Dominic Ifeanyi Okafor*) – *Second Reading*.
-

MOTIONS

22. **Need to Address the Non-Payment of Pension Increment and Withholding of Approved Palliative by the Government:**

Hon. Ibrahim Ayokunle Isiaka:

The House:

Notes the vital contributions made by Nigerian pensioners in nation-building and the development of Nigeria;

Aware that President Ahmed Tinubu, in October 2023, approved a 25, 000 Naira, wage award palliative and an additional 32,000 Naira, pension increase for Federal Pensioners in Nigeria;

Concerned that most Pensioners face challenges, including non-payment of government pension increments and withholding essential palliative measures, leading to inadequate income, basic needs inability, and deteriorating health conditions;

Recalls that the provisions of the Constitution of the Federal Republic of Nigeria, 1999 (as amended) emphasizes social justice, dignity of the human person, and the obligation of the state to ensure the welfare of its citizens;

Also aware that the non-implementation of approved pension increments and withholding of palliative measures undermine the constitutional principles and threatens social stability;

Further aware that numerous appeals and petitions from pensioners and relevant associations have gone unheeded, leading to increased hardship and discontent among Pensioners;

Cognizant of the urgent need to address these challenges and uphold the dignity and welfare of Nigerian senior citizens (Pensioners);

Resolves to:

- (i) urge the Federal Ministries of Finance and Humanitarian and Poverty Reduction, the Accountant General, the Central Bank of Nigeria, the Pension Transitional Arrangement Directorate (PTAD) and other relevant agencies, to immediately implement all approved pension increments without delay;
- (ii) also urge the Federal Ministry of Finance to release all withheld palliative measures and ensure timely disbursement to alleviate the suffering of pensioners;
- (iii) further urge the Ministry of Labour and Employment and National Pension Commission to:
 - (a) conduct a comprehensive audit of pension payments and ensure transparency and accountability in the disbursement process;
 - (b) establish a dedicated task force to monitor the implementation of pension policies and address grievances of pensioners promptly;
 - (c) appeals to all State Governments to emulate Federal Government's efforts and prioritize pension payments and welfare programs for their retirees;
- (iv) again urge the Nigerian Pensioners' Association and other stakeholders to collaborate with government agencies in advocacy and oversight roles to ensure pensioners' rights are protected;

- (v) mandate the Committees on Finance, Pensions, Labour and Employment, Humanitarian Services, and Legislative Compliance to ensure compliance.

23. Need to Convene National Stakeholders' Engagement on the Challenges and Prospects of the Baro Inland Port in Niger State:

Hon. Ahmed Idris Wase

Hon. Saidu Musa Abdullahi

Hon. Mamudu Abdullahi

Hon. Muhammad Jafaru Ali

Hon. Baraje Yusuf Kure

Hon. Abubakar Abdu Baba

Hon. Tanko Adamu

Hon. Abdullahi I. Garba

Hon. Gana Joshua Audu

Hon. Shehu Saleh Rijau

Hon. Ismail Musa Modibo

The House:

Notes that the Baro Inland Port in Niger State is Nigeria's first colonial Inland River Port, established in 1908 by Lord Frederick Lugard and his team during a voyage along the River Niger, and further enhanced with a railway connection from Kano to Baro in 1911;

Also notes that the Baro Port served as a critical hub for trade and logistics, facilitating movement of export products from the northern region through the Baro–Onitsha–Apapa corridor and vice versa, significantly contributing to regional commerce, employment, and national integration;

Aware that in 1953, the Minister of Transport, Alhaji Abubakar Tafawa Balewa (first and last Prime Minister of Nigeria), inspired by the Mississippi River port system in the United States, initiated a national vision to revive Baro Port and develop the Inland Waterway System for national economic benefit;

Also aware that successive administrations have made efforts to actualize this vision, including the commissioning of an Environmental Impact Assessment by the Petroleum Trust Fund (PTF) under General Sani Abacha, and the allocation of ₦36 billion for the capital dredging of the Lower River Niger under President Umaru Musa Yar'Adua, though progress was halted;

