4. A Bill for an Act to Amend the Orthopaedic Hospitals Management Board Act to Establish the National Orthopaedic Hospital, Okunmwun, Edo State; and for Related Matters (HB. 1612) (*Hon. Dennis Idahosa*) – *Second Reading*.

MOTIONS

5. **Need to Investigate the Duplication of Functions of Agencies of the Federal Government:**
Hon. Tahir Mohammed Monguno:

The House:

Notes that Section 153(1) of the Constitution of the Federal Republic of Nigeria, 1999 (as amended) empowers the National Assembly to repeal obsolete laws and enact new ones for the good governance on the Federation;

Aware that Nigeria has been gaining on the world index of Ease of Doing Business (EDB) rising from the 145th position in 2019 to 131st in 2020, hence there is need to consolidate on this improvement;

Worried that with the existence of about 1,484 Agencies, Departments, Boards, Parastatals and Corporations in the country with the attendant duplication of functions and clash of interests, there is a likelihood of the latest World Bank annual ratings to slide considerably;

Believes in the need for stock-taking and review of the functions of all government Agencies:

Resolves to:

Set up an *Ad-hoc* Committee to:

- (i) investigate duplication of duties, overlapping functions and counter-productivity of established Agencies, Departments, Boards, Parastatals and Corporations in the country;
- (ii) ascertain root cause analysis of the regular bickering among some established Agencies, Departments, Boards, Parastatals and Corporations in the country;
- (iii) establish areas of mergers, synergies and justification of the existence of some established Agencies, Departments, Boards, Parastatals and Corporations, which are no longer needed in the country and report back within six (6) weeks for further legislative action.

6. **Urgent Need to Upgrade the Standards of the Federal Fire Service to Tackle Incessant Cases of Fire Outbreaks in Nigeria:**
Hon. Ganiyu Abiodun Johnson:

The House:

Notes that fire incidents constitute one of the calamities that often befall Nigerians, especially during the harmattan season, making it easy for fire to spread at the slightest ignition or explosions caused by fuel-laden trucks;

Also notes that lives, properties and businesses have been destroyed as a result of incessant fire outbreaks in the country;

Aware that in Nigeria, the dry season is usually from November to March, which comes with an increased incidence of fire outbreaks due to the easy spread of fire during this period;

Also aware that fire incidences occur occasionally during the rainy season as a result of explosions from fuel-laden trucks;

Recalls that on 7 January 2021, an explosion along Apapa/Oshodi Expressway damaged the ramp to the airport and caused huge loss to the nation's economy as it prevented people from accessing the airport;

Also recalls that on 22 March, 2021, properties worth millions of Naira and over 60 shops were destroyed following a midnight fire outbreak at the Tudun Wada Market at Gusau in Zamfara State;

Concerned that there have been numerous reports of fire incidences, which had destroyed businesses worth billions of Naira and the consequent job losses that ensued, not to mention loss of lives;

Cognizant of the mandate of the Federal Fire Service to save lives and property through firefighting, rescue operations and rendering of other humanitarian services;

Resolves to:

- (i) Urge the Federal Government to commit more funds to the Federal Fire Service and provide Fire Service Stations in all the 774 Local Government Areas in the Federation to meet up with their current challenges in combating fire outbreaks;
- (ii) also urge the Federal Fire Service and other stakeholders in disaster management to intensify advocacy in the sector;
- (iii) call on the National Emergency Management Agency (NEMA) to conduct sensitization campaigns to Local Government Areas on the importance of setting up, funding and equipping their own emergency management agencies in order to localize disaster risk management practices in local communities;
- (iv) also mandate the Committees on Interior and Emergency and Disaster Preparedness to ensure compliance.

7. Urgent Need to Reopen the Railway Station at Ede in Osun State:

Hon. Bamidele Salam:

The House:

Notes that the Railway Station at Ede is one of the first railway stations in Nigeria which was constructed alongside Agege Station, Ibadan Station, Iwo Station, Osogbo Station, Offa Station, Ilorin Station, among others;

Also notes that Ede is a major trading center for cotton, palm produce, yam, cassava, okro and kola nuts in the South Western part of Nigeria as the inhabitants are predominantly farmers and traders;

Further notes that being a major exportation point for agricultural products, a Railway Station was constructed in the town in 1906, which has links to Lagos State and Nguru in the North;

Aware that the Railway Station has facilitated trade, generated economic growth and ultimately created jobs for the teeming unemployed youth in Osun State;

