MOTIONS

9. **Rescission and Re-Committal of the Provisions of Clauses 2, 3, 4, 5 & 6 of the Raw Materials Research and Development Council Act (Amendment) Bill, 2026 Pursuant to Order Nine Rule 1(6) and Order One (1)(2) of the Standing Orders of the House of Representatives:**
Hon. Francis E. Waive:

The House:

Recalls that the Raw Materials Research and Development Council Act (Amendment) Bill, 2026 was considered and passed by the National Assembly and subsequently transmitted to the President of the Federal Republic of Nigeria for assent;

Notes that following a critical examination of the Raw Materials Research and Development Council Act (Amendment) Bill, 2026 by the Federal Ministry of Justice, certain fundamental issues requiring further legislative actions were identified, thereby prompting the President of the Federal Republic of Nigeria to return the Bill for reconsideration;

Aware that a Technical Committee comprising representatives of the Senate, House of Representatives and legal drafting experts from the Directorate of Legal Services of the National Assembly was constituted to examine and resolve the issues raised in the President's observations;

Cognisant of the need to rescind and re-commit the Provisions of Clauses 2, 3, 4, 5 & 6 of the Raw Materials Research and Development Council Act (Amendment) Bill, 2026.

Resolves to:

rescind its decision on the Provisions of Clauses 2, 3, 4, 5 & 6 of the Raw Materials Research and Development Council Act (Amendment) Bill, 2026 and recommit same to the Committee of the Whole for reconsideration.

10. **Need to Investigate the Central Bank of Nigeria for Alleged Breach of Approved Pension Agreements, Non-Implementation of Harmonization Policy and Exclusion of Pensioners from General Pension Increases:**
Hon. Hussaini Mohammed Jallo:

The House:

Notes that the payment of pensions, approved pension policies, and other retirement entitlements to former employees of the Central Bank of Nigeria (CBN) are causing severe hardship among affected pensioners;

Observes with concern allegations of non-compliance with contractual agreements affecting the pension entitlements and welfare of retired employees of the Central Bank of Nigeria;

Concerned that the alleged non-implementation and faulty execution of the Harmonization Policy may have led to disparities in pension benefits and the accumulation of unpaid arrears, ultimately denying rightful entitlements and imposing severe financial hardship on affected pensioners who depend on these funds for their livelihood;

Also concerned by allegations that certain pensioners have been excluded from general pension increases on the basis of additional or extra-statutory demands that may not align with applicable laws, binding agreements, or duly approved pension policies;

Further concerned that the number of CBN pensioners has declined from 5,104 in 2011 to approximately 3,000 today a reduction of over 2,100 individuals, which represents average loss of 140 pensioners per year and that this mortality rate is likely accelerating as the surviving pensioners advance in age;

Worried that prolonged delays in pension payments can expose elderly and vulnerable retirees to poverty, ill health and avoidable loss of life;

Recognizes that pensioners who have served the nation deserve fairness, transparency, and the timely or promptly payment of all benefits lawfully due to them;

Acknowledges the need for legislative oversight to establish the facts, determine the extent of any breaches or administrative failures, and that all eligible pensioners receive their lawful entitlements;

Resolves to:

(i) urge the Central Bank of Nigeria and other relevant authorities to verify and pay all outstanding arrears lawfully due to affected pensioners within a reasonable and clearly defined period and recommend the extension of applicable general pension increases to eligible pensioners in accordance with the relevant laws;

(ii) invite the Governor of the Central Bank of Nigeria and other relevant officials, together with the appropriate pension administrators, regulators, and representatives of affected pensioners, to provide explanations and submit relevant documentary evidence;

(iii) mandate the Committee on Pension to investigate the alleged:

(a) non-compliance with contractual agreements by the Central Bank of Nigeria concerning the administration and payment of pension benefits to its retired employees, with particular attention to the terms and obligations contained in the relevant agreements;

(b) non-implementation of the Harmonization Policy including the circumstances surrounding its approval, reasons for delay, ascertain the amount of outstanding arrears and consequences for affected pensioners and the exclusion of eligible pensioners from general pension increases based on extra-statutory demands, to determine whether these actions and exclusions comply with applicable laws, contractual obligations, and approved pension policies;

(c) examine relevant documents relating to the Harmonization Policy and general pension increases including contractual agreements, policy circulars, payment records, and actuarial reports to determine responsibility for any established administrative failures or breaches, and recommend appropriate corrective measures, notably the non-discriminatory extension of applicable general pension increases to all eligible pensioners in strict accordance with relevant laws and approved policies and report within four (4) weeks for further legislative action.

11. Need for a Holistic Interactive Session and Oversight of Federal Government MSME Interventions in Nigeria:
Hon. Billy Osawaru:

The House:

Notes that Micro, Small and Medium Enterprises (MSMEs) plays a vital role in Nigeria's economy through job creation, local production, innovation and poverty reduction;

Aware that the Federal Government operates various MSME support programmes through several Ministries, Departments and Agencies, including and other relevant institutions;

Concerned that these interventions may be affected by inadequate coordination, duplication of programmes and limited assessment of their overall impact on MSMEs;

Also concerned that MSMEs has continued to face challenges in accessing affordable finance, appropriate technology, skills development, product certification and sustainable markets;

Recognizes the need to establish how public funds allocated to MSME interventions are utilised and the extent to which these programmes deliver measurable results in enterprise growth, job creation and increased productivity;

Resolves to:

(i) mandate the Committee on Small and Medium Enterprises (SMES) to:

(a) organise interactive session and oversight exercise involving relevant Ministries, Department and Agencies (MDAs), financial institutions, private-sector stakeholders and MSME representatives;

(b) obtain and examine programme-specific information on funding, expenditure, beneficiaries, implementation and measurable outcomes of Federal Government MSME interventions from 2023 to 2026 to date;

(c) assess the effectiveness of these interventions, identify gaps, duplication, and examine the challenges limiting MSME access to government support;

(d) engage MSME stakeholders to obtain first-hand evidence of the impact of government interventions and identify practical measures for improving access to finance, skills, technology and markets;

(e) submit a comprehensive report to the House, with actionable recommendations for improving coordination, accountability and the overall effectiveness of Federal Government MSME interventions within four (4) weeks for further legislative action.
