- 

## MOTIONS

18. **Rescission on the Referral of the Public Interest Disclosure and Complaints (Enactment) Bill:  
Hon. Abubakar Hassan Fulata:**

**The House:**

*Notes* that on 4 May 2022, the Public Interest Disclosure and Complaints (Enactment) Bill was passed by the Senate and the House of Representatives and transmitted to the Clerk of the National Assembly for onward transmission to the President C-in-C for Assent;

*Recalls* that the procedure required to pass the Bill as enshrined in the 1999 Constitution is a 2/3 majority of members of the House of Representatives;

*Aware* of the omission to have passed the Bill through the procedure indicated above

*Desirous* of the need for 2/3 majority of members in passing the Bill;

*Resolves to:*

Rescind its decision on the Bill as passed and re-commit same to the Committee of the whole for re-consideration and passage.

19. **Need for Toll-Free Customer Care Call Center for Multi-National and Public Liability Companies in Nigeria:  
Hon. Mayokun Lawson Alade:**

**The House:**

*Notes* that Multi-Nationals and Public Liabilities Companies in Nigeria have clients transacting business with them and most do not have a Toll-Free Telephone Lines for clients to reach them with their complaints;

*Also notes* that clients can reach out to companies through mediums like social media, electronic mails and text messages, however, clients generally prefer to reach out to such companies through phone calls;

*Dismayed* that the absence of a Toll-Free Customer Care Call Centre has subjected clients to charges for calls made to either lay complaints or seek resolution on disputes that arise in the course of transactions;

*Cognizant* of the need for Multi-Nationals and Public Liabilities Companies to provide Toll-Free Call Centres and display their telephone numbers on their official websites for easy access to the public as obtainable in other parts of the world;

*Also cognizant* that the introduction of Toll-Free Call Centres will promote their businesses and guarantee an effective customer service delivery system;

*Resolves to:*

- (i) urge the Federal Ministry of Communications and Digital Economy to direct Multi-Nationals and Public Liabilities Companies in Nigeria to provide Toll-Free Call Centers for their customers and clients in Nigeria;
- (ii) mandate the Committees on Tele-Communications and Legislative Compliance to ensure implementation.

**20. Call for Intervention in Nigeria's Losses in the Fight against Malaria:**

**Hon. Benjamin Okezie Kalu**

**Hon. Yusuf Tanko Sununu**

**Hon. Abubakar Dahiru:**

**The House:**

*Notes* that Nigeria accounts for 27 percent of malaria cases and 31 percent of malaria deaths worldwide, with malaria killing no fewer than 200,000 Nigerians and afflicting 61 million others in 2021 alone;

*Also notes* that despite efforts to contain malaria, Nigeria loses over \$1 billion (N645.7 billion) yearly in the prevention and treatment of the disease as well as other costs;

*Aware* that Nigeria has over the years made notable progress in scaling up and impact of malaria interventions as regards the utilization of mosquito nets for children less than five years has increased significantly from 6% to 49% and parasite prevalence reduced from 42% in 2010 to 23% in 2018;

*Also aware* that the National Malaria Elimination Programme (NMEP) is the body responsible for formulating and facilitating policy and guidelines, coordinating the activities of partners and stakeholders on malaria control activities, providing technical support to states malaria programs, Local Government Areas and stakeholders, mobilizing resources, monitoring and evaluating progress and outcomes in malaria elimination efforts across the country;

*Concerned* by a recent report from the Office of the Inspector General of the Global Fund, indicating that NMEP has fallen from a B1 to B2 rating within 6 months, which undermines Nigeria's shot at accessing future grants and partnerships in the fight to eliminate Malaria;

*Also concerned* that considering that Nigeria is one of the biggest beneficiaries of the Global Fund grant with a value of \$412 million, the country is at risk of losing the grant and other partnership opportunities as a result of poor absorption, poor performance and lack of domestic resource mobilization;

*Further concerned* that the poor performance by NMEP has caused the World Health Organization (WHO) to neglect Nigeria in favour of Ghana, Kenya, and Malawi for the rollout of the RTS-Sj AS01 malaria vaccine;

