10. Motions:

(a) *The Demise of Senator Mahmud Kanti Bello:*

Motion made: That the Senate notes with grief the demise of Senator Mahmud Kanti Bello (Katsina North Senatorial District) former Chief Whip of the 6th Senate of the Federal Republic of Nigeria. Which sad event occurred on Tuesday, 29th August, 2017 at the age of 72 after a brief illness;

notes also that Late Sen. Kanti Bello was born on the 14th January, 1945. He received a Bachelor of Civil Engineering degree from Ahmadu Bello University, Zaria;

observes that he is survived by a wife, seven children and many grandchildren. Among his children is the Katsina State Commissioner for Resource Development, Alhaji Mustapha Kanti Bello;

observes also that Late Sen. Kanti Bello was an accomplished public administrator, versatile bureaucrat, astute politician, and visionary leader whose commitment to the service of humanity will surely be missed. He was a cosmopolitan, grassroots person and interacted freely with the people around him. He became a Senator in 1992 - 1993, 2003 - 2007 and was re-elected in 2007 - 2011. He was the pioneer Managing Director of Katsina Steel Rolling Mill;

notes that late Senator Kanti Bello was an outspoken and courageous legislator, who was always guided by national interest and that of his community in discharging his legislative responsibilities. A pragmatic, courageous and fearless parliamentarian who would be sorely, missed:

aware that late Senator Kanti Bello was a charismatic politician and leader with panache, passion and fervour that traversed the political spectrum, appealing to all social strata. He was at home with the grassroots as he was with the elite. We pray to Allah (SWT) to grant him Aljannah Firdaus and grant his family the fortitude to bear the irreparable loss. Amen.

Accordingly resolves to:

observe a minute silence in honour of Late Senator Mahmud Kanti Bello (*Senator Mustapha Bukar — Katsina North*).

Debate:

Proposed Resolution:

Question: observe a minute silence in honour of Late Senator Mahmud Kanti Bello —
Agreed to.

Resolved:

- (b) ***Allegation of corruption against NNPC Trading: Time to conduct a holistic investigation:***
Motion made: That the Senate is aware that Nigerian National Petroleum Corporation (NNPC) Trading limited is a business creation of the Nigerian National Petroleum Corporation;

aware that NNPC Trading is composed of the following outfits, Duke Oil; Hyson/Carlson (JV); NAP Oil (JV); and West Africa Gas LTD (JV);

aware that Duke Oil was incorporated in 1989 in Panama and therefore, does not pay tax in Nigeria;

aware also that Duke Oil was specially registered to play a dominant role in the trading of petroleum products especially crude oil trade in the international oil market several years ago;

further aware that Duke Oil, compared to other major players in the sector, is still grappling with the basics of what it was registered to do inspite of massive support from the NNPC, owing to large scale corruption;

aware of the decision by the current GMD to allocate almost all products to Duke Oil, in addition to its automatic inclusion in the lifting of Crude Oil, Gas etc, which thus, made Duke oil a money spinning outfit that is accountable only to NNPC;

aware that Duke oil remains the sole importer of AGO to PPMC and Retail, which it does through third party since it cannot import by itself. This contributes in slowing the growth of our indigenous companies that are making giant strides in the sector;

aware that since NNPC owns NNPC Trading Limited and the Refineries, they also shortlist companies that get allocation of products, lifting of crude oil and importation of products thus, giving undue advantage to the in-house company, even where it lacks the capacity and requisite requirements to do what it is doing today;

also aware of the general lack of transparency and level playing field in favour of Duke Oil to lift products without payment as against its competitors in the sector;

further aware that these have combined to make Duke Oil the highest money earner and at the same time, the highest money waster because of the massive corruption in the way and manner they transact business;

concerned that this relationship has helped to greatly stifle the growth of indigenous companies operating in the sector;

concerned that Duke Oil lacks the requisite credentials to trade internationally, therefore, makes Duke Oil a giant commission agent only;

also concerned that the net effect of the above arrangement is that, NNPC and by extension, Nigeria earns less than otherwise it would have if the process is open and transparent where products are sold directly to indigenous international oil traders; and

further concerned that money so far earned by NNPC Trading limited through its subsidiaries such as Duke Oil, remains only in the knowledge of NNPC officials.

Accordingly resolves to:

constitute an ad-hoc committee to investigate the policy introduced by the current GMD of allocating all products to Duke Oil and carry out a holistic investigation into the activities of NNPC Trading Limited (*Samuel Anyanwu — Imo East*).

Debate:

Proposed Resolution:

Question: constitute an ad-hoc committee to investigate the policy introduced by the current GMD of allocating all products to Duke Oil and carry out a holistic investigation into the activities of NNPC Trading Limited — *Agreed to.*

Additional Proposed Resolution:

Insert Additional Proposed Resolution as follows:

"That the Senate do investigate the allegations against the Group Managing Director (GMD) of Nigerian National Petroleum Corporation (NNPC) by the Hon. Minister of State, Petroleum on the leaked letter published on Wednesday 4th October, 2017" (*Senator Kabir G. Marafa — Zamfara Central*).

Question that the amendment be made, put and agreed to.

Resolved:

- (i) constitute an *Ad hoc* committee to investigate the policy introduced by the current GMD of allocating all products to Duke Oil and carry out a holistic investigation into the activities of NNPC Trading Limited; and

(ix)	Sen. Rose O. Oko	—	Member

(c) *Urgent need to investigate the recent importation of maize into Nigeria:*

Motion made: That the Senate do observe that the Nigerian market is currently flooded with imported maize from Ukraine, Brazil and South Africa:

notes that imported maize is liable to import duty of only 5%, consequently information available shows that between the months of July and August, more than 10 ships load of maize have berthed in Lagos and Port- Harcourt Ports and more ships are likely to arrive between now and December this year;

further notes that Nigerian farmers are seriously put in a disadvantaged position because the landing cost of the imported maize has made it difficult for them to recover their production cost. This invariable means that millions will be out of job next year due to massive importation of maize. The imported and dumped maize sells at much lower prices than the locally grown maize;

observes that the beneficiaries of this importation are mostly foreigners whose interest is mainly profiteering at the expense of the Federal Government policy on food security and self-sufficiency which is also geared towards providing employment to the teeming unemployed men and women in our country;

further observes that in this era of diversification of our economy, agriculture provides the best complement if not alternative to oil. Maize farming, not maize importation would have been encouraged and improved upon and our scarce foreign exchange conserved, if such importation is targeted at agricultural implements which will be made available to our farmers;

aware that at this stage of our economic development coupled with the fact that, we are marginally getting out of recession, promotion of local production that we have comparative advantage should be preferable to importation, no matter how cheap the landing cost of the item; and

worried that the importation of food items into the country is encouraging unemployment and poverty in Nigeria, as can be perceived by majority of us who are in touch with our constituents that are mostly farmers;

aware that as a representative body that is close to the people and conscious of our constitutional oversight and responsibility to the people and determined to ensure equitable and judicious use of the nation's resources in accordance with the fundamental objectives and directive principles of state policy.

Accordingly resolves to:

mandate its Committee on Agriculture and Rural Development to investigate the large scale importation of maize that has flooded the Nigerian markets with a view to ascertaining how and why such importation was allowed when over 41 items were banned from getting foreign exchange (*Senator Muhammad A. Aliero — Kebbi Central*).

Debate:

Proposed Resolution:

Question: That the Senate do mandate its Committee on Agriculture and Rural Development to investigate the large scale importation of maize that has flooded the Nigerian markets with a view to ascertaining how and why such importation was allowed when over 41 items were banned from getting foreign exchange — *Agreed to.*
