several studies confirming the debilitating impact of cement manufacturing on the environment and the adverse effects on the lives of the residents and building sand also the damaged roads due to increase in the number of haulage vehicles plying the route and the ensuing traffic congestion resulting in loss of man hours;

Resolves to:

Mandate the Committees on Solid Minerals Development and Environment and Habitat to urgently conduct a forensic investigation into the mining operations, production, safety concerns, health and environmental considerations in the operations of these multinational industrial plants and report back within six weeks for further legislative action (*Hon. Ibrahim Ayokunle Isiaka — Ife/Ewekoro Federal Constituency*).

Debate.

Agreed to.

The House:

Noted that Ewekoro Local Government Area of Ogun State is rich in mineral resources such as limestone and clay and as a result, is host to several cement manufacturing plants and metal mining and production industries, including Lafarge Cement, Wapco Plc, Purechem Cement Industries Nigeria Limited and Dolphin Steels Nigeria Limited;

Also noted that in recent years, rapid expansion programmes by these industries have led to intensification of their mining and production operations, for example in 2011, Lafarge opened its 2.2 million metric tons capacity facility known as the Ewekoro 11 Plant, which is twice the capacity of the existing Ewekoro Plant with six 15 Mega Watt Units which is equal to 9 Mega Watt installed capacity with dual firing system that can use both gas and liquid fuel;

Further noted that Purechem Industries have expanded from a trading firm to a manufacturer of cement, chemicals, metal packaging, etc. while Dolphin Steels, a mining/metal industry is engaged in blasting and other production and mining operations;

Aware that in 2012, the Department of Geography and Planning Services, Adekunle Ajasin University, Ondo State, conducted an assessment of health and environmental challenges of cement factories on Ewekoro Community residents and found extensive incidents of land, air and noise pollution over and above the recommended minimum limits of the "noxious impact for an area";

Concerned that the environmental degradation, deforestation and conversion of agricultural lands and communities into quarry sites for drilling, blasting and excavation of limestone have taken a heavy socio-economic toll on the lives of the residents in terms of inhalation of cement dust emissions, exposure to polluted water bodies and noise pollution with their inherent health hazards and implications as is evidenced in the prevalence of respiratory diseases such as asthma, tuberculosis, bronchitis, heart diseases and skin cancer which have been empirically proven to be linked to exposure to silica;

Also concerned about several studies confirming the debilitating impact of cement manufacturing on the environment and the adverse effects on the lives of the residents and building sand also the damaged roads due to increase in the number of haulage vehicles plying the route and the ensuing traffic congestion resulting in loss of man hours;

Resolved to:

Mandate the Committees on Solid Minerals Development and Environment and Habitat to urgently conduct a forensic investigation into the mining operations, production, safety concerns, health and environmental considerations in the operations of these multinational industrial plants and report back within six weeks for further legislative action (H.R. 264/2016).

23. **Need to Curb the Rising Crises of Illegal Immigrants and Human Trafficking from Nigeria and Other Sub-Saharan African Countries to Italy and Other Countries of the European Union**
Motion made and Question proposed:

The House:

Aware that Section 14 (2) (b) of the 1999 Constitution states that the security and welfare of the people shall be the primary purpose of government;

Also aware that by Section 4 (1) (a) of the Immigration Act, 2015, every passenger who enters or leaves Nigeria by any means shall satisfy the immigration officer that he is a holder of a valid travel document;

Concerned that while the United Nations reported that migration across the Mediterranean sea has reached epic proportions, the International Organization for Migration (IOM) observed that about 170,100 migrants arrived Italy by sea in 2014;

Also concerned about the report of the United Nations Commission for Human Rights (UNCHR) that illegal crossings from Libya to Italy increased by 38% in 2015 and further 43% in 2016;

Further concerned that majority of those migrants arriving in Italy in the recent time are from the Sub-Saharan Africa, mainly Nigerians, Gambians and Senegalese;

Equally concerned that for those numbers of migrants successfully arriving Italy, even many more lose their lives in the course of the very dangerous trips across the Sahara Desert while others drown in the Mediterranean sea, with some reports putting the chances of a migrant arriving Italy alive as low as 10% while the females are subjected to all forms of degradation and abuse;

Worried that these migrants, even when they manage to arrive Europe alive are not automatically eligible for protection and are not qualified for European Union's relocation and redistribution program, unlike Syrians, Somalians, Afghans and Eritreans fleeing wars and persecution, thus making their initial applications for asylum very unlikely to succeed and thereby condemning most of them to legal limbo without any money, documents and having poor communication skills or understanding of the local language;

Dismayed that the Federal Ministry of Interior has little or no effective border surveillance and patrol policy to restrain those misguided and misdirected Nigerians from embarking on such illegal, dehumanizing and risky misadventures;

Also worried that African Leaders are paying lip service to this absurd loss of "the soul of a continent" not only to a new slavery while the European leaders are deliberately tightening the noose on the hapless African migrants in order to provide economic space for their own poor, economic migrants from Eastern Europe and the war torn countries like Syria and Eritrea, etc.:

Further worried that Nigeria, from where most of the migrants emanate, has not only failed to provide for the security and welfare of its young citizens who form a critical productive resource for the country but has also failed to educate them on the vagaries and risks of embarking on such hazardous and illegal trips or diplomatically engaging the transit countries on how to restrain or protect the migrants from passing through these 'corridors to hell' or with the receiving countries on the security and welfare of the migrants when they get lured into this stateless status;

Alarmed that this avoidable humanitarian crises, if unchecked will not only diminish the respect of Nigeria and Nigerians as a nation and a people but also condemn those unfortunate and misguided Nigerians to a life of indignity and modern slavery;

Resolves to:

- (i) urge the youths to be wary of sweet talking but unscrupulous human traffickers promising them non-existent jobs beyond our shores and also urge parents, community and church leaders to champion massive enlightenment campaigns against this modern slavery;
- (ii) further urge the National Agency for the Prohibition of Trafficking in Persons (NAPTIP), the Federal Ministries of Youth Development, Women Affairs, Information and Culture, Interior and Foreign Affairs to rise up to the challenges posed by this development;
- (iii) call on the Federal Government to develop a plan to mobilize both the citizenry and indeed African and other leaders in both the transit and receiving countries in the fight against this malaise while rehabilitating and resettling victims at all stages;
- (iv) also call on the 8th Assembly to champion a new Parliamentary Initiative to abolish this "modern slavery" by mobilizing resources within Nigeria and beyond against this at the levels of the sending, transit and receiving countries as well as co-ordinate the enactment of relevant legislations at the national and supra national levels; and
- (v) mandate the Committee on Human Rights to conduct an oversight of the action plan of the Federal Government to curtail the incidents of illegal migration to Europe and report back within twelve (12) weeks for further legislative action (*Hon. Patrick Asadu, Nsukka/Igboeze South Federal Constituency*).

24. Unsavory Treatment of the Super Falcons after Winning the African Women Cup of Nations Championship for the Eight Time

Motion made and Question proposed:

The House:

Recalls that the Super Falcons of Nigeria won the Africa Women's Cup of Nations Championship on December 3, 2016 for a record eight time after defeating the National Team of Cameroon, the host nation, in the final;

Aware that the players and officials are being owed backlog of allowances by the Nigerian Football Federation;

Also aware of the reported disclosure by the Hon. Minister of Youths and Sports, Mr Solomon Dalong that the victory of the Super Falcons was unexpected, a mindset that may have led to the failure to make proper arrangements for the payment of the allowances of the players and the officials;

Cognizant that the players have refused to vacate their hotel rooms until they were paid all their due entitlements, despite urging's by the Nigerian Football Federation and officials of the Ministry;

Believing that the refusal of the team to hearken to the pleas of the football officials must have been informed by past actions, inactions, failures and inability of the Nigerian Football Federation and the Sports Ministry to keep to their promises and assurances in similar situations in the past;

Resolves to:

- (i) commend, with a standing ovation, the Super Falcons for the superlative performance of the team at the just concluded Africa Women's Cup of Nations Championship in Cameroon where they won the Cup for an unprecedented eight time;
- (ii) deplore the non-payment of the allowances of the players and officials and urge the Nigeria Football Federation to pay, without further delay, the backlog of unpaid allowances; and
- (iii) mandate the Committee on Sports to ensure implementation and report back within Four (4) weeks for further legislative action (*Hon. Ayo Omidiran — Ayedaade/ Irewole/Isokan Federal Constituency*).

Debate.

Amendment Proposed:

In Prayer (ii), *leave out* the word "deplore" and *insert* the word "condemn" instead thereof (*Hon. Adeyinka Ajayi — Odo-Otin/Ifelodun/Boripe Federal Constituency*).

Question that the amendment be made — Agreed to.

25. **Need to Avert the Impending Strike Action by the National Union of Petroleum and Natural Gas Workers (NUPENG)**

Motion made and Question proposed:

The House:

Notes the report in the Vanguard Newspaper of 5 December, 2016 in which the National Union of Petroleum and Natural Gas Workers (NUPENG) issued notice of its intention to embark upon a three (3) day strike action in the first week of January 2017;

Aware that NUPENG stated that the strike action would be a precursor to a nationwide strike action if the Federal Government fails to intervene in the lingering disputes between the NUPENG and some multinational companies operating in the oil and gas industry;

Concerned about the disruptive effects of such a strike action and the attendant hardships it will bring on the people if not averted;

Resolves to:

Mandate the Labour, Employment and Productivity, Petroleum Resources (Upstream), and Petroleum Resources (Downstream), to mediate in the matter with a view to averting the threatened strike action and report back within two (2) weeks for further legislative action (*Hon. Jerry Alagbaoso — Orlu/Orsu/Oru East Federal Constituency*).
