### MOTIONS

#### 4. **Need for Construction of Road to Link Communities in Jigawa, Bauchi and Kano States:** **Hon. Salisu Zakari Ningi:** **The House:**

*Notes* that the need to construct a road to link several communities of Gwaram in Jigawa State with Warji, Dallaji – Tudun Wada, Nasaru, Balma Masussuka, Kafin Lemo of Bauchi State to Sumaila Road in Kano State has become paramount;

*Informed* that the road has for a long time remained untarred and therefore unmotorable which causes transit fatigue, hardship, danger and also exposes commuters to accidents due to the bad state of the road;

*Aware* of the Economic Importance of the road to local traders and farmers who ply the road to make ends meet;

*Also informed* that the deplorable condition of the road makes it very easy for kidnappers and armed robbers to carry out their operations freely and then run into their hideouts in the bush along its stretch;

*Cognizant* that the construction of the road will greatly ease the transportation difficulties currently being experienced by the people and reduce incidents of kidnapping and armed robbery that thrive as a result of the bad state of the road;

*Resolves to:*

- (i) Urge the Federal Ministry of Power, Works and Housing to embark upon construction of the Road from Gwaram in Jigawa State to Warji, Dallaji-Tudun Wada, Nasaru, Balma Masussuka, Kafin Lemo of Bauchi State to Sumaila in Kano State;
- (ii) Mandate the Committees on Works, Appropriations and Legislative Compliance to ensure the construction of the road is included in the 2018 budget proposal.

**5. Need to Investigate the Untoward activities going on in various Internally Displaced Persons (IDPs) Camps in Nigeria:  
Hon. Hassan Saleh.**

The House:

*Notes* with concern the publication in the Nation Newspaper of December 17, 2017 on how the Internally Displaced Persons Camps in Nigeria are poorly managed;

*Further notes* that there are several IDP Camps all over the country due to the continuous invasion by Boko Haram which has led to displacement of many innocent citizens from their Communities;

*Worried that* there are a lot of stories in our national dailies, including the New York Times, of the harrowing experiences of rape committed against women and girls by men in the Camps especially those who are supposed to protect them;

*Further worried* that the stories are the same in all the Camps across the country namely: rape, sex for food and materials, rampant pregnancy and abandonment of young mothers and their children. There are also cases of pilfering of relief materials and extortion ravaging the camps;

*Aware that* Human Rights Watch had reportedly written to various government agencies requesting comments on the various allegations emanating from all the camps, but has not received any response;

*Further aware* that the National Emergency Management Agency (NEMA) is mandated under the National Emergency Management Agency Act to provide emergency reliefs to victims of "natural or other disasters" and to assist in their rehabilitation, but NEMA and the Refugee Commission which have expanded mandate for IDPs are unable to cope with the level of displacement;

*Concerned that* the efforts of government concerning the care and protection of the IDPs is not enough, hence the need for government to do more to protect them;

*Resolves to:*

Mandate the Committee on IDPs, Refugees and Initiatives on North East to investigate the rampant cases of rape, teenage pregnancy, extortion and stealing of relief materials in Internally Displaced Persons (IDPs) Camps across Nigeria and report back within 8 weeks.

**6. Urgent Need to Conduct a Comprehensive Audit of all Revenues Accruable to the Federal Capital Territory Administration (FCTA) through the Abuja Investment Company Limited, its Subsidiaries and Affiliates and also the Alleged Abuse of Due Process in the Last 10 Years (2007-2017):  
Hon. Prestige Ossy:**

The House:

*Notes* that the Abuja Investment Company limited (AICL) was incorporated in 1994 as Abuja Investment and Property Development Company (AIPIDC);

*Also notes* that AICL is wholly owned by the Federal Capital Territory Administration (FCTA) with a vision to build capacity in Public Private Partnership Administration and Asset Management for sustainable development;

*Further notes* that the Abuja Investment Company limited oversees the Abuja Markets Management Limited, Abuja Urban Mass Transport Company Limited, Abuja Property and Development Limited, Abuja Technology Village, and Abuja Film Village International;

*Aware* that FCTA controls varying stakes in various affiliates of the Abuja Investment Company Limited which include the Abuja Leasing Company limited, Abuja Connect limited, Power North AICL Equipment Leasing Limited, Abuja Power Company limited, Aso Properties and Investment Management Limited, Aso Savings and Loans limited, among others;

*Informed* that as a result of the abuse of due process by the Abuja Markets Limited and other subsidiaries, the AICL signed a Facility Management Agreement which has been consistently disregarded to the detriment of the Federal Government;

*Also informed* that one of the Subsidiary of the Abuja Urban Mass Transport Company Limited receives Forty Million Naira (N40, 000, 000) monthly as subsidy to augment its operations which, according to findings, is unnecessary if the organization is efficiently managed;

