MOTIONS

17. **Call to Establish More Compressed Natural Gas Conversion Centers Across Nigeria:**
Hon. Sani Aliyu Madaki:

The House:

Notes that in the implementation of the Presidential Compressed Natural Gas Initiative (Pi-CNG), the federal government distributed CNG conversion kits across the country;

Also notes that the advantages of the conversion to CNG are enormous, as it will bring down the cost of living in Nigeria and reduce air and noise pollution, which makes it environmentally friendly;

Aware that its benefits are numerous, as CNG burns more cleanly than PMS, which means less carbon buildup in the engine, thus reducing the need for frequent engine repairs and prolonging the life of engine components;

Also aware that vehicles powered by CNG experience less wear and tear on critical components such as spark plugs and exhaust systems;

Further aware that for the take-off of the Presidential Compressed Natural Gas Initiative, the Federal Government proposed to establish CNG conversion Centers in some States, including Abia, Bayelsa, Cross River, and Ebonyi, with one Center each, while Akwa Ibom has 5 Centers, Delta, 9 Centers, Edo with 11 Centers, Ekiti 7 Centers, Enugu and Kogi with 3 Centers, FCT-Abuja 3 Centers, Kaduna 10 Centers, Kwara 8 Centers, Lagos 70 Centers, Nasarawa 2 Centers, Ogun 7 Centers, Oyo 17 Centers and Rivers 8 Centers;

Concerned that from the above-listed Centers, only Kaduna in the North West States is benefiting from the presidential initiative, while no State in the North East is listed as a beneficiary;

Worried at the exemption of other States from the initiative as commuters of those States are not put into consideration;

Acknowledges that States like Kano, Borno, Katsina, and Sokoto, which are commercially viable, are exempted;

Cognizant of the need to establish more Compressed Natural Gas (CNG) conversion centers in the Northwest and Northeast to facilitate legitimate business operations for all citizens;

Resolves to:

- (i) urge the Federal Government to establish Compressed Natural Gas Conversion Centers equitably across the country to give Nigerians a sense of belonging; and
- (ii) mandate the Committee on Gas Resources to ensure compliance and report within four (4) weeks for further legislative action.

18. Need to Establish Additional Permanent National Youth Service Corps Orientation Camps, Renovate and Expand the Existing Camps:

Hon. Garba Ibrahim Muhammad:

The House:

Notes that the National Youth Service Corps is a one-year mandatory program scheme established 22 May, 1973 with the objectives of fostering national unity, integration, patriotism and promoting peaceful coexistence among the citizens from different socio-cultural backgrounds;

Also notes that the National Youth Service Corps Orientation Program Scheme annually trains thousands of youths across various learning institutions for three week, equipping them with necessary skills and knowledge for the service year;

Also aware that the management of NYSC had once decried the state of the orientation camps across Nigeria;

Alarmed that some States lack orientation camps to accommodate and meet the increasing number of Corp members deployed, while other States temporarily utilize secondary school buildings to accommodate prospective Corps members;

Disturbed by the current dilapidated state of permanent orientation camps in the country, which is causing dissatisfaction due to inadequate facilities overstressing the existing facilities, leaving Corp Members with no options other than to be redeployed to neighbouring states for camping activities;

Concerned that due to space limitations, Corps members frequently have to travel for longer periods of time after being deployed;

Cognizant of the need for spacious, habitable orientation camps, with each camp accommodating at least 5,000 participants at a time across the states of the Federation;

Also cognizant of the need to ensure the provisions of the state-of-the-art facilities, build additional camps, to empower Nigerian Corp Members with life survival skills and strategies, ensuring sustainable development and evolutionary trends;

Resolves to:

- (i) urge the Federal Government to collaborate with States Government to construct additional camps and expand existing ones to accommodate at least 5,000 participants in each States of the Federation;
- (ii) also urge the Federal Ministry of Youth, in collaboration with other stakeholders, to work out modalities to achieve the construction and expansion of NYSC orientation camps; and
- (iii) also mandate the Committees on Youth Development and Legislative Compliance to ensure and report within four (4) weeks for further legislative action.

COMMITTEE MEETINGS