Concerned that despite the completion of Baro Port's physical infrastructure, deployment of basic equipment and its commissioning in 2019 under the administration of President Muhammadu Buhari, the port remains non-operational due to infrastructural and logistical challenges, including poor access roads, railway connectivity and the absence of a comprehensive operational framework;

Recalls that motions were moved in the 9th Assembly by the Senator representing Niger South and the Member representing Agaie/Lapai Federal Constituency, calling on the Federal Government to complete the outstanding components necessary for full-scale port operations, yet no meaningful progress has been made;

Recognizes that the current advocacy is not for the construction of a new port, but for the rehabilitation and reactivation of an existing, historically significant, and economically strategic infrastructure that once served as Nigeria's foremost rail-to-river transport link;

Cognizant that a well-structured stakeholders' engagement, convened through an *Ad-hoc* Committee of the House, would serve as a collaborative platform to chart practical and sustainable solutions for the operationalization of Baro Inland Port;

Resolves to:

set up an *Ad-hoc* Committee to convene a Stakeholders' Engagement to deliberate on the challenges and prospects of the Baro Inland Port and come up with a working policy document for the operationalization of the Port and report within four (4) weeks for further legislative action.

24. Need to Address the Disproportionate Balance between Banking Sector Profits and Real Economy Growth:

Hon. Adegboyega Adefarati:

The House:

Notes that according to recent financial reports, several first-tier banks' financial statements showed unprecedented post-tax profits of over one trillion Naira (N1T) while economic sectors such as agriculture and manufacturing are having trouble expanding;

Also notes that the change in strategy by banks towards generating income from fees and commissions has led to increased costs for consumers and limited access to affordable credit for small businesses, crippling their ability to thrive and contribute to the economy;

Concerned that the exorbitant interest rates charged by banks, often exceeding 35%, poses a significant barrier for entrepreneurs, especially in the agricultural sector, limiting their access to essential loans;

Further notes the prevalence of casualisation among staff, with reports indicating that majority of bank employees in Nigeria are employed under casual terms, undermining job security and workers welfare, despite the substantial profits reported by the banks;

Also concerned that this practice is not only detrimental to employee morale and productivity but also to the overall economic stability and social equity, reducing long-term career growth opportunities for many Nigerians;

Further concerned that the failure to provide financing to critical productive sectors contributes to low productivity levels, adversely impacting national food security and economic resilience;

Resolves to:

- (i) urge the federal government to establish additional agriculture funding initiatives and collaborate with the private sector on the same initiatives;
- (ii) also urge the Central Bank of Nigeria (CBN) to:
 - (a) enforce fair and transparent bank fees as well as enforce the limitations on bank commissions to prevent exploitative practices;
 - (b) implement subsidised interest rates on agricultural loans;
 - (c) collaborate with the Federal Ministry of Labour, Employment and Productivity to reduce casual employment, advocating for permanent employment;
 - (d) impose penalties for non-compliance with employment standards to foster stability;
- (iii) further urge Banks to allocate a percentage of their profit to lending to productive sectors like manufacturing and small businesses;
- (iv) mandate the Committees on Banking Regulations, Labour, Employment and Productivity and Agricultural Production and Services to ensure compliance.

**25. Call for Accountability of Revenue Generated from the Issuance of Driver Licence:
Hon. Afam Victor Ogene:**

The House:

Notes the tripartite arrangement between the Federal Road Safety Corps (FRSC), the States Board of Internal Revenue (BIR), and the Vehicle Inspection Office (VIO) leading to the issuance or renewal of a driver's license;

Also notes that the approving signature on a driver's license typically comes from a designated officer at the Motor Vehicle Administration Agency (MVAA) in the state where the license application originated;

Aware that a learner's permit for driving a motor vehicle is first issued at a prescribed fee by the Motor Vehicle Administration Agency (MVAA) in the relevant State before the release of a driver's license;

