MOTIONS

**7. Need to Establish a Naval School at Borgu, New Bussa Local Government Area of Niger State:
Hon. Ahmed Abu:**

The House:

Notes that Kainji Dam gets its water from the River Niger which goes through Kebbi, Borgu, Kogi State and Asaba in Delta State to the Atlantic Ocean;

Aware that the Dam, that was built in 1962, is still generating electricity which is being distributed even to Niger Republic;

Also aware that in the boundary areas of the island of Borgu, there are Army and Air Force Schools as well as a College for wild life management;

Informed that the Chief of Naval Staff has identified the need for a Naval School in Borgu and has made a proposal to the Federal Government for the establishment of one;

Convinced that considering the level of insurgency and cross border crimes which are posing a lot of risks to lives and properties, establishing a Naval School in Borgu will be beneficial not only to Nigeria but also to the neighbouring countries;

Resolves to:

- (i) urge the Federal Government to establish a Naval School at Borgu, New Bussa Local Government Area of Niger State; and
- (ii) mandate the Committees on Special Duties, and Navy to ensure implementation and report back in six (6) weeks for further legislative action.

8. Need to Investigate the Handling of Import Duty Revenues, Waivers and Bonds on Import Duties Collected by the Nigeria Customs Service from 2010 to Date:

Hon. James Abiodun Faleke

Hon. Chanchangi Rafiu

Hon. Ayinla Bolaji

Hon. Akinfolarin Mayowa

Hon. Awodumila Johnson

Hon. Moh'd Rofia

Hon. Orker-Jev Emmanuel Yisa

Hon. Jisalo Zaphaniah

Hon. Garba Sabo

Hon. Ossy Prestige Chinedu

Hon. Danburam Abubakar

Hon. Kila Yuguda H.

Hon. Garba Chede H. Julde

Hon. Onyemaechi Mrakpor

Hon. Sani Umar Bala:

The House:

Notes that the Nigeria Customs Service is mandated, among other things, to collect duties on all goods imported into Nigeria except those that were granted waivers and are on the prohibited list;

Also notes that the Nigeria Customs Service customarily issues Pre-Arrival Assessment Reports which are used to assess duties payable on imported goods but the Reports are sometimes compromised by importers, thereby leading to under payment of duties in billions of Naira;

Aware that the Ministry of Finance gave series of duty waivers to companies in line with the policy of government to assist businesses, but in most cases, the waivers were used to import goods not listed on the approval, thereby depriving the government of the needed revenues;

Also aware that some importers, most times, issue Bank and/or Insurance Bonds to Nigeria Customs Service in lieu of duty payments to enable the importers clear the imported goods immediately and thereafter expected to redeem the Bonds by paying the appropriate duty rates, but information reveals that the Bonds are either partially redeemed or never redeemed at all;

Further aware that the inability of the Federal Government to finance the 2017 budget and meet its other obligations made the Ministry of Finance to source for funds from local Banks and the Capital Market through "sukuk" etc., meanwhile there are leakages in revenue collections by the Nigeria Customs Service;

Acknowledges that if those leakages are blocked and the perpetrators punished, Nigeria's revenue base will increase and there may not be any need to source for funds of any type to fund infrastructural development in the country;

Resolves to:

Mandate the Committee on Customs and Excise to:

- (i) determine the nature and extent of abuse of the Customs Pre-Arrival Assessment Reports (PAAR) by importers and officials of the Customs Service in order to recover the revenues due to the Federal Government but were not paid;
- (ii) investigate the abuse of import duty waivers granted by the Federal Ministry of Finance and its effects on the economy; and
- (iii) identify the companies or individuals that have refused to redeem the Bonds even after clearing their imports, and report back in Ninety (90) days for further legislative action.

9. Need to Investigate the Operational Activities of Webb Fontaine Nigeria Limited in the Nigeria Customs Service Information and Communications Technology (ICT) Infrastructure Between 2013 and 2017, the Violation of Its Automated System for Customs Data (ASYCUDA) Time-Line Agreement, Rules of Engagement and Delay in the Handover of its Services to the Nigeria Customs Service:

Hon. Jerry Alagbaoso

Hon. Sabo Garba

Hon. Gogo Bright T.

