#### MOTION

1. Breach of 2000/2001 Fiscal Incentive Package Conditions by SINOPEC ADDAX Petroleum resulting in over N1.2 Trillion Oil Revenue Loss to the Federal Government.

Sponsor: Sen. Bassey, Gershom Henry (*Cross River South*)

*The Senate:*

*Notes that in 2000/2001 the Federal Government of Nigeria had provided a Fiscal Incentive Package to Addax Petroleum Company that saw the reduction of the company's Petroleum Profit Tax from 85% in the 1998 Production Sharing Contract (PSC) to 60% in the 2001 Fiscal Incentive Package and the company's share of oil lifting increase from about 45% to 56%;*

*Further notes that Addax Petroleum followed through by investing to grow production from about 10,000bopb in 2000 to over 100,000bopb by 2008;*

*Aware that Sinopec purchased the Addax Petroleum Nigerian Production Sharing Contract (PSC) in 2009;*

*Further aware that from the purchase by Sinopec in 2009, the assets have witnessed significant production decline due to poor investment decisions making production levels to fall presently to approximately 30,000bopb with no developed gas;*

*Observes that Sinopec Addax despite holding a 100% Production Sharing Contract(PSC) with oil mining leases OML-123, OML-124, OML-126 has refused to stick to its end of the bargain to continue investing in the operated assets leading to a revenue loss of about \$3.35 billion per year by the Nigerian Government;*

*Further observes that OML-137 is non-producing because Sinopec Addax has breached the Fiscal Incentive Package by neglecting to invest in that asset resulting in huge oil revenue loss to Nigerian;*

*Concerned that in the Q4 of 2018, the lack of competent operations by Sinopec-Addax made five Nigerian General Managers and their deputies to exit the company voluntarily;*

*Further concerned that given the lack of any demonstration by Sinopec-Addax to stay in Nigeria because of the company's unwillingness to purchase an office building and its refusal to invest for production growth, it is shocking that NNPC continues to honour the elapsed gentleman's agreement that made Sinopec Addax operate these assets and lift 70% of the crude oil they are producing resulting in a huge annual revenue loss to Nigerian Government;*

*Worried that in 2016 the process of Value For Money(VFM) audit of \$1.37 billion of cost oil that had been lifted by Addax Petroleum from 2007 to 2014 was initiated with the understanding that it would take 3 months to conclude;*

*Further worried that since the initiation of the VFM audit in 2016, Sinopec Addax Petroleum has continued to enjoy oil over lift and have frustrated the process of conclusion of the audit to allow for the equitable and accurate determination of lifting;*

*Disturbed that the Covid-19 Pandemic has negatively impacted on our economy and has thrown Nigeria into debt meanwhile the Federal government has over N1.2trillion of its oil revenue lying with Sinopec-Addax Petroleum Company; and*

*Further disturbed* that Sinopec Addax Petroleum will be leaving an abandonment/decommissioning liability cost of about \$750 million at the expiration of their stay in Nigeria come 2022.

*Accordingly resolves to:*

*Mandate* the Senate Committee on Petroleum Upstream and Senate Committee on Gas to scrutinize the 2000/2001 Fiscal Incentive Package and other Federal Government agreements with Sinopec-Addax Petroleum Company with a view to ascertaining the level of the company's compliance with these agreements and make recommendations.
