Question that the House do suspend Order Eight, Rule 4 (3) to enable it debate the matter forthwith — Agreed to.

Investigation into the Conditions of Service Governing the Tenure of Elected Public Officers, Political Appointees, Civil Servants and Chief Executives of Public Owned Companies and Corporations and the Operational Costs of Extra-Ministerial Departments, Parastatals, Bodies and Agencies in the Executive, Legislative and Judicial Arms of the Federal Government for the Purpose of Documentation and Public Enlightenment:

The House:

Notes with keen interest and concern, the public rancour about the operational costs of running the National Assembly as the legislative arm of government;

Recalls that this type of rancour has always trailed each session of the National Assembly (post-proclamation) although it is largely informed by assumptions, ignorance, misinformation and alternative facts inspired by various motives, elements and groups some of whom are politically opposed to the institution of the National Assembly as an arm of government;

Disturbed that the searchlight for transparency regarding the conditions of service of public officers is often not beamed on the executive and judicial arms of government and to that extent a selective targeting of the National Assembly by the promoters of this type of campaign and therefore unhelpful in the search for truth and justice in this matter;

Supportive of the constitutional rights of Nigerians to freedom of expression and opinion, and to receive and impart ideas and information without interference as provided for under Section 39 (1) of the Constitution of the Federal Republic of Nigeria, 1999 (as amended);

Resolves:

- (i) that an *Ad-hoc* Committee be constituted to investigate the various conditions of service governing the tenure of public officers including political appointees, civil servants and chief executives of extra-ministerial departments, parastatals, bodies, agencies and other institutions of government including public owned companies and corporations under the control of the executive, legislative and judicial arms of the Federal Government of Nigeria;
- (ii) that the *Ad-hoc* Committee should further inquire into the operational costs of running the Federal Government of Nigeria, by whatever name including security votes, running costs, service-wide votes, imprests, contingencies, etc. in compliance with Sections 88 (1) (a) - (b) and (2) (a) - (b), and Section 89 (1) (a) - (d), and 2 of the Constitution;
- (iii) that the Committee be strongly guided by the constitutional powers exercisable by the National Assembly under section 88 (2) (b), i.e. "to expose corruption, inefficiency or waste in the execution or administration of laws within its legislative competence and in the disbursement or administration of funds appropriated;

- (iv) that the outcome of this investigation should serve the purpose of identifying illegalities, excesses or infractions of the law in any departments or levels of government, and to guide possible public debate on this subject matter which for now remains a monologue and one sided in the absence of fair hearing extended to all relevant arms of government, the National Assembly inclusive;
- (v) that the report of the inquiry be documented and made readily accessible to interested public in furtherance of access to public records as provided for in the Freedom of Information Act, 2012 (*Hon. Muhammad Musa Soba — Soba Federal Constituency*).

Debate.

Hon. Sadiq Ibrahim (*Fufore/Song Federal Constituency*) introduced the matter and prayed the House to:

- (a) consider and approve the matter as one of urgent public importance; and
- (b) suspend Order Eight, Rule 4 (3) to allow debate on the matter forthwith.

Question that the matter be considered as one of urgent public importance — Agreed to.

Question that the House do suspend Order Eight, Rule 4 (3) to enable it debate the matter forthwith — Agreed to.

Need to Address the Planned Repatriation of Nigerian Refugees from Cameroun:

The House:

Notes that in 2012, at the peak of the Boko Haram insurgency, thousands of Nigerians from the North-East fled their homes to neighbouring countries of Cameroun, Niger Republic and Chad where they sought international protection and safety;

Also notes that since 2015, many of these refugees have been gradually returning home (by road) from Cameroun through Sahuda, an Immigration Outpost in Mubi South Local Government Area of Adamawa State;

Further notes that even in October 2015, during the uprising in Central African Republic, Nigerians living there were safely repatriated by road through the Immigration Outpost of Sahuda;

Informed that there are currently 4,566 refugees in Minawawo refugee camp in Cameroon who have indicated willingness to return home, and plans are underway for their safe repatriation to Nigeria in accordance with the Standard Operating Procedures (SOPs) for Repatriation;

Also informed that to mitigate the hardship on the refugees during the repatriation, a tripartite agreement between Nigeria, Cameroon and the United Nations High Commission for Refugees (UNHCR) was signed in which it was stipulated that the return of the refugees would be done by road, and that government would undertake the immediate rehabilitation of the road from Sahuda - Mubi, and improve the Refugees Reception Facilities (RRF) in Mubi as well as facilitate their transportation/logistics in addition to providing the refugees with start-up packages in cash and/or Non Food Items (NFI), including free medication for six months;

Further informed that by the said tripartite agreement, it is also stipulated that a budgetary requirement for the repatriation should focus on the 4,560 refugees of Adamawa State origin as a pilot phase, by keeping in mind a second allocation for Borno State, because once these 4,566 refugees of Adamawa origin begin returning, their fellow refugees from Borno State will follow;

Concerned that in breach of the tripartite agreement that the evacuation would be carried out by road, the National Refugees Commission has decided to do the evacuation by air at the cost of ₦2 billion;

Disturbed that the repatriation is scheduled to commence on 1 June, 2018 without any adequate preparation, and so far, over 180,000 refugees who have returned to their communities in Adamawa State are living in abject poverty without any substantive support from the Federal Government;

Worried that this unilateral decision is not only a breach of the tripartite agreement but will incur avoidable expenses and cause unnecessary stress, hardship and loss of means of livelihood to the refugees who will be in a temporary shelter in Yola before proceeding to their final destinations in Mubi, Michika and Madagali;

Resolves to:

- (i) urge the Federal Government to halt the planned repatriation of the 4,566 Nigerian refugees by air from Cameroun scheduled to commence on 1 June, 2018 and;
- (ii) invite the Federal Commissioner for Refugees Migrants and Internally Displaced Persons to appear before the Committee on Internally Displaced Persons (IDPs), Refugees and Initiatives on North-East Zone to explain the unilateral decision, and also explain the reasons the Commission breached the tripartite agreement between Nigeria, Cameroun and UNHCR, on the modalities of repatriating the 4,566 Nigerian refugees from Cameroun to Nigeria (*Hon. Sadiq Ibrahim - Fufore/Song Federal Constituency*).