Concerned that despite the huge population and economic activities in Ede and its environs, the Ede Railway Station had been closed down for about one year, allegedly as a result of lack of sanitary facilities and inadequate electricity;

Also concerned that the closure is negatively impacting the people of Ede and its environs, and causing revenue loss to the Nigerian Railway Corporation and Nigeria as a whole;

Cognizant that the essence of reviving the Railway System is to restore and expand economic activities in Nigeria, thus the closure of a viable Railway Station as the one in Ede may be inimical to the Federal Government's plans to expand the economy through the standard gauge railway project;

Worried that if nothing is done to reopen the Ede Railway Station, facilities worth several millions of Naira, comprising of the ticket office, platforms for loading and unloading, among others would deteriorate, thus causing huge loss of revenue to the Federal Government;

Resolves to:

- (i) urge the Nigerian Railway Corporation to urgently reopen the Ede Railway Station in Osun State and put in place necessary facilities for the smooth running of the Station;
- (ii) mandate the Committee on Land Transport to ensure compliance.

**8. Need to Investigate the Incidences of Fake Insurance Certificates in Nigeria:
Hon. Oluyemi Adewale Taiwo:**

The House:

Notes that the Insurance Act, 2003 mandates all motorists to have a minimum of Third-Party Motor Insurance Policy in place and that Section 68 of Act stipulates that “No person shall use or cause or permit any other person to use a motor vehicle on a road unless a liability which he may thereby incur in respect of damage to the property of third- party is insured with an Insurer registered under this Act”;

Aware that the statutory laws of the country stipulate that no motorist should ply Nigeria roads without having a genuine Insurance certificate, however, most motorists have continued to show absolute disregard for the statutory requirement;

Worried that the number of vehicles with fake certificates on Nigeria road has risen to 9.4 million and the figure released by the Nigeria Insurers Association revealed that only 2.72 million vehicles on Nigeria roads have valid insurance covers as of February 2021;

Also worried that millions of vehicles, trucks and motorcycles plying Nigeria roads are not insured;

Resolves to:

- (i) Urge the Insurance Companies and Brokerage to have operational offices in major cities in the country;
- (ii) mandate the Committee on Insurance and Actuarial Matters to investigate the incidences of Fake Insurance Certificates in Nigeria and report back within six weeks for further legislative action.

**9. Need to Subsidize COVID -19 Test and Increase Molecular Diagnosis Centres In Nigeria:
Hon. Oberuakpefe Afe.**

The House

Recalls the outbreak of the deadly Coronavirus Disease (Covid-19) on 7 January 2020 in Wuhan City, China while the first confirmed case in Nigeria was recorded in Lagos on 2 February, 2020 which necessitated the lockdown declared by President Muhammadu Buhari on 30 March, 2020 to contain the spread of the virus;

Notes that the Statistical Analysis of the Nigeria Centre for Disease Control (NCDC) shows that 254,000 cases were recorded and 3,141 deaths occurred between February 2020 and January 2022, though the figure may not be the true reflection of realities on the ground because a lot of Nigerians are dying every day in the rural areas without access to Covid-19 test to ascertain the status and cause of death;

Worried about the long process being encountered in the course of getting Polymerase Chain Reaction (PCR) test by Nigerians as a result of the availability of few testing centres;

Informed that Polymerase Chain Reaction (PCR) for COVID-19 is a molecular test that analyses the upper respiratory specimen, looking for genetic material (ribonucleic acid or RNA) hence, the need for travellers to

get tested to curb the spread of the COVID-19 Virus, to this effect, the integrity and validity of the test cannot be overemphasized at this period of the COVID-19 Pandemic;

Aware that in a country with thirty thousand (30,000,00) naira as the minimum wage, one has to pay between forty thousand (40,000) naira and fifty thousand (50,000.00) naira, depending on the centre for just a PCR test which ordinarily should have been made free test as the other vaccines that are made free for Nigerians;

Disturbed that for a population of over 200 million people, the Nigeria Centre for Disease Control approved Molecular Diagnostic Centres and Laboratories where a PCR test can be conducted in the whole country are not up to 160 in total i.e. 84 Public laboratories, mostly found in government hospitals, 63 private fee-paying and 9 Corporate laboratories, all concentrated in the City Centers, leaving the rural areas out of reach;

Cognizant of the need for the Federal Government to urgently establish one Molecular Diagnostic Centre in each Local Government Area of the Federation for easy access to COVID-19- Test (PCR) to allow average Nigerians benefit, to avert increasing mortality rates in urban and rural areas, especially the low-income earners;

Resolves to:

- (i) Urge the Presidential Task Force on COVID-19, the Nigeria Centre for Disease Control and the Federal Ministry of Health to commence the process of establishing one Molecular Diagnostic Centre in the headquarters of each of the 774 Local Government Areas in the country;
- (ii) also urge the Federal Government to subsidize the COVID-19 PCR Test for average Nigerians benefit;
- (iii) mandate the Committee on Healthcare Services to ensure implementation.

