8. Motions:**(a) *Worrisome dimension of Cyber-Crime and Insecurity- urgent need for concerted efforts to secure Nigeria's Cyberspace:***

Motion made: That the Senate notes that the positive posture of ICT revolution is being dampened by malicious activities of criminal elements in society which invade the cyberspace, presenting risks to businesses, national economies and security such as malicious use of the social media, identity theft, electronic fraud, data damage or alteration, espionage, etc;

aware that these elements have developed several hacking technics, one of the most recent being Ransomware known as WannaCry Worm or WannaCrypt which infects computer operating systems and networks, encrypt files and ask for ransom;

worried that cyber-attacks are taking a dangerous dimension all over the world, for instance the Lloyds Banking Group and Barclays Bank of UK suffered 48-hour online attack from 11th to 13th of January this year, in which the criminals attempted to block about 20 million accounts, bombarded Lloyds, Halifax and Bank of Scotland with millions of fake requests designed to grind the groups' systems to a halt and asked for a huge ransom in bit coins to end the attacks which were being prevented by the Denial of Access System (DOS);

further worried that on the 12th May, 2017 at least 200,000 targets in over 150 countries were hit by cyber-attacks which the Internet Protocol suggested to have originated from the Middle East particularly from Syria and Iran, as well as from Kenya, supposedly using a Malware known as Lazurus to compromise systems in banking and information networks, with no dear evidence yet as to how the act was perfected, and that the criminals are already targeting Nigeria;

alarmed about revelations from studies that over 70% of hacking attempts so far, i.e. about 3,500 cyber-attacks on the Nigeria ICT space, have been successful resulting in loss of over \$450 million and that government servers are currently under serious threat;

further alarmed about Oversight findings of the Senate Committee on ICT and Cybercrime which reveal that ICT shortfall in the country is enormous, that Nigeria's cyber space is porous and that the system lacks a well- structured and effective approach to cybercrime control;

concerned that in view of voluntary and involuntary insider compromise, together with poor information technology standards in the country, Nigeria's security and financial system could be an easy prey to the heightened threatening ramifications of e-crime; and

further concerned that there is an urgent need to up-scale Nigeria's consciousness towards protection of the country's cyber space.

Accordingly resolves to:

- (i) urge the National Security Adviser to alert all security agencies and financial institutions in the country about the current and threatening dimensions of cyber-attacks: and
- (ii) mandate the Committee on ICT and Cybercrime to immediately convoke a National Stakeholder Conference on Cyber Security with a view to stimulating a collective reflection among relevant stakeholders and articulating a national and broad-based approach to keeping the country ahead of the challenge (*Senator Buhari Abdulfatai — Oyo North*).

(b) Need to ensure Affordable and Accessible Mental Health Care for Nigerians.

Consideration of Motion deferred to another Legislative Day.

(c) Calabar Football Viewing Centre Tragedy:

Motion made: That the Senate notes with great concern the death of several youths in Nyangassang Community in Atimbo area of Calabar on 22nd April, 2017 after a High Tension Cable that belongs to Port Harcourt Electricity Distribution Company (PHEDC) fell and electrocuted them at a Football Viewing Centre;

further notes that this sad incident threw Nigeria, other football loving nations and organizations into mourning;

observes that President Muhammadu Buhari through his Media Aide condoled the families of the deceased and expressed sadness over the death of the football fans;

further observes that the leadership of the National Assembly also condoled the deceased families and Cross River State Government for the tragic loss;

aware that football is a game of unity that contributes in taking restive youths off the streets;

further aware that the Federation of International Football Association (FIFA) as a body that takes safety at football venues seriously also expressed sadness over the unfortunate electrocution of football fans in Calabar;

acknowledges that Manchester United, the football club whose fans were affected by the electrocution, had through its twitter handle condoled with the friends and families of the victims of the tragedy; and

concerned that the Port Harcourt Electricity Distribution Company (PHEDC) as a successor company of PHCN should be responsible for regular checks of its electrical installations in all areas of its operation.

Accordingly resolves to:

- (i) observe a minute silence for the 7 persons who lost their lives in the tragic event;
- (ii) urge all Electricity Distribution Companies to carry out regular checks and maintenance of their installations so as to forestall tragedies such as this; and
- (iii) mandate the Committee on Power, Steel Development and Metallurgy to invite the Nigeria Electricity Regulatory Commission, Nigeria Electricity Management Services Agency and the Port Harcourt Electricity Distribution Company to ascertain the remote and immediate causes of the accident and report its findings and recommendations to the Senate (*Senator Gershom O. Bassey — Cross River South*).

(d) *Urgent need to investigate the alarming rate of Rape and Sexual Assault against Women, Children and vulnerable people across the Country:*

Motion made: That the Senate notes the frightening increase in cases of Sexual violence, notably rape where more than half of the victims are minors, children below the age of consent;

further notes that in most of these cases, the perpetrators are usually familiar neighbors, employers of labor and close family members;

concerned that the activities of these sexual predators constitute a serious security threat to the larger segment of our society and are severely under reported;

worried that the perversion is spreading across the country, with both the male and female gender as victims especially in view of the poor prosecution and conviction numbers being turned out;

further worried with statistics released by the Lagos State Government, as reported in Thisday Newspaper on April 24, 2017, stating that 1,480 cases of domestic violence ranging from rape, child abuse, sexual abuse, assaults, defilement, and matrimonial issues in a space of two years;

recalls a publication by Human Rights Watch of 6th November, 2016 alleging that government officials raped and sexually abused women and girls who survived Boko Haram violence which incidence has not been legally concluded to serve as a deterrent;

disturbed that on a nearly daily basis our newspapers are awash with reports of rape and other sexual violence;

observes that these acts portray the country in bad light and are alien to both our cultural and religious orientation as a people; and

recalls that the 7th Senate had passed the Violence Against Persons (Prohibition) Act 2015 and the 8th Senate has passed the Sexual Offences in Tertiary Institutions Prohibition Bill, 2016 to combat these perversions.