Also aware that the FRSC operates a Very Important Person (VIP) Center, ostensibly for the renewal of a driver's license, but which is reportedly being used for issuing fresh driver's licenses that are not preceded with a learner's permit;

Further aware that the Joint Tax Board (JTB) reviewed the fees payable for a five year and three years driver's license to N21,000 and N15,000, respectively, for a motor vehicle, ₦11,000 and ₦7,000, respectively, for a motorcycle or tricycle since November 1, 2024;

Observes that the FRSC is alleged to use its Information Processing Centre (IPC) for warehousing data for driver's licenses and manipulating it sideline and shortchange the State Boards of Internal Revenue

(BIR) and the Vehicle Inspection Office (VIO) in the collection and usage of fees for processing driver's licenses;

Worried that the FRSC is reportedly controlling receiving accounts for drivers' license fees, including those from Driving School Certification and Driving History Applications meant for foreign travel applications, the yearly revenue generated from chargeable fees, which amounts to hundreds of billions of naira, is also allegedly unaccounted for by the Vehicle Inspection Office and various state Boards of Internal Revenue;

Disturbed that the processing of drivers' licenses is unexplainably being delayed for upwards of two to three years after the biometric data capturing of applicants;

Also disturbed that the huge debts the FRSC owes Galaxy Backbone Ltd. and other system consultants, who are the network providers and maintainers of the biometrics data capturing system, are responsible for the system slowdown and the resultant long delay in the issuance of drivers' licenses;

Cognizant of the need to also clearly ascertain which public agency has the legal responsibility of designing, producing, and issuing a driver's license;

Resolves to:

set up an *Ad-hoc* Committee to investigate operational issues related to driver's license issuance, revenue generation, and usage within the last three years and report within four (4) weeks for further legislative action.

26. Need to put Modalities in Place to Facilitate Tree Planting within the Federal Capital Territory, Abuja:

Hon. Ahmed Saba:

The House:

Notes that tree planting is invaluable to human existence, as its significance and value are enormous, stemming beyond beautification of the environment;

Also notes that trees are essentially the livestock of humankind and other living organisms, as they have unconditionally provided mankind with food and other necessities for human sustainability, such as shelter, medicines, and tools, among others;

Aware that trees help to combat global warming by absorbing carbon dioxide, removing and storing carbon while releasing oxygen back into the air;

Also aware that tree planting helps to reduce wind speeds, in addition to cooling, the trees lose moisture and reflect heat upwards from their leaves;

Informed that trees help to prevent flooding and soil erosion by absorbing the rainwater and storing it, thereby reducing runoff and sediment deposits after heavy storms;

Also informed that trees help to improve air quality by intercepting and trapping dust and other pollutants from the air, in addition to providing a useful barrier to harmful ultraviolet radiation from the sun;

Cognizant that when surrounded by trees or taking part in nature-based activities, stress and depression levels can be significantly reduced;

Regret that tree-planting culture is almost non-existent within the Federal Capital Territory, as felling of trees has become a habit, especially at building and other construction sites;

Concerned that the Federal Capital Territory Authority has not shown any determination to promote the culture of tree planting despite the popularized research that trees can reduce the temperature in a city by up to 7°C;

Convinced that with the creation of awareness through tree-planting campaigns, citizens would begin to see the enormous benefits in planting trees to improve the environment and the overall health of the city;

Resolves to:

mandate the Committee on the Federal Capital Territory to interface with the FCTA and other relevant authorities to put policies in place to ensure massive tree planting to protect the environment within the Federal Capital Territory, Abuja.