Hon. Jisalo B. Zaphaniah

Hon. Nkeiruka Onyejeocha

Hon. Albert A. Adeogun

Hon. Sabo Garba

Hon. Ossy Prestige:

Hon. Solomon B. Maren

Hon. Yuguda H. Killa

Hon. Bede Eke

The House:

Notes that Webb Fontaine Nigeria Limited is one of the Service Providers for the import and export trade facilitation within Nigeria Customs Service ICT Infrastructure;

Recalls that while other Service Providers like Cotecna, SGS and Global Scan which operated in the various seaports, airports and borders handed over their operations to the Nigeria Customs Service on 1 December, 2013, Webb Fontaine Nigeria Limited never did for some curious reasons;

Aware that Webb Fontaine has transferred almost all its shares to Hong Kong and is left with one share as stated on the deed of transfer of shares Forms 2006 which raises the question of whose economic interest that is being protected by the transfer of nearly all its shares abroad, more so when Hong Kong is not under Nigeria's jurisdiction;

Concerned that the transfer of the shares to Hong Kong implies that when Webb Fontaine wins a huge service contract in Nigeria, a major chunk of the profit will be transferred offshore to Webb Fontaine Hong Kong;

Cognizant that Webb Fontaine is being monitored from abroad, especially now that it still has some perks of ICT infrastructure relationship with Nigeria Customs Service in the area of application of software as far as Pre-Arrival Assessment Report (PAAR) and trade facilitations are concerned in Nigeria;

Believes that Webb Fontaine appears to be losing interest in Nigeria and consequently does not deliver its services having transferred majority of its shares abroad which calls for a re-examination of the Time-Line Agreement, Rules of Engagement, Schedule of Payment of its services and Corporate Economic and Social Responsibilities so far in Nigeria;

Resolves to:

- (i) urge the Federal Ministry of Finance to look into its Agreement with Webb Fontaine with a view to exploring the option of handing it over to the Nigeria Customs Service as already done by other Service Providers and also set up a Compliance Monitoring Team that will liaise with the Nigeria Customs Service to further utilize its ICT Infrastructure towards conforming to the World Customs Organization standard; and
- (ii) mandate the Committee on Customs and Excise to investigate the operational activities in the Nigeria Customs Service ICT Infrastructure between 2013-2017, violation of its ASYCUDA Time-Line Agreement, Rules of Engagement and the delay in handing over to Nigeria Customs Service when other Service Providers did so in December, 2013, and report back in six (6) weeks for further legislative action.

10. Need to Investigate the Allegations that Ministries, Departments and Agencies (MDAs) of Government Owe ₦115 Billion Tax Liabilities and that Some Taxes Collected by Banks were not Remitted to the Federal Inland Revenue Service (FIRS):

Hon. Jerome Amadi:

The House:

Notes that with the receding economic recession in the nation, the need to increase government revenues through aggressive taxation drive, policies, remittances and accountability cannot be over emphasized as they constitute the veritable measures towards the country completely exiting recession;

Aware of the low culture of individual and corporate organizations' tax compliance, despite taxation being the means through which governments can earn extra revenues to bring about the much desired development to the country, especially in the face of declining revenues from Crude Oil;

Also notes the recent allegation by the Revenue Mobilization Allocation and Fiscal Commission (RMAFC) that some MDAs are owing the Federal Government ₦115 Billion which is such a serious issue that should not be allowed to be swept under the carpet, especially that those funds could have either been mismanaged or squandered by those Agencies;

Further notes a similar allegation by the then Ag. Chairman of the Federal Inland Revenue Service (FIRS), Mr. Kabir Mashi on September 3, 2017 at a forum in Abuja that the FIRS is losing huge revenues through MDAs that award contracts to companies without Tax Identification Number (TIN), pointing out that deductions made for Withholding Tax (WHT) or Value Added Tax (VAT) and remitted through Banks are often not transferred to the FIRS;

Resolves to:

Mandate the Committees on Finance and Public Accounts to investigate the allegations with a view to determining the amount each Ministry, Department or Agency (MDAs) is owing and for how long the amount had been withheld, make recommendations on how to prevent re-occurrence of this illegality and report back within six (6) weeks for further legislative action.

CONSIDERATION OF REPORTS