*Mindful* that with the onset of the rainy season, Nigeria is in dire need of malaria interventions;

*Recalls* that on December 2, 2020, the Federal Government inaugurated the National Steering Committee of World Bank Supported Immunization Plus and Malaria Progress by Accelerating Coverage and Transforming Services Project (IMPACT), which is a \$300 million project facility designed to fast-track government's intervention in malaria to reduce under-five mortality in the Nigeria for 13 beneficiary states;

*Worried* that almost 2 years later, despite the preparedness of the World Bank and the Islamic Bank to disburse the funds, the IMPACT Project is yet to commence;

*Also worried* that in the past year, non-approved mosquito nets have been procured and distributed in Nigeria without any rejection by the leadership of the National Malaria Programme despite a resolution by the House of Representatives calling for the prioritization of local content in the procurement of Malaria commodities;

*Disturbed* that if nothing is done to address the underperformance of NMEP and improve the quality of malaria interventions in Nigeria, the country will continue to lose huge sums annually as well as thousands of lives;

*Resolves to:*

- (i) urge the Federal Ministry of Health, the National Malaria Program, and other relevant Ministries, Departments and Agencies to comply with the resolution to prioritize local content when procuring Malaria Commodities using funds from the IMPACT Projects facility;
- (ii) invite the Leadership of the National Malaria Programme to explain by defective mosquito nets are still being procured, imported and distrusted in Nigeria against World Health Organisation Standards and Local Content directives from the House;
- (iii) mandate the Committees on HIV/AIDS, Tuberculosis and Malaria Control, Healthcare Services and Health Institutions to investigate the late/non-disbursement of the IMPACT Project funds, the alleged underperformance and down rating of the National Malaria Elimination Programme (NMEP) by the Office of the Inspector General of the Global Fund and the procurement and distribution of non-approved mosquito nets across the country and report back within six (6) weeks for further legislative action.

**21. Need to Rehabilitate Ilesha-Baruba-Chikanda Road in Baruten Local Government Area of Kwara State:**

**Hon. Mohammed Omar Bio:**

**The House:**

*Notes* that Ilesha Baruba-Chikanda Road is a trunk 'A' Road that passes through several Communities in Baruten Local Government Area of Kwara state;

*Also notes* that the road is a major link from Nigeria to the Republic of Benin, facilitating economic activities between Nigeria and the neighbouring countries;

*Concerned* that the deplorable condition of the road has caused accidents in recent times, which have resulted in the loss of lives and properties;

*Worried* that the dilapidated state of the road has caused untold hardships to commuters who are forced to waste countless hours trying to manoeuvre the failed portions on the road;

*Also worried* that neglecting the road will negatively impact the economy of Kwara State and Nigeria as a whole;

*Resolves to:*

- (i) urge the Federal Roads Maintenance Agency (FERMA) to make provisions for the rehabilitation of Ilesha-Baruba-Chikanda Road in Baruten Local Government Area of Kwara State in its 2023 Budget estimates;

(ii) mandate the Committee on Works to ensure compliance.

**22. Call on the Federal Ministry of Agriculture and Rural Development to include Anambra and Enugu States in the Ongoing National Agricultural Growth Scheme (NAGS) Under ATASP-1:**

**Hon. Vincent Ofumelu**  
**Hon. Simon Atigwe**

**Hon. Chinedu Obidigwe**  
**Hon. Dennis Amadi:**

**The House:**

*Notes* that the ongoing National Agricultural Growth Scheme (NAGS) under ATASP-1 being implemented by the Federal Ministry of Agriculture and Rural Development failed to capture Anambra and Enugu States;

*Also notes* that the perceived oversight might not be deliberate in view of the pivotal role both States play in terms of agricultural production;

*Worried* that if nothing is done in this regard, the tendency that these States will be left out is very high;

*Concerned* that the non-inclusion of these States in the project would definitely affect the progress already recorded in the past years;

*Also concerned* that many farmers who are currently yearning and waiting for intervention would end up disappointed;

*Resolves to:*

(i) Urge the Federal Ministry of Agriculture and Rural Development to revisit this omission with a view to including these two States in the project;

(ii) mandate the Committee on Agricultural Production and Services to ensure compliance.

