### 3.0 COMMITTEE CONSIDERATION

- i Upon referral, the Committee carried out its legislative mandate on the submission and noted that the Developmental Budget is basically a roll over of the 2017 Budget In furtherance of the drive to ensure completion of ongoing Projects.
- ii The Management of NDDC in their Report for 2017 disclosed a Receipt of N301.8 Billion out of N364.4 Billion indicating a revenue performance of 83% . The report also disclosed an Expenditure of N291.3 Billion out of N364.4 Billion indicating 80% expenditure performance on both Recurrent and Capital Expenditure on 2017 Budget.
- iii The Committee observed that in the revenue projections of the Commission, statutory contribution by the Federal Government was placed at N81.8 Billion. However, the Appropriations Act, 2018 reflected a decrease in statutory transfer to the NDDC to the tune of N71.1 Billion.
- iv It is note worthy that the continuous intervention by the National Assembly to enhance the funding capacity of the NDDC resulted in the passage of the NDDC (Amendment) Act, 2018. The immediate benefit of the Act is that Nigeria Liquefied Natural Gas company(NLNG) which had not contributed to the funding of NDDC is now an active contributor . There is also an increase in the revenue projections from the oil and gas companies.
- v The Committee adopted the submission of the Commission on Personnel Expenditure, Overhead Expenditure and Internal Capital. However, the Committee noted that the budget for non project Capital is reduced from N4.4 Billion in 2017 to N2.8 Billion in 2018 to free funds for Development Projects.
- vi The Senate Committee on Niger Delta and the House of Representatives Committee on NDDC unanimously resolved to recommend that the lifespan of the budget be extended to enable the Commission achieve full implementation. Accordingly, the 2018 NDDC Budget is recommended to elapse on 31st July, 2019.