*Debate.**Agreed to.**The House:*

7. Request to include the sum of US\$496,374,470.00 in the 2018 Appropriation Bill for the Purchase of Super Tucano Aircraft from the United States Government

The House:

Notes that on Tuesday, 24 April, 2018, the President of the Federal Republic of Nigeria sent a message to notify the House of Representatives of the decision to purchase Super Tucano Aircraft under a direct Government to Government arrangement with the United States of America;

Also notes that the President having considered that this highly specialized Aircraft is critical to national security, granted Presidential anticipatory approval for the release of US\$496,374,470.00 which was paid directly to the treasury of the United States Government for the purchase of the Aircraft;

Informed that in the said letter, the President sought the approval of the House of Representatives for the sum of US\$496,374,470.00 (₦151,394,421,335.00) to be included in the 2018 Appropriation Bill currently before the National Assembly;

8. Need to Re-construct Dikwa-Marte- Monguno Federal Road in Borno State

Motion made and Question proposed:

The House:

Notes that Dikwa-Marte-Monguno road links Maiduguri the capital of Borno State to the other parts of Southern Borno as it occupies 2/3 of the road network of the Southern Borno;

Aware that Boko Haram insurgents had buried mines along the road thus making it unmotorable;

Recalls that following success recorded in the fight against the Boko Haram by the military, people along the road that were displaced by the Boko Haram were advice to return to their ancestral towns and villages;

Also aware that the advice could not be heeded to because of the deplorable condition of the road, which needs reconstruction;

Acknowledges that reconstructing the Dikwa-Marte-Monguno road to a motorable state will ease the relocation of the inhabitants of villages and towns along the road;

Resolves to:

- (i) urge the Federal Ministry of Power, Works and Housing to, without delay, commence the reconstruction of Dikwa-Marte-Monguno road in order to facilitate the return of the people displaced by the activities of the Boko Haram insurgents; and
- (ii) mandate the Committees on Works, and Appropriation to make provisions for reconstruction of the Dikwa-Marte-Monguno Federal road in the 2018 Budget estimates (*Hon. Mohammed Tahir Monguno — Mongunoo/Marte/Nganzai Federal Constituency*).

Motion referred to the Committees on Works, and Appropriation, pursuant to Order Eight, Rule 9 (5).

9. **Need to Establish an Army Barrack in Mubi, Adamawa State**

Motion made and Question proposed:

The House:

Notes that Mubi is one of the most populated, commercially viable and strategic town bordering Michika, Uba and Hong all of which are bordering the deadly Sambisa forest being used as a major hide out by the Boko Haram insurgents;

Aware that there is no military Barracks in Mubi in spite of its strategic location which also include bordering the Republic of Cameroon;

Observes that the Nearest Army Barracks to Mubi are located in Yola and Biu in Borno State which are almost 300km away and therefore could not to the advantage of the teeming population in Mubi and nearby local governments in circumstances that require rapid response;

Also notes that Mubi is the most viable in terms of spring of insurgency, yet very vulnerable due to low security presence with absence of Military Barracks despite the strategic location, high population density and Commercialization;

Worried that the lives and property of innocent Nigerians in Mubi and all the surrounding local governments of Madagali, Michika, Maiha, Mubi South, Hong and Gombi will continue to be jeopardized against the spirit of the constitution which declared the security and the welfare of the people as the primary purpose of government if urgent action is not taken to establish an Army Barrack.

Resolves to:

- (i) call on the Federal Government to establish an Army Barrack in Mubi to address the multiple security challenges in the zone; and
- (ii) mandate the Committees on Army, and Defence to ensure compliance (*Hon. Adamu Dali Usman Kamale — Madagali/Michika Federal Constituency and 1 other*).

Order read; deferred by leave of the House.

11. **Need to address the Excessive Charges for Driver's License by the Federal Road Safety Commission**

Motion made and Question proposed:

The House:

Notes the increasing number of drivers on Nigerian roads and the need to certify them as being fit to the roads through acquiring drivers' license;

Aware that the approved rate by the Joint Task Force for drivers' license is ₦6,350 for a two (2) year license and ₦10,000 for a five (5) year license, but on the contrary Nigerian are charged ₦18,000 for a two (2) year license and ₦25,000 for a five (5) year license;

Also aware of the general outcry that the process of acquiring drivers' license is becoming too cumbersome, which take about 90 to 180 days to process; and in case of a first timer, driver's license are issued in most cases without undergoing the mandatory tests;

Concerned that due to the excessive charges and delay in the release of drivers' license, prospective drivers result to self-help by driving without due documents, and in some cases resort to forging the licenses which may at the long run expose road users to unqualified drivers and loss of revenue to Government;

Determined to ensure that drivers' license are processed at the official rates and within the shortest period of time, while ensuring that proper training and tests are carried out for first time applicants.

Resolves to:

Mandate the Committee on Federal Road Safety Commission to investigate the high cost, delay and lack of due process in the issuance of drivers' license in Nigeria and report back within eight (8) weeks for further legislative action (*Hon. Johnson Egwakhide Oghuma — Etsako East/Etsako West/Etsako Central Federal Constituency*).