(e) *The Continued Voters Registration Exercise; Matters Arising:*

Consideration of Motion deferred to another Legislative Day.

(f) *Undue Dramatization of the Fight against Corruption in Nigeria:*

Motion withdrawn.

(g) *Non usage of coin currencies in Nigeria and its negative effects on the economy:*

Motion made: That the Senate notes that according to the Central Bank of Nigeria (CBN), all currencies shall be legal tender in Nigeria at their face value and that as at now comprises of three coin denominations and eight note denominations, the coins are 50kobo, ₦1 and ₦2, while the note denominations are ₦5, ₦10, ₦20, ₦50, ₦100, ₦200, ₦500 and ₦1,000;

further notes that in Nigeria there are two types of retail payments, the highly repetitive small value transactions such as urban transportation, sweets, cigarettes, kola nuts, vegetables, sachet water etc, as well as less frequent but high value transactions such as clothing, footwear, raw foodstuff, electronics etc;

observes that coin currencies globally are designed to cater for the highly repetitive transactions because of the nature and conditions under which they happen, such as crowded markets, bus stations, congested traffic and varying weather conditions, including rainy, sunny and humid conditions in which notes are ill-suited for them;

further observes that countries regularly upgrade their coinage to keep pace with the prices of this category of retailer items;

aware that the overwhelming majority of Nigerians engage in the highly repetitive small value transactions due to their income and locations;

observes that even in developed countries like the United Kingdom, the United States of America (USA), Japan, China, the European Union (EU) and the entire United Arab Emirate (UAE), coins are used as means of exchange through cash transactions;

worried that although the country's currencies are in notes and coins, indications are that coins are fast going out of fashion and into extinction in Nigeria;

further worried that a survey recently conducted by experts reveals that in the early 90's, coins were in use and considered good money in Nigeria, and now it is the only country in the entire West African sub-region where there is a total absence of coins in the economy;

further aware that one of the reasons the United States one cent coin has never been phased out is due to the inflationary ramifications of such a move. Experts believe that coin denominations are important to the economy as it controls the devaluation of a nation's currency;

further observes that coins as currency are more durable than the notes and the Apex Bank stands to save a lot from the minting of notes that easily get mutilated;

disturbed that children born in Nigeria in the early millennium, may hardly connect their history to the use of coins which even the older generations presently consider them as relics of a glorious past;

regrets that coins disappear in Nigeria because the face value of the metal used in producing it is lower than its intrinsic value. Thus, people will always take it to black/goldsmiths and turn it to jewelry and other ornaments;

further worried that despite the huge budget by the CBN on sensitizing Nigerians on the need to accept coins, the transaction chains were broken as banks and customers reject the currency. Thus, promoting corruption and escalating inflation to the extent of diminishing the value of the coins;

saddened that local retainers keep rejecting the coins because commercial banks won't accept them as deposit, even when they are reflected on paper, and the CBN still recognizes them as legal tender;

believes that since the three coin denominations of 50kobo, ₦1 and ₦2 have lost their value due to inflation, the conversion of the lower currency notes into coins will facilitate retail transactions in the country, like we have in other developed economies.

Accordingly resolves to:

- (i) urge the Central Bank of Nigeria (CBN) to intensify its sensitization campaign and other efforts at bringing back coins into circulation in our markets;
- (ii) urge the Central Bank of Nigeria (CBN) to redesign our coins to cater for the highly repetitive transactions of our economy;
- (iii) urge the Central Bank of Nigeria (CBN) to convert the lower currency notes into coins to be used side-by-side with the notes in order to facilitate retail transactions in the country; and
- (iv) urge the Central Bank of Nigeria (CBN) to sanction any commercial bank that refuses to collect coins from customers as deposit (*Senator Mustapha Bukar — Katsina North*).

Debate:

Proposed Resolution(i):

Question: That the Senate do urge the Central Bank of Nigeria (CBN) to intensify its sensitization campaign and other efforts at bringing back coins into circulation in our markets — *Agreed to.*

Proposed Resolution(ii):

Question: That the Senate do urge the Central Bank of Nigeria (CBN) to redesign our coins to cater for the highly repetitive transactions of our economy — *Agreed to.*

Proposed Resolution(iii):

Question: That the Senate do urge the Central Bank of Nigeria (CBN) to convert the lower currency notes into coins to be used side-by-side with the notes in order to facilitate retail transactions in the country — *Agreed to.*

Proposed Resolution(iv):

Question: That the Senate do urge the Central Bank of Nigeria (CBN) to sanction any commercial bank that refuses to collect coins from customers as deposit — *Agreed to.*

Resolved:

That the Senate do:

- (i) urge the Central Bank of Nigeria (CBN) to intensify its sensitization campaign and other efforts at bringing back coins into circulation in our markets;
- (ii) urge the Central Bank of Nigeria (CBN) to redesign our coins to cater for the highly repetitive transactions of our economy;
- (iii) urge the Central Bank of Nigeria (CBN) to convert the lower currency notes into coins to be used side-by-side with the notes in order to facilitate retail transactions in the country; and
- (iv) urge the Central Bank of Nigeria (CBN) to sanction any commercial bank that refuses to collect coins from customers as deposit (*S/Res/180/02/17*).
