**5. Rescission of the Report of the Conference Committee on the Public Procurement Act (Amendment) Bill, Pursuant to Order Nine, Rule 1(6) of the Standing Orders of the House of Representatives:**

**Hon. E.Y. Orker-Jev:**

**The House:**

*Notes that* the Report of the Conference Committee on a Bill for an Act to amend the Public Procurement Act was considered and adopted on Thursday, 27<sup>th</sup> July, 2017;

*Aware that* the Conference adopted clause 1(2) of the House of Representatives Bill as passed;

*Also aware* that Clause 5 of the Report did not reflect in whole, the House version as adopted;

*Further aware* that Clauses 10 and 12 of the Report did not reflect what was adopted in the Conference;

*Desirous* of taking necessary steps to reflect the correct and intended amendment of the Public Procurement Act by rescinding the House decision in Clause 1(2) which amended Section 1(2) of the Public Procurement Act, Clause 5 which amended Section 5 of the Public Procurement Act, Clause 10 which amended Section 15 of the Public Procurement Act, Clause 13 which amended section 20 of the Act, Clause 14 which amended Section 21 of the Act, Clause 17(A and B) which amended Sections 25 and 28 of the Act respectively and Clause 18 which amended Section 35 of the Act;

**6. Need for Gradual and Constant Rehabilitation of Nigerian Roads:  
Hon. Bolaji Yusuf Ayinla:**

The House:

*Notes that* many Federal Roads in different parts of the country are dilapidated which has affected the free movement of people and goods across the country as a lot of delays and accidents occurring on the roads are attributable to the bad state of the roads;

*Also notes that* all the bad Federal Roads in Nigeria need immediate attention of the Federal Government and the limited resources at the disposal of the Federal Government has made it impossible for all the roads to be rehabilitated at the same time;

*Further notes that* successive governments had awarded contracts for the rehabilitation or reconstruction of long stretches of Federal Roads proposed in annual budgets but many of such contracts were not executed due to the inability of those governments to release funds on time for the projects;

*Convinced that* if contracts are awarded yearly for the rehabilitation of specified stretches of selected Federal Roads, it would be easier for the Federal Government to release funds to execute them and ensure that more roads are rehabilitated within the four-year tenure of a particular administration;

*Resolves to:*

Urge the Federal Government to adopt a system of gradual and constant rehabilitation of Nigerian roads by awarding only contracts it has resources to execute within a fiscal year.

**7. Need to Ensure Remittance of Budgetary Provision for the Federal University of Petroleum Resources, Effurun to Boost Research Development in the Oil and Gas Industry:  
Hon. Reyenieju Daniel:**

The House:

*Notes that* the Federal University of Petroleum Resources, Effurun, Delta State enabling Act was passed in 2017;

*Also notes that* the Federal University of Petroleum Resources which is the first in Africa and sixth in the world was set up with the core mandate of producing skilled personnel with the capability to understand, use and adapt existing technology, improve on and develop new ones;

*Further notes that* this specialized University is the Federal Government's deliberate effort to strengthen capacity in science and technology with special focus on petroleum resources and other allied sectors in the Niger Delta Region;

*Aware that* Section 9 (2), (3) and (4) of the Federal University of Petroleum Resources (Establishment) Act 2017 provides as follows;

“(2) The Federal Ministry of Petroleum Resources, Petroleum Technology Development Fund and the Nigerian Content Development and Monitoring Board (NCDMB) shall provide two per cent of their annual budgets for research programmes in petroleum technology, and facilities in the university;

(3) Petroleum Technology Development Fund shall contribute at least two per cent of its gross revenues for the academic and infrastructural development of the university;

(4) The general fund shall be applied for the purpose of the university”;

*Concerned* that paucity of funds will hinder the capacity of the University to conduct researches that will impact positively on the oil and gas industry which in turn relates to low specialized students' enrolment;

*Worried that* if the annual remittance is not given the budgetary attention as envisaged under the Act, it will continue to reduce Nigeria's locally trained human capacity in the oil and gas industry;

*Resolves to:*

Mandate the Committees on Petroleum Resources (Upstream), Tertiary Education and Services, Finance and Local Content to ensure that the Federal Ministry of Petroleum Resources, Petroleum Technology Development Fund and the Nigerian Content Development and Monitoring Board provide two per cent of their annual budgets to the Federal University of Petroleum Resources, Effurun in the 2018 Appropriations Estimates.
