11. Need to Declare a State of Emergency on Rehabilitation of Federal Roads Across the Country
Motion made and Question proposed;

The House:

Notes the dilapidated state of most Federal roads that link all parts of the Federation, a situation that is causing concern to the citizens;

Also notes that budgetary allocations for rehabilitation/maintenance of the roads are usually less than forty five (45) percent, whereas road infrastructure deficit was estimated in 2015 at ₦2 trillion;

Aware that the absence of a railway system covering the length of the country makes road transportation the most widely available means of movement from one part of the country to another, in the process, exacting immense toll on the road network;

Observes that the zero budgeting system being implemented by the Federal Government is hampering effective rehabilitation and construction of roads in the country given that there is no alternative means of funding this critical sector;

Concerned by the absence of public private partnership scheme and the failure of successive Administrations to prioritize road construction and maintenance, such that practically all Federal roads like Owo-Ikare-Kabba, Ikare-Omuo-Kabba, Ipele-Kabba, Isua-Ibilo-Okene, Okene-Obajana, Abuja-Lokoja-Okene, Lagos-Ibadan expressway, Okigwe-Umuahia, Enugu-Awka-Onitsha, etc. are at various states of disrepair;

Also concerned by the harrowing experiences commuters are having on the roads in form of accidents and attacks by hoodlums who rob and kill at will on the roads;

Resolves to:

- (i) urge the Federal Government to declare a state of emergency on the dilapidated Federal roads in the country and initiate measures to rehabilitate them; and
- (ii) mandate the Committee on Works to ascertain the status of Federal Roads across the country, the contracts awarded for their rehabilitation, the budgeted sums and states of execution from 2007 till date, and report back within twelve (12) weeks for further legislative action (*Hon. Segun Alexander Adekola — Ekiti Southwest/Ikere/Ise/Oron Federal Constituency and 1 other*).

Agreed to.

(HR. 133/2017).

Motion referred to the Committee on Works, pursuant to Order Eight, Rule 9 (5).

12. Need for the Federal Government to Concession Gele-Gele Seaport to Edo State Government and Declare it an Export and Import Free Trade Zone
Motion made and Question proposed;

The House:

Notes that Gele-Gele Seaport played a prominent role in trade between the Portuguese traders and Benin Empire in the 15th century during which commercial activities flourished so much that the Benin Monarch established an embassy in Portugal with a Benin Crown Prince as the first Ambassador, hence Oba Ewuare II, the Oba of Benin Kingdom is among those leading the quest for the establishment and concession of the seaport to Edo State;

Also notes that from its historical importance, Gele-Gele Seaport will play a significant role in the economic development of Nigeria as Edo State is connected to various parts of the country, which makes it an economic hub for transportation of merchandise;

Aware that the establishment and concession of the seaport to Edo State Government will not only provide for export free trade zone with enormous trading activities but will also lead to the creation of good road infrastructure and agro-industrial park and container terminals in the State, thereby urbanizing the predominantly rural communities in the state;

Believes that the concession will put the seaport to optimal utilization when Edo State Government, in partnership with private investors, manage the seaport as this will boost revenue generation, create more jobs, boost economic activities in the State, assist in the decongestion of other seaports, attract foreign investments and ensure increase in timely delivery and distribution of merchandise to consumer markets;

Resolves to:

- (i) urge the Federal Government to, as a matter of priority, establish Gele-Gele Seaport and concession its management to Edo State Government and also declare it an export and import free trade zone; and
- (ii) mandate the Committee on Ports, Harbours and Waterways to ensure implementation and report back in twelve (12) weeks for further legislative action (*Hon. Ehiozuwa Johnson Agbonayinma — Egor/Ikpoba/Okha Federal Constituency*).

Debate.

Question — Negatived.

13. **Need to Enlighten Motorists on Taking Advantage of the Third Party Motor Vehicle Insurance Scheme**

Motion made and Question proposed;

The House:

Notes that Section 68 (1) of the Insurance Act of 2003 provides that no person shall use or cause any other person to use a motor vehicle on a road unless a liability which he may thereby incur in respect of damage to the property of a third party is insured with an Insurer registered under this Act;

Also notes that a Third Party Insurance Policy of ₦5000 is usually purchased under the Act by the Insured for protection against another party's claims that is known as the Third Party;

Aware that motorists are systematically being denied information on the essence of the ₦5000 insurance premium paid at the point of registering a vehicle or renewal of the particulars;

Also aware that most owners of accident vehicles which were covered by insurance and ought, ordinarily to have been compensated did not receive any compensation and rather ended up bearing the costs of the repairs of their vehicles owing to the fact that majority of vehicle owners still do not know the real reason for the ₦5000 insurance policy they paid, as a result, the Insurance Companies are raking in fortunes without paying compensation to the Insured;

Resolves to:

- (i) urge the Federal Ministry of Information and Culture, to initiate enlightenment campaigns on the rights of the Insured under the Third Party Motor Vehicle Insurance Scheme: and

- (ii) mandate the Committee on Insurance and Actuarial Matters, to investigate the operations of the Third Party Motor Vehicle Insurance Scheme in order to determine whether the Insured are deriving benefits from the Scheme and constraints in its operations, and report back in twelve (12) weeks for further legislative action (*Hon. Francis Charles Uduyok — Ikot Abasi/Mkpat Enin/Eastern Obolo Federal Constituency and 1 other*).