CONSIDERATION OF REPORTS

27. A Bill for an Act to Establish Federal University of Mining and Geosciences, Jos, Plateau State to make Comprehensive Provisions for its Due Management, Administration and for Related Matters (SB.12) (*Leader*) (*Hon. Julius Ihonybere, Owan Federal Constituency*) – *Committee of the Whole: 20/2/2025.*
28. **Committee on Population:**
Hon. Odimayo Okunjimi John.
“That the House do consider the Report of the Committee on Population on a Bill for an Act to Repeal the National Identity Management Commission Act, 2007 and provide for Establishment of National Identity Database and the National Identity Management Commission and for Related Matters (HB. 1281) and approve recommendations therein” (*Laid: 25/3/2025*).
29. **Committee on National Planning and Economic Development:**
Hon. Gboyega Nasiru Isiaka:
“That the House do consider the Report of the Committee on National Planning and Economic Development on a Bill for an Act to Repeal National Planning Commission Act, Cap. N66, Laws of the Federation of Nigeria, 2004, Establish Budget and National Planning Offices to ensure greater Accountability and Transparency in National Planning and Budget Implementation and for Related Matters (HB.1302) and approve the recommendations therein” (*Laid: 26/11/2024*).
30. **Committee on National Planning and Economic Development:**
Hon. Gboyega Nasiru Isiaka:
“That the House do consider the Report of the Committee on National Planning and Economic Development on a Bill for an Act to Regulate the Planning, Preparation, Passage and Execution of the Budget of the Government of Federation, and for Related Matters (HB.23) and approve the recommendations therein” (*Laid: 26/11/2024*).
31. **Committees on Treaties, Protocols and Agreements, and Environment:**
Hon. Rabiun Yusuf.
“That the House do consider the Report of the Committees on Treaties, Protocols and Agreements, and Environment on a Bill for an Act to Provide for the Conservation and Management of Nigeria’s Wildlife as required under the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES), the Convention of Migratory Species of Wild Animals (CMS) and Associated Agreements and Protocols and the Convention on Biological diversity (CBD) to which Nigeria is a Party and for Related Matters (HB. 1085) and approve the recommendations therein” (*Laid: 11/2/2025*).
32. **Committee on Agricultural Colleges and Institutions:**
Hon. Abiodun Isiaq Akinlade.
“That the House do consider the Report of the Committee Agricultural Colleges and Institutions a Bill for an Act to Amend the Agricultural Research Council of Nigeria Act, Cap. A 12, Laws of the Federation of Nigeria, 2004 to make provision for Establishment of Federal College of Agriculture and Forestry, Fika, Yobe State and for Related Matters (HB. 1023) and approve the recommendations therein” (*Laid: 6/3/2025*)

33. Committee on Agricultural Colleges and Institutions:**Hon. Abiodun Isiaq Akinlade.**

“That the House do consider the Report of the Committee on Agricultural Colleges and Institutions on a Bill for an Act to Amend the Agricultural Research Council of Nigeria Act, Cap. A 12, Laws of the Federation of Nigeria, 2004 to make provision for Establishment of Federal College of Agriculture and Forestry, Okundi, Boki Local Government Area, Cross River State and for Related Matters (HB. 146) and approve the recommendations therein” (*Laid: 6/3/2025*)

34. Committee on Agricultural Colleges and Institutions:**Hon. Abiodun Isiaq Akinlade.**

“That the House do consider the Report of the Committee on Agricultural Colleges and Institutions on a Bill for an Act to Amend the Agricultural Research Council of Nigeria Act, Cap. A 12, Laws of the Federation of Nigeria, 2004 to make provision for Establishment of Federal Institute of Fisheries Research, Bununu Town, Tafawa Balewa, Bauchi State and for Related Matters (HB. 285) and approve the recommendations therein” (*Laid: 6/3/2025*).

35. Committee on Science and Technology:**Hon. Zakariya Tijjani Zannah:**

“That the House do consider the Report of the Committee on Science and Technology a Bill for an Act to Provide for Establishment of Federal Institute of Technology, Ikpoba–Okha, Edo State charged with the Responsibility, amongst other things, for the Conduct of Research into any branch of Technological and Management Sciences Courses and for Related Matters (HB. 636) and approve Recommendations therein” (*Laid: 17/12/2024*).
