## MOTIONS

9. **Investigation of Electricity Debts Owed by Security Agencies, Ministries, Departments and Agencies (MDAs):**  
**Hon. Fuad Kayode Laguda:**

### **The House:**

*Notes* that Security Agencies, Ministries, Departments and Agencies (MDAs) of the Federal Government have accumulated substantial debts to Electricity Distribution Companies (Discos) across Nigeria;

*Also notes* that the Eko Electricity Distribution Company (EKEDC) reported a total outstanding debt of 144 billion naira, with Ministries, Departments and Agencies and the military owing 42 billion, naira;

*Further notes* that the Abuja Electricity Distribution Company (AEDC) is owed 47.1 billion, naira by eighty-six (86) MDAs, including significant amounts by prominent institutions such as the Presidential Villa, the Office of the National Security Adviser, and the Ministry of the Federal Capital Territory;

*Aware* that the Nigerian Electricity Regulatory Commission's 2023 report indicates that Discos recorded a bill collection efficiency of 73.65%, receiving 1.07 trillion, naira from customers out of a total invoice of 1.4 trillion, naira leaving a shortfall of over 300 billion, naira;

*Concerned* that the continuous indebtedness of Security Agencies and MDAs to DISCOs adversely affects the operations of these companies, leading to inadequate maintenance and expansion of infrastructure, which in turn hampers the overall electricity supply to the populace;

*Also concerned* about the recent Lagos incidents where military personnel have reportedly attacked facilities and staff of DISCOs over power-related disputes;

*Disturbed* that on 14 March 2025, soldiers invaded EKEDC's Injection Substation in Badagry at 1:00 am, attacking and abducting staff over a power outage, earlier, on 6 March 2025, personnel from the Nigerian Air Force Base in Ikeja stormed the headquarters of Ikeja Electricity Distribution Company (IKEDC), attacking staff and journalists after the company disconnected power to the base over unpaid electricity bills amounting to 4.34 billion, naira;

*Cognizant* of the need to ensure that Security Agencies and Ministries, Departments and Agencies of government are financially responsible to pay up its utility to prevent future indebtedness;

*Resolves to:*

(i) Set up an *Ad-hoc* Committee to:

- (a) investigate the cause of accumulated electricity debts owed by Security Agencies and Ministries, Departments and Agencies (MDAs) to DISCOs;
- (b) assess the impact of indebtedness on the operations of DISCOs and the implications on electricity supply in the country and examine the payment processes between DISCOs and government entities; and
- (c) Investigate the recent incidents involving the Ikeja military personnel and DISCOs, including the invasions of Eko Electricity Distribution Company (EKEDC) and Ikeja Electricity Distribution Company (IKEDC) facilities, and recommend measures and strategies for the timely settlement of outstanding debts to prevent future occurrences, and report within four (4) weeks for further legislative action.

## **10. Need to Check Fuel Importation and Strengthen Local Refining Capacity:**

**Hon. Frederick Yeitiemone Agbedi:**

**The House:**

*Notes* that the World Trade Organization (WTO) reported an 80.65% surge in Nigeria's import levels between 2017 and 2023, with oil sector imports contributing 38.3% to total imports, underscoring the need for a decisive policy shift;

*Informed* that the Nigerian Midstream and Downstream Petroleum Regulatory Authority (NMDPRA) recently announced that local refiners, including the 650,000 barrels per day by Dangote Refinery, were only able to meet 50% of the nation's consumption requirements in February 2025, necessitating further importation;

*Also informed* that the Executive Director of Distribution System, Storage, and Retailing Infrastructure of the NNPC, Mr. Soneye, towed a similar line with NMDPRA, indicating that there was a 60% shortfall in January and February 2025 in the contribution of local refineries and advocating importation to make up for the shortfall;

*Further informed* that Aliko Dangote, president of the Dangote Group Limited, has publicly affirmed that his refinery has the capacity to meet Nigeria's petroleum needs, with over 600 million liters of petroleum products available for supply, thereby contradicting the claims of NMDPRA and NNPC;

*Concerned* that despite claims of rehabilitation of the Port Harcourt and Warri refineries, Nigeria remained highly dependent on importation of fuel, thereby undermining national energy security and economic stability;

*Cognizant* that reducing fuel importation will create jobs, strengthen the naira, boost local industries, and ensure energy sufficiency by increasing local production, improving energy security, and diversifying Nigeria's energy mix;

*Resolves to:*

- (i) urge the President to take decisive action to put an end to Nigeria's fuel importation and promote policies that will enhance local refining and national energy independence;
- (ii) also urge the NNPC and NMDPRA to prioritize the off-take of locally refined petroleum products before resorting to importation;
- (iii) further urge the Federal Government to immediately review all import licenses for petroleum products where local production can meet domestic demand;
- (iv) Set up an *Ad-hoc* Committee to ascertain the inconsistencies in fuel supply data, the rationale behind continued fuel importation, and assess the economic and security implications of fuel importation, and report within four (4) weeks for further legislative action.