**23. Call on the Federal Government to Establish a Threat Management and Repellant Inter-Security Agencies Task Force in Correctional Centres Across the Country:**

**Hon. Ben Rollands Igbakpa:**

**The House:**

*Notes* that the incessant attacks on custodial facilities of the Nigerian Correctional Service to forcefully free convicts and awaiting trial inmates have become a most dangerous trend as it portends grave danger to the society which become an embarrassment to the country's security architecture;

*Also notes* that the recent attack in Kuje Prisons, which resulted in the escape of 600 inmates, including 64 sentenced Boko Haram terrorists, has again brought to the fore the worrisome state of the nation's security architecture and the looming danger ahead;

*Aware* that from September 2015 to July 2022, there have been about 15 jailbreaks across Nigeria, resulting in over 7,000 escapes, with over 5,000 recorded in 2020 alone;

*Informed* that the attack on the Kuje Custodial Centre was damning as about 300 armed men stormed the place with rocket-propelled grenades and improvised explosive devices and held sway for over two hours as they went cell by cell to free inmates, including many top Boko Haram commanders who were being held in the facility;

*Also informed* that due to their large number and superior firepower, the invaders overpowered the security personnel at the facility, resulting in the death of an officer of the Nigerian Security and Civil Defence Corps (NSCDC) and four inmates;

*Cognizant* that prison officials may not be trained to be infantry and confrontational, which makes it difficult for them to repel such attacks, hence the need to put a task force in place as well as upgrade prison facilities in terms of better walls, perimeter fences, and solid gates as well as installation of modern equipment to easily detect security breaches and curb further attacks;

*Concerned* that despite being acclaimed as the most fortified correctional centre in the country, the assorted array of security forces guarding the medium-security prison in Kuje could not defend the facility against the terrorist attack;

*Worried* that the frequent and recurring jailbreaks across the country show the inefficiency of all those appointed into key security positions and the President's unwillingness to sack them portrays him as tacitly allowing the situation to continue to fester;

*Also worried* that the grave implication of the jailbreak is that the criminals have returned back to society and their refusal to return to prison means that they will continue to perpetrate more atrocities, thus leading to further breakdown of security across the country;

*Cognizant* that inter-agency cooperation is crucial to curbing the menace of prison breaks, especially in intelligence sharing and reinforcement, and more particularly for quick prosecution of detained suspects across the country's correctional facilities;

*Believes* that prison break constitutes a threat to national security and stringent actions must be taken to avoid further incidents;

*Resolves to:*

- (i) urge the President of the Federal Republic of Nigeria to immediately set up a judicial panel of inquiry on prison attacks in the country and ensure that such assaults on the entire security apparatus of Nigeria do not recur;
- (ii) also urge the Nigerian Correctional Service liaise with the International Criminal Police Organisation (INTERPOL) and other relevant agencies to track and re-arrest;
- (iii) further urge the Comptroller General of the Nigerian Correctional Service to, as a matter of urgency, forward a supplementary budget to the National Assembly for approval for the provision of CCTV across maximum and medium correctional centers across the country;
- (iv) mandate the Committee on Interior to interface with the relevant federal government agencies to constitute a threat management and repellant inter-security agencies task force in all correctional centres across the country as well as undertake data capture of all inmates by enrolling them into the National Identity Number system and report back within three (3) weeks for further legislative action.

---

## CONSIDERATION OF REPORTS

24. A Bill for an Act to Establish Federal Medical Centre, Mubi, Adamawa State; and for other Related Matters (HB. 679) – (*Senate*) (*Leader*) – *Committee of the Whole: 29/6/2022.*
25. A Bill for an Act to Establish the National Agricultural Development Fund to Provide Funds for Agricultural Development; and for Related Matters (HB.1319) (*Senate*) (*Leader*) – *Committee of the Whole: 21/7/2022.*
