MOTION

1. The need to complete the abandoned Greater Awka Water Scheme by Federal Ministry of Water Resources.

Sponsor: Sen. Ekwunife, Uche Lilian (*Anambra Central*)

The Senate:

Concerned that the Greater Awka Water Scheme in Anambra State, started by the Federal Ministry of Water Resources has been abandoned since 2006 and nothing has been heard about that project since then;

Notes that this project was an extension of the Greater Enugu Water Scheme which has since been completed and commissioned;

Notes also that initial progress was made in areas of preparation of Bill of Engineering Measurement and Evaluation (BEME), communication was made to Anambra State Government on the acquisition of land for Well Field at Amansea after a successful hydrogeological survey before the unexplained abandonment of the whole project;

Worried that by the abandonment of this project, the people who were supposed to be beneficiaries of the water scheme are still drinking from untreated boreholes and natural streams leading to several cases of periodic outbreak of water born disease epidemics causing unnecessary loss of life especially among children; and

Further worried that taking into consideration the weak geological formation of Anambra State, indiscriminate drilling of private boreholes in such rock formation poses a very serious danger of earth tremor with-in and around the region. These ground water sources come with high acidity of PH2 to 4 as against World Health Organization (WHO) acceptable standard of PH 6.5 to 9.5. This Ph level has the ability of dissolving iron, lead and other dangerous carcinogenic heavy metals into drinking water leading to serious health complication and implications.

Accordingly resolves to:

- i. *Urge* the Federal Ministry of Water Resources to immediately commence processes leading to the completion of Greater Awka Water Scheme without further delay; and
- ii. *Urge* its Committee on Water Resources to engage the Federal Ministry of Water Resources to ascertain the reason behind the abandonment of the project and report back to the Senate within Four (4) weeks.