**10. Need to Develop Idere Hill at Ibarapa Central Local Government Area of Oyo State as an International Tourist Centre:
Hon. Muraina S. Ajibola.**

The House:

Notes that in 2019, the tourism industry contributed 10.4% of the global Gross Domestic Product (GDP), which decreased to 5.5% in 2020 due to the restrictions placed on global travels following the outbreak of the COVID-19 pandemic;

Also notes that several African countries have developed thriving and sustainable tourism industries as may be seen in Morocco where the tourism industry contributed 18% of the country's GDP in 2019;

Further notes that in 2019, the tourism industry contributed \$1.5 billion to Nigeria's economy, which decreased due to the outbreak of covid-19 and the restrictions placed on international travels;

Concerned that the Nigerian tourism industry remains relatively undeveloped despite the uniqueness, richness and diversity of Nigeria's tourism resources;

Believes that the tourism industry in Nigeria has the potential of contributing much more to the economy, provided that the Federal Government, the 36 States Governments and the Federal Capital Territory (FCT) put in place measures to harness the potentials of the numerous natural tourist attractions that abound in the country;

Aware that Idere Hills situated in Idere town in Ibarapa Central Local Government Area of Oyo State, which is about 2-hour's drive from Ibadan, is gradually emerging as a new tourism centre as it has been attracting patronage from Local and International tourists;

Also aware that Idere Hills is endowed with about 14 natural attractions, among which are a suspended lake, unexploited caves, beautiful topography, unusually shaped rocks, friendly weather and a fortress and is blessed with several historic artefacts and archaeological materials which are yet to be studied and documented by the National Library and the National Museum;

Observes that the inhabitants of Idere town and the adjoining settlements often organize annual carnivals, which attract visitors from all over the world and the Government of Oyo State has been promoting and developing Idere Hills as an emerging and thriving International tourism centre;

Cognizant that if Idere Hills, is officially recognized and developed as an international tourism centre, the benefits to the country would be enormous, including protection of the environment, preservation of natural resources and conservation of wild life as well as preservation of the cultural heritage of the inhabitants, hence providing socio-economic benefits for the host communities, Oyo State and the country as a whole;

Resolves to:

- (i) Urge the Federal Government to officially declare Idere Hills as an International Tourism Centre in Nigeria and develop it by providing good roads, lodging, hospitals and ancillary services for the comfort of tourists and the inhabitants who may require them;
- (ii) mandate the Committees on Culture and Tourism to ensure compliance and report back within four (4) weeks for further legislative action.

**11. Devastating Fire Disaster at Kaoje Market in Bagudo Local Government Area of Kebbi State:
Hon. Bello A. Kaoje**

The House:

Notes that Kaoje Market in Bagudo Local Government of Kebbi State is a market where many traders cohabit and this novel traders market has existed in Kaoje community for a very long time;

Informed that on Wednesday 16th February 2022, a devastating fire outbreak occurred at the market destroying over 100 shops, several residential houses, Vehicles, tricycles and valuables worth millions of naira;

Aware that as a result of the fire disaster, economic activities "at the Market has virtually been grounded" leaving the victims financially handicapped and emotionally and psychologically distressed thus rendering the traders idle and are now roaming the streets, a development that could lead in social vices;

Recognize the efforts of the Government of Kebbi State and the Local Government Council which have shown concern at the plights of the traders and visit the market;

Concerned that the remote and immediate causes of the fire outbreak are still unknown and sustainable solutions have not been proffered to prevent future occurrence;

Resolves to:

- (i) commiserate with the Government of Kebbi State and visit victims of the fire disaster while urging the National Emergency Management Agency (NEMA) to send relief materials to the victims;
- (ii) mandate the Committee on Emergency and Disaster Preparedness to embark on a fact-finding visit to identify the remote and immediate causes of the fire outbreak and assess the level of damages caused with a view to preventing the future occurrence and report back within four (4) weeks for further action.