Debate.

Amendments Propose:

- (i) In Prayer (i), line 1, immediately after the word “the” *leave out* the words “Federal Ministry of Information and Culture” and *insert* the words “Nigeria Insurers Association” (*Hon. Oladele Olatunbosun George — Irepo/Orelope/Olorunsogo Federal Constituency*).

Question that the amendment be made — Agreed to.

- (ii) In Prayer (ii), line 1, immediately after the word “Matters” *insert* the words “Federal Road Safety Commission (FRSC)” (*Hon. Abubakar Yunusa Ahmad — Yamaltu/Deba Federal Constituency*).

Question that the amendment be made — Agreed to.

Question on the Motion as amended — Agreed to.

The House:

Noted that Section 68 (1) of the Insurance Act of 2003 provides that no person shall use or cause any other person to use a motor vehicle on a road unless a liability which he may thereby incur in respect of damage to the property of a third party is insured with an Insurer registered under this Act;

Also noted that a Third Party Insurance Policy of ₦5000 is usually purchased under the Act by the Insured for protection against another party's claims that is known as the Third Party;

Resolved to:

- (i) urge the Nigeria Insurers Association, to initiate enlightenment campaigns on the rights of the Insured under the Third Party Motor Vehicle Insurance Scheme; and
- (ii) mandate the Committees on Insurance and Actuarial Matters, and Federal Road Safety Commission (FRSC), to investigate the operations of the Third Party Motor Vehicle Insurance Scheme in order to determine whether the Insured are deriving benefits from the Scheme and constraints in its operations, and report back in twelve (12) weeks for further legislative action (**HR. 134/2017**).

14. Call for Harmonization of Bio-metric Data of Nigerian Citizens

Motion made and Question proposed;

The House:

Recalls that the issue of National Identity Scheme in Nigeria was first conceived in 1977 but was eventually executed almost twenty five (25) years later in view of the importance of biometric data in planning and development of all sectors of a country's economy;

Notes that several countries of the world like the United States, Canada, South Africa, United Arab Emirates, among others have achieved great outcomes in economic development and crime detection, prevention and fighting as a result of the harmonization of the biometric data of their citizens;

Aware that the Central Bank of Nigeria, the Federal Road Safety Commission, the Federal Inland Revenue Service, the National Pension Commission, the Independent National Electoral Commission, the National Health Insurance Scheme, the National Population Commission, Telecom Service Providers and the Federal Ministry of Agriculture and Rural Development have all separately initiated their own biometric data gathering which has led to duplicity of efforts due to lack of coordination, thus leading to the storage of the same biometric data by multiple agencies;

Observes that following the biometric data capturing exercises, some of those agencies have obtained biometric data records thus:

- (i) Central Bank of Nigeria/Nigeria Inter-Bank Settlement System — 16 million persons,
- (ii) Independent National Electoral Commission (INEC) — 60 million persons,
- (iii) Nigerian Communications Commission (NCC) — 150 million persons,
- (iv) Federal Road Safety Commission (FRSC) — 5 million persons,
- (v) Nigerian Immigration Service (NIS) — 20 million persons;

Recognizes that harmonization of biometric databases of the agencies of Government and private entities will help in saving about ₦40 billion in operational costs and citizens will not be required to have their bio-metrics taken over and over again by different agencies working for the same Government;

Resolves to:

- (i) urge the Federal Government to initiate measures for the harmonization of the biometric data of Nigerians that have been captured by different agencies of Government; and
- (ii) mandate the Committees on Population and Governmental Affairs to ensure implementation and report back within six (6) weeks for further legislative action (*Hon. Ochiglegor Idagbo — Obanliku/Obudu/Bekwarra Federal Constituency*).

Debate.

Amendments Propose:

- (i) *Leave out* Prayer (i) and *insert* a new Prayer as follows:

“Urge the Federal Government of Nigeria, to mandate the National Identity Management Commission (NIMC), to coordinate the harmonization of database through National Identification Number (NIN) for a successful outcome” (*Hon. Jimoh A. Olajide — Lagos Mainland Federal Constituency*).

Question that the amendment be made — Agreed to.

- (ii) *Insert a new Prayer (iii) as follows:*
“Urge the National Population Commission (NPC), to commence the digital registration of deaths and births in seven hundred and seventy-four (774) Local Government Areas of the federation” (*Hon. Chris Azubogu — Nnewi North/Nnewi South/Ekwusigo Federal Constituency*).

Question that the amendment be made — Agreed to.

- (iii) *Leave out Prayer (i) (Hon. Mahmud Mohammed — Agaie/Lapai Federal Constituency).*

Question that the amendment be made — Agreed to.

- (iv) *In Prayer (ii), line 1, immediately after the words “Affairs to”, leave out the words “ensure implementation” and insert the following “follow up on the progress of harmonisation” (Hon. Mahmud Mohammed — Agaie/Lapai Federal Constituency).*

Question that the amendment be made — Agreed to.

Question on the Motion as amended — Agreed to.

The House:

Recalled that the issue of National Identity Scheme in Nigeria was first conceived in 1977 but was eventually executed almost twenty five (25) years later in view of the importance of biometric data in planning and development of all sectors of a country's economy;
