## MOTION

1. Urgent need for the rehabilitation of Bagana community in Omala Local Government Area of Kogi State, affected by series of communal clashes, through provision of residential, educational, health and other facilities.

Sponsor: Sen. Isah, Jibrin (*Kogi East*)

*The Senate:*

*Notes that* Omala Local Government Area, which is one of the twenty-one Local Government Areas in Kogi State, with its headquarters in Abejukolo, covers about 1,667 km<sup>2</sup> and has a population of about 176,000;

*Aware that* Bagana is one of the populous communities in Omala Local Government Area with a population of over 24,000; farming and trading being the predominant occupations within the community;

*Worried that* Bagana community has been ravaged by several communal clashes and attacks by unknown gunmen, especially between 2019 and late 2021, rendering over 10,000 inhabitants of the community homeless, leading to exodus of these inhabitants to other parts of Kogi State;

*Aware that* the attacks on the community have resulted in the killing of over 500 citizens, in addition to wanton destruction of public and private properties worth hundreds of millions of naira;

*Concerned that* after much persuasion, the displaced persons have resolved to return to their ancestral homes, but cannot afford shelters;

*Further Concerned that* educational institutions have been destroyed, with many buildings and other facilities completely burnt down, thereby making it absolutely difficult for the children of the affected communities to access educational facilities;

*Regrets that* the number of out-of-school children in the affected communities is disheartening, and this poses a serious danger to the future of the children, the communities and the nation in general;

*Further Regrets that* apart from destruction of schools, health centres are obviously non-existent to cater for the health needs of the affected communities as the few hitherto existing ones have been lost to the hostilities, and this has increased the rate of mortality in the affected communities; and

*Cognizant that* markets, business centres, shops and various business outfits in the affected communities have been completely destroyed, thereby throwing the people to an inevitable state of economic helplessness.

*Accordingly resolves to:*

- Urge* the Federal Ministry of Humanitarian Affairs, Disaster Management and Social Development to assist Bagana community in Omala LGA of Kogi State, with shelters, educational and health facilities; and
- Urge* the Ministry to provide minimal seed capitals for the women and youths in the community, to facilitate their various economic activities.