*Concerned* that about NI Billion (One Billion Naira), which is expended annually on diesel and appropriated for, is a source of embezzlement being perpetrated by a few individuals at the expense of the country;

*Also concerned* that in spite of the capital invested by the Federal Government to establish the Abuja Investment Company Limited, its Subsidiaries and affiliates have become a source of revenue leakages and fraud running into billions of naira;

*Worried* that efforts by the new management of AICL to sanitize the activities of its Subsidiaries are being frustrated as laid down agreements are blatantly disregarded;

*Resolves to:*

Mandate the Committee on Federal Capital Territory to:

- (i) carry out an extensive audit of all contract agreements entered into between the Abuja Investment Company Limited (AICL) and its Subsidiaries/affiliates and revenues accruable from the contracts as well as remittances made to date and losses, if any;
- (ii) investigate the immediate and remote causes of breach of due process and report back within four (4) weeks for further legislative action.

**7. Need for the National Directorate of Employment (NDE) to Commence Work on the Proposed Skills Acquisition Centre in Ajeromi/Ifelodun Federal Constituency of Lagos State:  
Hon. Rita Orji:**

The House:

*Notes* that Ajeromi/Ifelodun Federal Constituency is densely populated with an adult population of 2.6 million as captured in the 2006 Census exercise;

*Also notes* that the entire South West Geopolitical Zone does not have a modern skills acquisition center like other zones to train people to be self-reliant and independent;

*Further notes* that the Hon. Minister of Labour and Employment, Dr. Chris Ngige had mandated the National Directorate of Employment (NDE) to undertake the construction of the skills acquisition centers in the South West Zone;

*Informed* that in a bid to ensure the construction of a skills acquisition center in Ajeromi/Ifelodun Federal constituency, a parcel of land measuring about 3.4 hectares was provided for the National Directorate of Employment (NDE) and approval was given for same by the Hon Minister since year 2017 but the NDE has not complied due to bureaucratic bottle necks;

*Aware* that providing a skills acquisition center in the Constituency will reduce the menace of jobless youths commonly referred to as Area Boys, harness their enormous potentials and enable them become self-reliant with a view to generating a pool of indigenous and trained manpower sufficient to meet the needs of the private and public sectors of the entire Constituency and beyond;

*Resolves to:*

- (i) Mandate the Committee on Labour, Employment and Productivity to interface with the Hon. Minister of Labour and Employment and the Director-General of the National Directorate of Employment (NDE) to ascertain the reasons for the delay of the project in Ajeromi/Ifelodun Federal Constituency with a view to ensuring its early commencement;
- (ii) Also mandate the Committees on Appropriations and Legislative Compliance to ensure that the project is included in the 2018 Budget proposal.

**8. Need for the River Basin Development Authorities to Focus on their Statutory Mandate to reduce Nigeria's Dependency on Rain-Fed Agriculture:  
Hon. Emmanuel Ukoete.**

The House:

*Notes* that Nigeria has eleven River Basin Development Authorities (RBDA's) which were established in 1976 to harness the country's water resources and optimize Nigeria's agricultural resources for food self-sufficiency;

*Also notes* that the River Basin Development Authorities are also expected to bridge the gap between rural and urban centres by taking development to the grass roots and discourage rural – urban migration;

*Aware* that the River Basin Development Authorities include the Sokoto – Rima Basin, the Hadejia–Jema'are Basin; the Lake Chad Basin, the Upper Benue Basin, the Lower Benue Basin,

*Also aware* that the River Basin Authorities have over the years, embarked on construction of many Dams which include; Nkari, Qua Falls, Obudu, Bakolori, Ede-Erinle, Zobe, Zauro, Tiga, Oyan, Kiri, Kafin Zaki, Ikere, Goronyo, Challawa, Dadin Kuwa, Asijere and so many others;

*Concerned* that the eleven River Basin Development Authorities and their numerous Dams have largely failed to lift Nigeria from rain-fed agriculture since the one seasonal farming period cannot satisfy the country's food needs despite its vast arable land;

*Also concerned* that other mandates of the River Development Basins (RBDA's) that are aimed at stimulating the setting up of large plantations and industrial complexes capable of bringing the private and public sectors into joint business partnerships have been largely unattainable;

*Further concerned* that the failure of the River Development Basins in carrying out their functions has led the country into spending billions of naira yearly in the importation of tons of fish and other agricultural produce that should readily have been available in Nigeria;

*Cognizance* of the Federal Government's current drive to diversify the economy through agriculture;

*Resolves to:*

- (i) Urge the Federal Ministry of Water Resources to come up with strategies to resuscitate the River Basin Development Authorities to enable them achieve their statutory mandate of diversifying the economy through agriculture;
- (ii) Mandate the Committee on Water Resources to visit and assess the eleven River Basin Development Authorities, their Dams and Reservoir projects across the country with a view to ascertaining their levels of operations and ensure increased allocations to them in the 2018 budget estimates.
