MOTIONS

20. Alleged Loss of over \$2.4 Billion in Revenue from Illegal Sale of 48 Million Barrels of Crude Oil Export in 2015 including Crude Oil Exports from 2014 till date:

Hon. Isiaka Ibrahim

Hon. Mark Teerser Gbilla:

The House.

Aware of allegations by a whistleblower in July 2020 that he had in July 2015 and in response to the current administration`s whistleblower policy brought to the attention of a committee purportedly set up by the President for the recovery of missing crude oil exports, the existence of 48 million barrels of Nigeria`s Bonny Light crude oil in storage at several ports in China ostensibly under the authorization of the Nigerian National Petroleum Corporation (NNPC) and the intention of parties in China and the NNPC to sell this cargo.

Also aware that the whistleblower claimed that the committee, which comprised very high-ranking officials of the administration and NNPC (some of whom he held meetings with) carried out an investigation and confirmed the existence of this cargo, but he discovered in October 2015 that the sale of this cargo had been initiated through unofficial channels and the eventual refusal of the committee to honour their agreement to pay 5% value of the cargo in line with the terms of the whistleblower policy.

Worried by the allegations that the entire cargo of 48 million barrels of Bonny Light Crude was sold without the proceeds being remitted to the coffers of the country, which translated to a loss to the Nigerian State of over \$2.4 billion considering the 2015 global average crude oil price of \$52 per barrel.

Concerned that more than two years after these allegations came to the fore and the uncertainty surrounding the required insurance of these crude exports, it becomes imperative that the House needs to ascertain the actual details of all previous crude exports from Nigeria from 2014 till date with regards to quantity, sale, insurance, revenue generated, payment into the Federation Account and how these proceeds were utilized.

Resolves to constitute an Ad-hoc committee to:

- (i) investigate the whistleblower`s allegations of the illegal sale of 48 million barrels of Nigeria`s Bonny Light crude in China in 2015 and the insurance status of the cargo;
- (ii) investigate all crude oil exports and sales by Nigeria from 2014 till date with regards to quantity, insurance, revenue generated, remittances into the federation accounts or other accounts as well as utilization of this revenue for the period under review;
- (iii) investigate all proceeds recovered through the Whistleblowers Policy and the Level of compliance by the Policy;
- (iv) Committee to report back within 4 weeks, for further Legislative action.

21. Amendment of the Standing Orders of the House of Representatives, 2020 to Upgrade the Ad-hoc Committee on Legislative Agenda to a Standing Committee:

Hon. Henry Nwawuba:

The House:

Notes that the success of every Legislative Assembly depends on the conception of a legislative vision which defines legislative goals, adequate planning and implementation of the goals;

Also notes that the underperformance of the legislature over the years is a result of the absence of a defined goal and a body charged with the responsibility of working around the clock to ensure the implementation of the goals;

Aware that with the introduction of the first Legislative Agenda in the 7th Assembly, the House has continued to work effectively with precision in attaining set out Legislative Agenda;

Also aware that since the constitution of the *Ad-hoc* Committee on the Legislative Agenda, it has generated the required legislative reforms, hence the need for sustainability;

Worried about the widespread distrust among Nigerians, public institutions and government generally, on the misconception and misperception about the functions and contributions of the legislature to Nigeria's overall socioeconomic and political development;

Acknowledges that to assert its role in providing leadership in the areas of accountable and transparent government, citizen's engagement, as well as constituency representation, there is a need to upgrade the *Ad-hoc* Committee on the Legislative Agenda to a Standing Committee to provide for consistency in subsequent Assemblies;

Cognizant that the Legislative Agenda has come to stay and the constitution of an *Ad-hoc* Committee on the Legislative Agenda has become recurrent;

Also cognizant of the need to amend the Standing Orders of the House of Representatives to provide stability in subsequent Assemblies;

Resolves to

amend the Standing Orders of the House of Representatives, 2020 to include the Committee on the Legislative Agenda as a Standing Committee of the House of Representatives, by adding new Order 20, Rule 111 as follows:

“Order 20, Rule 111: Committee on the Legislative Agenda

- (1) There shall be a Committee to be known as Committee on the Legislative Agenda consisting of not more than 40 Members to be constituted at the commencement of the Life of the House.
- (2) The Committee's jurisdiction shall cover:
 - (a) identification of priority areas for legislative actions;

- (3) the Committee shall in the performance of its duty, consult with the Speaker of the House and other principal officers of the House and shall collaborate with The Committee on Rules and Business to ensure that businesses of the house are in tune with the Agenda.”
- (4) that the Committee on Legislative Agenda shall, in addition to the duties imposed on it by the Standing Orders of this House, liaise with the Executive and the Senate to align the Legislative Agenda with the National Development Plan in a manner that the National Development Plan and the collective goal of the nation are achieved.
